

STATE	PROGRAM	RECIPIENT	INVESTMENT TYPE	AMOUNT	RPN NETWORK	DESCRIPTION
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	BARANOF LODGE, LLC	Loan Funds - Guaranteed	\$2,502,320	Southeast Alaska	This Rural Development investment will be used to help Baranof Lodge LLC purchase a hotel located in Sitka, Alaska. This project will create four jobs and save 10 jobs.
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	KETCHIKAN HOTEL OWNER, LLC	Loan Funds - Guaranteed	\$13,750,000	Southeast Alaska	This USDA Rural Development investment will be used to provide refinancing for the Waterfall Resort in Ketchikan on Prince of Wales Island, Alaska. The funds will also be used to purchase more fishing vessels for the lodge. This investment will save 150 jobs. In 1911, the Waterfall Cannery was founded on Prince of Wales Islands western shore, because the surrounding waters were known for phenomenal fishing and epic salmon runs. Salmon were caught in fish traps or in nets, brine-cured, packed in handmade cans, and throughout the United States and Europe. Like most Alaska canneries, this frontier outpost was a self-sufficient community of seasonal workers. At each seasons end, most of the crew departed and Waterfall Cannery shut down until the next summers salmon migration. In 1973, the cannery closed permanently, but Waterfall Resorts operating days are still based on the salmon fishing season and the opportunity to fish is a major attraction for resort guests.
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	PATHFINDER AVIATION, LLC	Loan Funds - Guaranteed	\$1,098,000	Nome	This Rural Development investment will be used to purchase a 2000 Eurocopter A-Star helicopter for Pathfinder Aviation LLC in Nome, Alaska. The companys operations support mining, oil exploration, and firefighting. This investment will create two jobs and save 62 jobs.
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	PATHFINDER AVIATION, LLC	Loan Funds - Guaranteed	\$2,895,000	Nome	This Rural Development investment will be used to restructure debt and increase cash flow for Pathfinder Aviation LLC in Nome, Alaska. The companys operations support mining, oil exploration, and firefighting. This investment will create two jobs and save 62 jobs.
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	GF HC, LLC	Loan Funds - Guaranteed	\$2,939,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Business and Industry Loan Guarantees (B&I) (BP)	ALASKA SEAFOOD HOLDINGS, INC	Loan Funds - Guaranteed	\$2,700,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Community Facilities - Emergency Health Care Grants	SOUTHCENTRAL FOUNDATION	Grant Funds	\$1,000,000	Interior Alaska	This Rural Development investment will be used to construct a health care clinic and provide medical equipment and supplies to deliver primary medical services in Takotna, Alaska. Travel to and from Takotna is conducted via plane on the nearby state-owned 3,300-foot gravel airstrip, and by snow machine, or dogsled during the winter, from McGrath, 17 miles east. Approximately 80 miles of local roads connect Takotna to a former Air Force station, a cargo landing along the river, and mines. The previous health clinic was destroyed by fire, so the community currently relies on a temporary clinic. The nearest hospital is 235 air miles away in Anchorage, Alaska.
Alaska	Community Facilities - Emergency Health Care Grants	NORTON SOUND HEALTH CORPORATION	Grant Funds	\$5,180,000	Nome	This Rural Development investment will be used to construct a regional health care clinic for Norton Sound Health Corporation in the Wales, Alaska. Located 70 miles northwest of Nome on Alaskas west coast, Wales is the westernmost city on the North American mainland. (Adak is actually the westernmost city in Alaska.) The Bering Strait regions people are primarily Alaska Native Inupiaq, Siberian Yupik and Yupik.
Alaska	Community Facilities Grant	SITKA SOUND SCIENCE CENTER	Grant Funds	\$840,000	Southeast Alaska	This Rural Development investment will be used to replace old, dilapidated hatchery structures, improve safety, and increase efficiency of the aquaculture program at the Sitka Sound Science Center, making it more useful for education and salmon rearing and creating more space for research projects. This project received Congressional Directed Spending grant funds for new classrooms and laboratory spaces.
Alaska	Community Facilities Grant	NORTON SOUND HEALTH CORPORATION	Grant Funds	\$2,265,000	Nome	Detailed Project Description Not Available
Alaska	Community Facilities Grant	CRAIG, CITY OF	Grant Funds	\$4,125,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Community Facilities Grant	ALASKA MUNICIPAL LEAGUE	Grant Funds	\$4,023,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Community Facilities Grant	CITY OF NULATO	Grant Funds	\$28,700	Interior Alaska	Detailed Project Description Not Available

