

Jeremiah Clever Biography

Jeremiah Clever, President, CWA Broadband Apprenticeship Lead-Idaho (Idaho)

Jeremiah Clever is the President of CWA Local 7603 and the Director of the Idaho Fiber Technician Apprenticeship Program (FiTech). Growing up in a small logging town, he developed a strong work ethic and a passion for community service. With a background in welding, auto mechanics, and diesel technology, Jeremiah has dedicated over 12 years to the trucking and logistics industry, working in various capacities, including as a shop foreman and a truck technician. After completing his education at College of Western Idaho (CWI), where he earned his CDL, Jeremiah took on leadership roles in local initiatives to improve infrastructure, bridge skills gaps and support workforce development. Notably, he was instrumental in establishing an ARPA-funded CDL program and has actively mentored aspiring drivers to achieve their career goals.