Alaska	Community Facilities Grant	ALASKA FAIRBANKS, UNIVERSITY OF	Grant Funds	\$825,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Community Facilities Grant	GUSTAVUS COMMUNITY CENTER	Grant Funds	\$18,110	Southeast Alaska	Detailed Project Description Not Available
Alaska	Direct Loan (Water and Waste)	City & Borough of Wrangell	Loan Funds - Direct	\$1,961,000	Southeast Alaska	This Rural Development investment will be used to provide supplemental funding for water source and distribution improvements in the city and Borough of Wrangell, Alaska.
Alaska	Emergency Community Water Assistance Grant	Circle Native Community	Grant Funds	\$200,000	Interior Alaska	This Rural Development investment will be used to help the community of Circle, Alaska, recover from damage that occurred during a large flood and ice jam in May 2023. When the downtown area was covered with several feet of water and ice, a utilidor that connects the water treatment plant to the community clinic and school was destroyed by flooding. The utilidor runs from the water treatment plant to the clinic, and then from the clinic to the school. This project will repair lightly damaged portions and replace-in-kind other portions of the above ground utilidor.
Alaska	Emergency Community Water Assistance Grant	Koyuk, City Of	Grant Funds	\$395,000	Nome	This Rural Development investment will be used to repair permanent damage to the water distribution system in Koyuk, Alaska. The city of Koyuk experienced cold weather with freeze-up of their community water distribution system in November 2022. Freeze events reoccurred through the winter months resulting in a boil water notice and the need to have drinking water shipped in to the community.
Alaska	Food Supply Chain Guaranteed Loan Program	SAYAK LOGISTICS, LLC	Loan Funds - Guaranteed	\$40,000,000	Southeast Alaska	This Rural Development investment will be used to provide long-term financing for the construction of a commercial fishing tender and processing barge. Sayak Logistics LLC dba Northline Seafoods is based in Sitka, Alaska, and operates primarily in Bristol Bay. The Food Supply Chain program is part of USDA s Build Back Better initiative to strengthen critical supply chains and the food system. The program will support new investments in infrastructure for food aggregation, processing, manufacturing, storage, transportation, wholesaling, and distribution to increase capacity and create a more resilient, diverse, and secure U.S. food supply chain.
Alaska	High Energy Cost Grants	Alaska Village Electric Coop	Grant Funds	\$1,490,000	—	This Rural Development investment will be used to fund a battery energy storage system to be integrated into an existing wind-diesel microgrid serving Toksook Bay, Nightmute and Tununak, Alaska.
Alaska	High Energy Cost Grants	Inside Passage Electric Cooperative, Inc.	Grant Funds	\$1,500,000	<b>Southeast Alaska</b>	This Rural Development investment will be used to fund a diesel generator replacement for Inside Passage Electric Cooperative Inc. Hoonah, Alaska.
Alaska	Intermediary Relending Program (IRP)	SPRUCE ROOT, INC.	Loan Funds - Direct	\$336,732	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$274,448	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$356,713	Interior Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$362,362	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$170,658	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$228,280	Nome	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$232,537	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$294,381	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$393,804	Interior Alaska	Detailed Project Description Not Available

Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$243,698	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$439,092	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$5,472	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$619,298	Southeast Alaska	Detailed Project Description Not Available

Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$242,706	Southeast Alaska	Detailed Project Description Not Available
Alaska	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$5,472	Southeast Alaska	Detailed Project Description Not Available
Alaska	Native Community Development Financial Institution Relending Demonstration Program	Name Withheld	Loan Funds - Direct	\$1,000,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Native Community Development Financial Institution Relending Demonstration Program	Name Withheld	Loan Funds - Direct	\$876,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$1,271,140	Interior Alaska	This Rural Development investment will be used to provide well and wastewater treatment systems for unserved and partially served homes in Rampart, Alaska. The residential sewage treatment plant units include an insulated heavy-duty plastic wastewater tank with a three-stage wastewater treatment system that will be installed on a timber foundation outside the home.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$629,646	Southeast Alaska	This Rural Development investment will be used to improve the wastewater treatment plant, wastewater lagoon, and several lift stations serving Yakutat, Alaska. The project will improve the Cannery, Jensen, Sunrise, and Old Village lift stations and combine the Elementary and School lift stations.
Alaska	Rural Alaskan Village Grant (construction)	State of Alaska Department of Environmental Conservation	Grant Funds	\$2,082,723	Interior Alaska	This Rural Development investment will be used to replace the septic tank effluent pumping systems tanks, demolish and properly dispose of the used tanks, purchase a new pumper truck, add solar-powered surface mixers and miscellaneous yard improvements at the treatment plant, and improve the blower houses electrical, HVAC, and piping equipment.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$2,058,750	Interior Alaska	This Rural Development investment will be used to construct individual wells, and install packaged wastewater treatment systems and interior plumbing in eight homes in Rampart, Alaska.

Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$1,851,104	Southeast Alaska	This Rural Development investment will be used to complete sewer lift stations in Yakutat, Alaska.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$383,486	Southeast Alaska	This Rural Development investment will be used improve the sewage collection system in Hydaburg, Alaska. The project includes replacing four South Main Street settling tanks with larger tanks designed for community-wide sewage collection, installing an effluent pump station downstream of the tanks to pump effluent through the southern outfall, and performing cleanup and restoration of the lagoon.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$622,500	Interior Alaska	This Rural Development investment will be used to improve the water distribution system in the community of Galena, Alaska. The project will replace a buried water main with HDPE arctic pipe, and add 14 fire hydrants, and nine gate valves. The new water main will replace 39 water service lines and add three water service line connections for unserved homes. Water service arctic boxes will be removed.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$44,296	Interior Alaska	This Rural Development investment will be used to help the community of Alatna, Alaska, repair their failing sewer lagoon.
Alaska	Rural Alaskan Village Grant (construction)	State of Alaska Department of Environmental Conservation	Grant Funds	\$4,001,042	Southeast Alaska	This Rural Development investment will be used to assist the community of Thorne Bay, Alaska, to design and construct replacement of mechanical, electrical and control systems in four lift stations, reconstruct 40 manholes, and seal an additional 70 manholes with hydrophobic foam sealant.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$39,000.00	<b>Southeast Alaska</b>	This Rural Development investment will be used to fund a Preliminary Engineering Report (PER) Technical Memo for the community of Pelican, Alaska. The State of Alaska's Department of Environmental Conservation Village Safe Water Program will complete the report, which will evaluate wastewater treatment alternatives for homes in the Mussel Heights subdivision. An Environmental Report will also be prepared for the selected alternative.
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$1,200,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (construction)	Alaska Native Tribal Health Consortium	Grant Funds	\$1,506,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$66,375	Interior Alaska	This Rural Development investment will be used to complete preliminary engineering and environmental reports for a community landfill in Tanacross, Alaska.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$66,375	Interior Alaska	This Rural Development investment will be used to complete preliminary engineering and environmental reports to explore options for a new solid waste facility in Ruby, Alaska.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$177,000	—	This Rural Development investment will be used to fund a Preliminary Engineering Report (PER) for the community of Port Lions, Alaska. The Alaska Native Tribal Health Consortium will complete the report to evaluate alternatives for a full-scale rehabilitation or replacement of the impoundment structure and reservoir, leading to a capital project based on the recommended alternative. The report will include a hydrology study, geotechnical study, and reservoir assessment. An Environmental Report will be completed for the selected alternative.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$150,000	Southeast Alaska	This Rural Development investment will be used to complete a comprehensive condition assessment of the sanitary sewer gravity collection system of the sewer mains and manholes in Yakutat, Alaska. The assessment will include video camera inspections, engineering planning to identify deficiencies, rehabilitation, and replacement alternatives for future capital projects. A report will summarize the conditions of the sanitary sewer system, the results of the inspection, and present rehabilitation and replacement options.

Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$89,400	Interior Alaska	This Rural Development investment will be used to prepare a preliminary engineering report to examine options to replace and repair the elements of the waste water treatment and sewer systems in Nenana, Alaska. This report will examine various replacement options for the sewer mains and identify replacement of components of the systems that have failed. The report will examine layout options for sewer in order to allow for efficient distribution and capacity for future service lines. A leak analysis and infiltration study will be performed. The report will include a cost estimate for construction, environmental requirements, and three alternatives to meet Indian Health Service and other funding agency requirements.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$93,150	Interior Alaska	This Rural Development investment will be used to prepare a preliminary engineering report for a sewer system to serve homes in a new subdivision in Huslia, Alaska. This report would analyze various options for the twelve new homes and identify sizing requirements for any new systems as other homes are relocated to the subdivision. Geotechnical analysis of representative conditions for the homes and potential lagoon sites will be conducted in order to determine viability of sewage disposal. The report will include a certified cost estimate for construction, environmental requirements, and three alternatives to meet IHS and other funding agency requirements.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$56,250	Interior Alaska	This Rural Development investment will be used to complete a preliminary engineering report (PER) to examine alternatives for solid waste disposal, including a new landfill site.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$67,500	Interior Alaska	This Rural Development investment will be used to develop a preliminary engineering report and environmental report for a new landfill in the community of Rampart.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,375	Nome	This Rural Development investment will be used to help the City of Shaktoolik develop a preliminary engineering report and an environmental report to evaluate options to replace failing septic tanks and absorption systems.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,375	Interior Alaska	This Rural Development investment will be used to help the city of Anderson develop a preliminary engineering report and an environmental report to evaluate options to address freezing, filtration, backup, and overflow issues associated with the wastewater collection system.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$101,250	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,000	Southeast Alaska	This Rural Development investment will be used to assist the city of Coffman Cove in developing a preliminary engineering report and environmental report to evaluate alternatives for rehabilitating or replacing the water intake system.
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,000	Nome	This Rural Development investment will be used to assist the community of Shaktoolik in developing a preliminary engineering report and environmental report to evaluate alternatives for addressing water distribution system deficiencies.

Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$94,659	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$66,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$114,000	Nome	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$234,000	Nome	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$120,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	Alaska Native Tribal Health Consortium	Grant Funds	\$99,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$75,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$75,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Alaskan Village Grant (Pre-Planning Grant)	State of Alaska Department of Environmental Conservation	Grant Funds	\$265,000	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Business Development Grants (RBDG)	SKAGWAY DEVELOPMENT CORPORATION CDS	Grant Funds	\$17,698	Southeast Alaska	This Rural Development investment will be used to provide financial and technical assistance to create an industry and infrastructure report that includes asset and transportation network maps for Skagway, Alaska. This project will save one job. It will assist one business.
Alaska	Rural Business Development Grants (RBDG)	JUNEAU ECONOMIC DEVELOPMENT COUNCIL	Grant Funds	\$40,000	Southeast Alaska	This Rural Development investment will be used to provide technical assistance to expand the local frequency shopping rewards program to businesses in Haines, Alaska, and Petersburg, Alaska. This project will create one job and save one job. It will assist 28 businesses.
Alaska	Rural Business Development Grants (RBDG)	DENALI BOROUGH	Grant Funds	\$91,820	Interior Alaska	This Rural Development investment will be used to fund the installation of street signs in the Denali Borough. This project will assist 75 small business and save 400 jobs.
Alaska	Rural Business Economic Grant	SPRUCE ROOT, INC.	Grant Funds	\$99,000	Southeast Alaska	This Rural Development investment will be used to provide technical assistance for small businesses through one-on-one coaching, career development, event design and facilitation, financial literacy, and cohort-based business development activities in Southeast Alaska. The total project cost is \$99,000, supplemented by \$400,000 in matching funds by the applicant.
Alaska	Rural Business Economic Grant	SOUTHEAST CONFERENCE	Grant Funds	\$51,780	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ALASKA AUTO RENTAL INC.	Grant Funds	\$19,895	Interior Alaska	This Rural Development investment will be used to help Alaska Auto Rental Inc install a 20.88-kilowatt (kW) photovoltaic (PV) system on its car rental building in Fairbanks, Alaska. This company has been in business for 10 years. The new system is expected to generate 23,966 kilowatt hours (kWh) in electrical usage per year.

Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DIESEL DOCTOR, THE	Grant Funds	\$15,785	Interior Alaska	This Rural Development investment will be used to help The Gas & Diesel Doctor auto repair shop install a 30.45-kilowatt (kW) photovoltaic (PV) system in Fairbanks, Alaska. This company has been in business for 32 years. The new system is expected to generate 30,788 kilowatt hours (kWh) in electrical usage per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LAWRIE, BENJAMIN	Grant Funds	\$19,748	Southeast Alaska	This Rural Development investment will be used to help Benjamin Lawrie install an energy-efficient freezer on the commercial fishing vessel Mindalina in Sitka, Alaska. Mr. Lawrie has commercially fished in Alaska for the past 20 years. This project is expected to lower the Mindalinas energy use by 51 percent and save 44,930 kilowatt hours (kWh) of electricity per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HAWKS FARM AND GARDEN CENTER, INC.	Grant Funds	\$5,181	Interior Alaska	This Rural Development investment will be used to help Hawks Farm and Garden Center Inc. install a 13.5-kilowatt (kW) photovoltaic (PV) system at its family-operated farm in North Pole, Alaska. The new system is expected to save the company \$3,549 in electrical costs per year and will generate 15,294 kilowatt hours per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RED COUCH LLC	Grant Funds	\$15,807	Interior Alaska	This Rural Development investment will be used to help Red Couch LLC install a 13.86-kilowatt (kW) photovoltaic (PV) system for its eat-in bakery in Fairbanks, Alaska. This company has been in business for 13 years. The new system is expected to generate 14,014 kilowatt hours (kWh) in electrical usage per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	A TASTE OF ALASKA LODGE, LLC	Grant Funds	\$17,706	Interior Alaska	This Rural Development investment will be used to help A Taste of Alaska Lodge LLC install a 7.83-kilowatt (kW) photovoltaic (PV) ground-mounted system in Fairbanks, Alaska. This lodge has been operating since 1992. The new system is expected to replace 23 percent of the companys annual energy use.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NORTHERN HONEY	Grant Funds	\$32,000	Interior Alaska	This Rural Development investment will be used to help Northern Honey install a 17.1-kilowatt photovoltaic system on its farm located in Delta Junction, Alaska. This company has been in business for six years. The new system is expected to generate 20,026 kilowatt hours per year, which is enough energy to power two homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	OTTER DENTAL	Grant Funds	\$31,815	Interior Alaska	This Rural Development investment will be used to install a 27.65 kilowatt (kW) photovoltaic system on a dental building. Otter Dental has provided dental services to the residents of Fairbanks, Alaska, for seven years. The new system is expected to generate 32,523 kilowatt hours (kWh) per year, which is enough energy to power three homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ALASKA AUTO RENTAL INC.	Grant Funds	\$126,956	Interior Alaska	This Rural Development investment will be used to help Alaska Auto Rental Inc install a 90.97 kilowatt (kW) photovoltaic system on its auto rental facilities in Fairbanks, Alaska. This company has provided a wide range of automotive services to northern Alaska for the past 12 years. The new system is expected to generate 105,233 kilowatt hours (kWh) per year, which is enough energy to power nine homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RED STRENGTH LLC	Grant Funds	\$18,267	Interior Alaska	This Rural Development investment will be used to help RED Strength LLC install a 14.08-kilowatt photovoltaic system a gym in North Pole, Alaska. RED is an acronym for Recover, Enhance, Develop and the company has been in business for four years since its owner recovered from his own injury and opened the facility so Alaskan can access a place where "exercise is medicine."

Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NUGGET PUBLISHING CORPORATION	Grant Funds	\$17,429	Nome	This Rural Development investment will be used to help Nugget Publishing Corporation make energy efficient upgrades to its building in Nome, Alaska. The Nome Nugget newspaper is the oldest newspaper in Alaska, established in 1897. This project is expected to save this business \$10,926 in energy costs per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LEONARDS LANDING LODGE, INC.	Grant Funds	\$45,831	Southeast Alaska	This Rural Development investment will be used to help Leonards Landing Lodge Inc. install a 28.17 kilowatt (kW) photovoltaic solar system for a lodge in Yakutat, Alaska. The system will offset power purchased from the local utility and is estimated to produce 22,600 kilowatt hours (kWh) per year, which is enough electricity to power about two homes for one year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	FRONTIER PARTNERS, LLC	Grant Funds	\$122,600	Interior Alaska	This Rural Development investment will be used to help Frontier Partners LLC install a 100-kilowatt photovoltaic solar system on the Frontier Assisted Living Facility located in Fairbanks, Alaska. The system will offset power purchased from the local utility and is estimated to produce 93,354 kWh per year, which is enough electricity to power about eight homes for one year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RONI, LLC	Grant Funds	\$67,952	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HOPE PROPERTIES LLC	Grant Funds	\$17,775	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	AURORA ANIMAL CARE, INC.	Grant Funds	\$62,012	Interior Alaska	This Rural Development investment will help Aurora Animal Care Inc., an animal hospital in Fairbanks, Alaska, install a 31.95-kilowatt roof-mounted solar photovoltaic array. This project is expected to save \$16,430 per year. It will replace 32,797 kilowatt-hours annually, which is 56 percent of the companys energy use?enough energy to power 4.5 homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ANVIL CREEK LODGE LLC	Grant Funds	\$40,000	Nome	This Rural Development investment will be used to help Anvil Creek Lodge install a 9-kilowatt (kW) roof-mounted solar array with battery energy storage in Nome. The project is expected to save \$6,022 annually and will replace 10,950 kilowatt-hours (kWh) per year.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BBL HYDRO INC	Grant Funds	\$112,291	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DAYLIGHT ENERGY SERVICES LLC	Grant Funds	\$34,800	Interior Alaska	Detailed Project Description Not Available

Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	AP&T WIRELESS INC	Grant Funds	\$115,925	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	GENE'S, INC.	Grant Funds	\$458,063	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	INNER CREATIONS LLC	Grant Funds	\$39,977	Interior Alaska	This Rural Development investment will be used to help Inner Creations LLC, a welding and metal working shop near Fairbanks, Alaska, install a new roof mounted solar PV system. This project is expected to save \$5,419 per year. It will replace 16,888 kilowatt hours (kWh) (90 percent of the companys energy use) per year, which is enough energy to power 1.5 homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SHANGRI-LA CABINS LLC	Grant Funds	\$15,764	Interior Alaska	This Rural Development investment will be used to add a 4.8-kilowatt (kW) solar photovoltaic (PV) array to the existing 3.8-kW solar system, along with a 10-kilowatt-hour (kWh) battery backup at Shangri-La Cabins, a bed and breakfast in Galena, Alaska. The system is estimated to produce up to 4,270 kilowatt hours (kWh) annually, enough to power one home per year and offset some operating costs.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	FRISKE, LLC	Grant Funds	\$39,835	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NUGGET PUBLISHING CORPORATION	Grant Funds	\$81,851	Nome	This Rural Development investment will be used to help Nugget Publishing Corp. re-level and weatherize its building. Nugget publishing is a Newspaper publisher in Nome, Alaska, The project is expected to save \$3,730 annually and reduce the buildings energy use by 43 percent per year, enough to power two homes.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	METROPOLITAN GARAGE LLC	Grant Funds	\$41,021	Interior Alaska	This Rural Development investment will be used to help Metropolitan Garage LLC install a 24.8 kilowatt (kW) roof-mounted solar panel system in Fairbanks, Alaska. Metropolitan Garage has been in operation for over 20 years.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	PEAK ENGINEERING LLC DBA AK TIMBER&TRUSS	Grant Funds	\$99,505	Southeast Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CLEAR SKIES, LLC	Grant Funds	\$46,877	Interior Alaska	This Rural Development investment will help Clear Skies LLC, an aviation business in Fairbanks, Alaska, install an 18.96-kilowatt solar photovoltaic array with battery energy storage. This project is expected to save \$15,902 per year. It will replace 16,000 kilowatt-hours annually, which is 28 percent of the company?s energy use?enough to power 2.2 homes.

Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ARCTIC WILD LLC	Grant Funds	\$22,413	Interior Alaska	This Rural Development investment will be used to help Arctic Wild LLC install a 10.2 kilowatt (kW) photovoltaic solar system in Fairbanks, Alaska. Arctic Wild LLC is a family-owned wilderness guiding company.
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	C & R PIPE & STEEL, INC	Grant Funds	\$196,625	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	JMD INVESTMENTS LLC	Grant Funds	\$38,400	Interior Alaska	Detailed Project Description Not Available
Alaska	Rural Energy for America Technical Assistance Grant Program	INFORMATION INSIGHTS INC.	Grant Funds	\$166,655	Interior Alaska	This Rural Development investment will be used to help Information Insights Inc. serve the technical assistance needs of rural communities across Alaska by targeting underutilized technologies.
Alaska	Rural Energy Pilot Program (REPP)	NENANA, CITY OF	Grant Funds	\$605,521	Interior Alaska	This Rural Development investment will be used to help offset the costs to purchase a woodchipper complete with associated conveyors, motors, and stationary equipment. The new woodchipper will help the City of Nenanas biomass district maintain a community scale distributed renewable energy system.
Alaska	SEARCH - Special Evaluation Assistance for Rural Communities and Households Grant	Kasaan, City of	Grant Funds	\$65,000	Southeast Alaska	This Rural Development investment will be used to prepare a preliminary engineering report for alternatives to the communitys primary water source in Kasaan, Alaska. Kasaans current water source is an impound with a reinforced concrete dam, a wooden stoplog weir spillway, a concrete intake box and screen, and a steel walkway leading to a steel slide gate on the opposite bank from the access road. An access road extends 550-feet from an old water storage tank to the dam and has one bridge crossing. The access road washes out during the high rain season. The community is seeking an alternative to their existing primary water source to provide more reliable, safer access to water for 49 people.

Alaska	Socially-Disadvantaged Group Grants	TANANA CHIEFS CONFERENCE	Grant Funds	\$173,381	Interior Alaska	This Rural Development investment will be used to provide technical assistance to 33 of the 37 Tribes that belong to Tanana Chiefs Conference in Alaskas Interior. A housing study for elders and patients, a technical and business plan for a community solar facility, and a business plan and feasibility analysis for a remote electrical grid will help Tanana Chiefs Conference develop a strategic plan for the Yukon-Koyukuk Region.

Alaska	Solid Waste Management Grant	Norton Sound Health Corporation	Grant Funds	\$136,100	Nome	This Rural Development investment will be used to increase capacity by providing three solid waste management workshops and conducting 16 environmental assessments of solid waste sites near the Norton Sound on Alaskas western coast. Solid waste managers and operators will have the opportunity to attend the workshops. The environmental assessment will focus on contamination threats to water and air. Leadership and utility managers in Wales, Shishmaref, Gambell, Savoonga, and Shaktoolik will develop sustainable Solid Waste Management Plans.
Alaska	Solid Waste Management Grant	State of Alaska Department of Environmental Conservation	Grant Funds	\$82,900	Southeast Alaska	This Rural Development investment will be used to evaluate the solid waste deficiencies and needs of seven rural Alaskan communities, then provide technical assistance to landfill operators, community leaders, and residents to identify improvements to their solid waste management systems. The investment will also provide technical assistance in establishing collection programs to address the contamination of drinking and surface water by emerging contaminants, including per- and polyfluoroalkyl substances (PFAS). Additional technical assistance will be provided to help communities develop and maintain financial sustainability of their solid waste management systems.
Alaska	Solid Waste Management Grant	Norton Sound Health Corporation	Grant Funds	\$176,000	Nome	This Rural Development investment will be used to support two solid waste management workshops near Nome, Alaska. Participants from 16 communities will learn to conduct environmental assessments of solid waste sites, focusing on contamination threats to water resources and air quality.
Alaska	Solid Waste Management Grant	Norton Sound Health Corporation	Grant Funds	\$224,000	Nome	Detailed Project Description Not Available
Alaska	Technical Assistance and Training Grant (Water and Waste Programs)	Tanana Chiefs Conference	Grant Funds	\$197,700	Interior Alaska	This Rural Development investment will be used to improve sustainability and buildcapacity for the management, operation, and maintenance of rural water and sanitation infrastructure. With this grant, Tanana Chiefs Conference will provide five classroom trainings in Fairbanks, or in a surrounding road service community, to 60-75 water operators, utility managers, and council members from rural interior villages.
Alaska	Technical Assistance and Training Grant (Water and Waste Programs)	Tanana Chiefs Conference	Grant Funds	\$206,100	Interior Alaska	This Rural Development investment will be used to help prevent catastrophic failure of water and sewer systems in Interior Alaska. Increasing the number of villages with trained and certified primary and backup water treatment operators, reducing operator turnover, and implementing preventative maintenance plans can help communities identify problems before they become emergencies.
Alaska	Technical Assistance and Training Grant (Water and Waste Programs)	Alaska Municipal League	Grant Funds	\$250,400	Southeast Alaska	This Rural Development investment will be used to support 10 local governments eligible considered unserved or underserved. Alaska Municipal League will help participating communities improve their management and controls.
Alaska	Technical Assistance and Training Grants (Community Facilities)	ALASKA MUNICIPAL LEAGUE	Grant Funds	\$47,903	Southeast Alaska	Detailed Project Description Not Available
Alaska	Value Added Producer Grants (VAPG)	BARNACLE, LLC	Grant Funds	\$125,000	Southeast Alaska	This Rural Development investment will be used to help Barnacle LLC, a Southeast Alaskan-based kelp harvester, produce two new shelf stable products, kelp hot sauce and kelp chili crisp. Barnacle LLC has successfully utilized \$204,550 in previous Rural Development grants to produce value-added kelp products for local distribution and along the west coast. They are partnering with specialty foods brokers to help expand their opportunities with larger scale accounts and plan to distribute their products nationwide.
Alaska	Water and Waste Disposal Grant	Kasaan, City of	Grant Funds	\$1,050,000	Southeast Alaska	This Rural Development investment will be used to replace a bridge and improve infrastructure in Kasaan, Alaska. The project will include improving the existing intake by building a new rock bypass structure, reconstructing the access road with a drainage design from the bridge to the intake, and replacing the bridge with one made of prefabricated modular steel.

Alaska	Water and Waste Disposal Grant	City of Nulato	Grant Funds	\$1,000,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Water and Waste Disposal Grant	Ruby, City of	Grant Funds	\$525,000	Interior Alaska	Detailed Project Description Not Available
Alaska	Water and Waste Disposal Predevelopment Planning Grant	City & Borough of Yakutat	Grant Funds	\$56,250	Southeast Alaska	This Rural Development investment will be used to prepare a preliminary engineering report and environmental report for expanding their landfill by opening two more cells, improving storm water management, and constructing a building for storing equipment and sorting garbage.
Alaska	Water and Waste Disposal Predevelopment Planning Grant	Nulato Village	Grant Funds	\$39,000	Interior Alaska	This Rural Development investment will be used to help the Nulato Tribal Council obtain a Preliminary Engineering Report and Environmental Report in Nulato, Alaska. These documents will provide options for extending the water and sewer mains to the Village Public Safety Officers residence, a womens shelter residence, and a multipurpose community building that houses the public works offices. Nulato is located on the west bank of the Yukon River, 35 miles west of Galena and 310 air miles west of Fairbanks. Nulato residents are predominantly Koyukon Athabascans, with a trapping and subsistence lifestyle.
Arizona	Distance Learning and Telemedicine Grants	Cobre Valley Regional Medical Center	Grant Funds	\$817,463	<b>San Carlos Apache Tribe</b>	This Rural Development investment will be used to expand a telemedicine network in five hub/end-user sites in Gila and Pinal counties in Arizona. Telemedicine equipment will be added to Cobre Valley Regional Medical Center (CVRMC) hospital inpatient rooms and clinic patient rooms to support live telemedicine services for patients. The expansion of the telemedicine network will enable CVRMC to deliver high quality chronic care management, preventive care services, opioid and other drug treatment and health education benefiting 13,429 individuals.
Arizona	Housing Preservation Grant	Pima County	Grant Funds	\$75,727.00	<b>San Carlos Apache Tribe</b>	This Rural Development investment will be used to finance the two-year term repair and rehabilitation of five units throughout Pima County, Arizona.
Arizona	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$253,486	Cocopah Indian Tribe	Detailed Project Description Not Available
Arizona	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$220,833	Cocopah Indian Tribe	Detailed Project Description Not Available
Arizona	Rural Energy Savings Program	Trico Electric Coop	Loan Funds	\$10,000,000	<b>San Carlos Apache Tribe</b>	This Rural Development investment will be used to finance a relending program to qualified consumers who will implement energy efficiency measures for or at property served by qualified consumers. Trico is headquartered in Marana, Arizona serving an average of 52,952 members surrounding the city of Tucson, including portions of Pima, <b>Pinal</b> , and Santa Cruz counties.
Arizona	SEARCH - Special Evaluation Assistance for Rural Communities and Households	Wild Flower Water Co-Op	Grant Funds	\$30,000	<b>San Carlos Apache Tribe</b>	This Rural Development investment will be used to provide the resources for the Preliminary Engineering Report to address the issues associated with their aging water system. Wildflower Water Co-op serves the rural areas surrounding Tucson in Pima County, Arizona.

Arizona	Water and Waste Disposal Technical Assistance and Training Grants	Inter Tribal Council Of Arizona Inc	Grant Funds	\$600,000.00	<b>San Carlos Apache Tribe</b>	This Rural Development investment will be used to provide technical assistance and training to Tribal water utilities, to address compliance with federal regulations and strengthen resiliency of operation.

DC, Minnesota, Washington, Wisconsin	Rural Cooperative Development Grants	Cooperative Development Foundation	Grant Funds	\$200,000.00	—	This Rural Development Investment will be used to assist with existing and new health care cooperatives in multiple states with enhanced technical assistance capacity, building partnerships that create cooperative solutions, raise awareness of the role cooperatives play in our national economy, host conferences, and compile and analyze data. This will build the capacity of home care worker-owners, extend home care cooperatives in rural area, and foster research and resources to make cooperatives a dominant force in home care.
Georgia	Community Facilities Grants	BLAKELY, CITY OF	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a garbage truck for the sanitation department. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993.
Georgia	Community Facilities Grants	BLAKELY, CITY OF	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a garbage truck for the sanitation department. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993.
Georgia	Community Facilities Grants	BEN HILL COUNTY BOARD OF EDUCATION	Grant Funds	\$25,000	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase STEM software for Ben Hill Middle School students called SuccessMaker Tier3 intervention with enVisionMath. This science, technology, engineering and math software will help the children increase their math skills and includes an interactive learning game that develops memory, teamwork, creativity, and social skills of young students.
Georgia	Community Facilities Grants	BEN HILL COUNTY BOARD OF EDUCATION	Grant Funds	\$25,000	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase 33 new 36-bay pre-wired USB-C charging carts for use in the Ben Hill County middle school classrooms in Fitzgerald, Georgia. The use of these charging carts will increase classroom management and reduce the damage to student devices currently occurring when students transport their devices between home and school. The city of Fitzgerald has a population of 8,943 with a county median household income of \$30,134 based on the 2010 Census Data and 2006-2010 American Community Survey Data. The Ben Hill County Board of Education is in Fitzgerald, Georgia. The city of Fitzgerald has a population of 8,943 with a county median household income of \$30,134 based on the 2010 Census Data and 2006-2010 American Community Survey Data.
Georgia	Community Facilities Grants	BEN HILL COUNTY BOARD OF EDUCATION	Grant Funds	\$50,000	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase a new galvanized steel frame greenhouse for the Fitzgerald High School College and Career Academy students. This project will enable students to receive nutrition, agriculture, science and environmental instruction.
Georgia	Community Facilities Grants	BAKER COUNTY BOARD OF COMMISSIONERS	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase two fully equipped patrol vehicles for the countys sheriffs department. The department is currently using vehicles with high mileage and maintenance issues and this project will provide a safer and more efficient way to protect and serve the community
Georgia	Community Facilities Grants	EMANUEL COUNTY BOARD OF COMMISSIONERS	Grant Funds	\$10,450	Emanuel County & City of Twin City	This Rural Development investment will be used to purchase a drone and 14 tire deflation systems for the law enforcement office. Currently, the office does not have a drone or tire deflation systems. These systems are needed to ensure the public safety within Emanuel County.
Georgia	Community Facilities Grants	EARLY COUNTY BOC	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase heavy duty equipment for the county airport. The equipment is needed to keep the airfields mowed and manicured to the precise cutting height required by the Civil Aviation Authority. The existing equipment has reached the end of its useful life.
Georgia	Community Facilities Grants	ARLINGTON, CITY OF	Grant Funds	\$37,500	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase one fully equipped patrol vehicle for the citys police department. This project will replace a law enforcement vehicle with high mileage that has required costly repairs.
Georgia	Community Facilities Grants	WORTH COUNTY	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase four consoles for the countys E-911 system. These consoles will replace the current equipment which is outdated and provide the citizens of Worth County dependable 911 service for emergency situations.

Georgia	Community Facilities Grants	WORTH COUNTY	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase four vehicles for the countys law enforcement department. Worth County Board of Commissioners is located in Sylvester, Georgia.
Georgia	Community Facilities Grants	WORTH COUNTY	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a fire truck for the fire department and replace an older unit with high mileage requiring ongoing costly maintenance. The project will replace the existing fire truck used by the Fire & Rescue Department and provide improved service to the community.
Georgia	Community Facilities Grants	WARWICK, CITY OF	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be utilized to purchase two fully equipped patrol vehicles for the citys law enforcement department.The current fleet of vehicles are used in a much more demanding way than the average vehicle and are currently beyond in need of replacement and constant repairs.
Georgia	Community Facilities Grants	FITZGERALD, CITY OF	Grant Funds	\$25,000	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase a fire truck for the citys fire department. The current fire truck needs replacement, can no longer be repaired, and is expected to last only a bit longer. In a fire emergency, the current vehicle in its existing state could affect emergency response times. This project will help provide appropriate support and service to the citys residents.
Georgia	Community Facilities Grants	CITY OF TWIN CITY	Grant Funds	\$25,000	Emanuel County & City of Twin City	This Rural Development investment will be used to purchase two law enforcement patrol vehicles for the Twin City Police Department. Twin City is located in Emanuel County, Georgia with an approximate population of 1,742. Emanuel County is one of Georgias persistent poverty, distressed, and disaster impacted counties. This project will help improve public safety services to the community.
Georgia	Community Facilities Grants	BLAKELY, CITY OF	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be utilized to purchase two fully appointed patrol vehicles for city law enforcement. The older model vehicles are no longer reliable for officers to use and maintenance cost are budget prohibitive. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993 (5068-75 Prison Population) and a Median Household Income (MHI) of \$22,154 based on the 2010 Census Data and 2006-2010 American Community Survey Data. Early County is considered to be a Tier 1 County by the Georgia Department of Community Affairs and a persistent poverty county. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993 (5068-75 Prison Population) and a Median Household Income (MHI) of \$22,154 based on the 2010 Census Data and 2006-2010 American Community Survey Data. Early County is considered to be a Tier 1 County by the Georgia Department of Community Affairs and a persistent poverty county.
Georgia	Community Facilities Grants	BLAKELY, CITY OF	Grant Funds	\$25,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase various public works equipment including chain saws, blowers, weed trimmers, zero turn lawn mower and a mini excavator. The equipment is needed for the care and upkeep of the city.
Georgia	Community Facilities Grants	BEN HILL COUNTY BOARD OF EDUCATION	Grant Funds	\$21,600	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase 13 metal detectors for the Fitzgerald High School and Career Academy, Ben Hill Middle School, and for the entrance way of sports events. The metal detectors will aid in the day-to-day security and operations that support and protect the students, teachers, staff, and the public.
Georgia	Community Facilities Grants	EMANUEL COUNTY BOARD OF COMMISSIONERS	Grant Funds	\$25,000	Emanuel County & City of Twin City	This Rural Development investment will be used to purchase 54 self-contained breathing apparatus (SCBA). SCBA is a device worn to provide breathable air in environments with oxygen deficiency, smoke, dangerous gases, and other airborne contaminants that may be otherwise dangerous to breathe.

Georgia	Community Facilities Grants	FLINT RIVER FRESH, INC.	Grant Funds	\$299,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase machinery, vehicles, and equipment to expand Flint River Fresh Inc.s mission and to reach more consumers and producers in Dougherty County. Flint River Fresh Inc. is a non-profit organization located in Albany, which is considered to be a distressed community within Dougherty, a persistent poverty county. Flint River Fresh is affiliated with the Flint River Soil and Water Conservation District. Flint River Fresh was formed in 2017 to address food insecurity in Albany and Dougherty County. It addresses this issue through education, outreach, and increased access to fresh food. Flint River Fresh assists both producers and consumers.
Georgia	Community Facilities Grants	MILLER COUNTY BOARD OF COMMISSIONERS	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase heavy equipment (e.g. tractor and mower) for Miller Countys Road Department. The department is currently using an aged tractor and rotary mower. Miller County Board of Commissioners is located in Colquitt, Georgia. The county has a population of 6,125 based on the 2010 Census and a median household income of \$33,196 based on the 2006-2010 American Community Survey. Miller County has been designated a Georgia Disaster County due to Hurricane Michael.
Georgia	Community Facilities Grants	EARLY COUNTY BOC	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be utilized to purchase accounting program software, computers, record retention storage and radios for the jail. The County is currently using a 25 year old accounting program with very little capabilities. Record retention is required by law for county records and each department is responsible for housing all records until the time of destruction. The jail radio system is used for communication between all jailers when processing inmates. Early County is located in the southwest corner of the State near the Georgia, Florida, and Alabama State Lines. Early County is considered to be a persistent poverty county.
Georgia	Community Facilities Grants	EARLY COUNTY BOC	Grant Funds	\$23,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a biometric time clock available to all county employees. Biometrics offers considerable advantages over analog time clock systems such as punch cards or keycards, and it can improve accuracy, efficiency, and security. Early County is located in the southwest corner of the state near the Georgia, Florida, and Alabama state lines. Early County is considered to be a persistent poverty county. The population is 11,008 based on the 2010 census.
Georgia	Community Facilities Grants	EARLY COUNTY BOC	Grant Funds	\$50,000	Southwest Georgia Regional Commission	This Rural Development investment will be utilized to purchase a Mower Max Boom for the Public Works Department. This mower will be used to maintain rights of way, cleaning around bridges, maintain all ditches and side brush. Early County is located in the southwest corner of the State near the Georgia, Florida, and Alabama State Lines. Early County is considered to be a persistent poverty county. The population is 11,008 based on the 2010 Census. The MHI is \$26,928 according to the 2006-2010 ACS data. This is below the current poverty guideline. Also, according to the ACS data, 28.9% of the population lives below poverty.
Georgia	Community Facilities Grants	EARLY COUNTY BOC	Grant Funds	\$45,685	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase two fully equipped patrol vehicles to update the current fleet for the county law enforcement agency. The Early County Sheriffs Department currently have multiple vehicles with high mileage and excessive engine hours, which pose a safety concern. Early County is located in the southwest corner of the state near the Georgia, Florida, and Alabama state lines. Early County is considered to be a persistent poverty county. This project will assist public safety initiatives in this county.
Georgia	Community Facilities Grants	ARLINGTON, CITY OF	Grant Funds	\$31,450	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a fire truck for the citys fire department. The purchase is a used vehicle which is in excellent mechanical condition and will be a great asset for the citizens of Arlington.

Georgia	Community Facilities Grants	WARWICK, CITY OF	Grant Funds	\$25,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase two vehicle tag readers for the city's law enforcement department. The automatic license plate readers will capture computer-readable images of license plates. These high-tech devices will allow law enforcement agencies to compare plate numbers against those of stolen cars or cars driven by people suspected of being involved in criminal activities. The system selected is a solar powered Vigilant Solutions package.
Georgia	Decentralized Water Systems Grant	Golden Triangle Resource Conservation and Development Area, Inc.	Grant Funds	\$222,081	Southwest Georgia Regional Commission	This Rural Development investment will be used to create a statewide Household Water Well Revolving Loan Fund to provide direct loan financing for eligible individual households in rural communities.
Georgia	Decentralized Water Systems Grant	Golden Triangle Resource Conservation and Development Area, Inc.	Grant Funds	\$198,303	Southwest Georgia Regional Commission	This Rural Development investment will be used by Golden Triangle Resource Conservation and Development Council (RC&D) to create revolving loan fund to provide low-cost loan financing. Funds will be used to construct, refurbish, rehabilitate and replace water wells and septic systems in 18 counties.
Georgia	Decentralized Water Systems Grant	Golden Triangle Resource Conservation and Development Area, Inc.	Grant Funds	\$239,233	Southwest Georgia Regional Commission	Detailed Project Description Not Available
Georgia	Direct Loans (Community Facilities)	BLAKELY, CITY OF	Loan Funds - Direct	\$129,700	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a grapple truck for the Sanitation Department. The service is currently being provided but the Sanitation Department is using a truck that is beyond its useful life which requires high maintenance costs, exceeding the cost to operate it. The city of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993.
Georgia	Direct Loans (Community Facilities)	BLAKELY, CITY OF	Loan Funds - Direct	\$146,800	Southwest Georgia Regional Commission	This Rural Development investment will be used to purchase a garbage truck for the sanitation department. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993.
Georgia	Direct Loans (Community Facilities)	FITZGERALD, CITY OF	Loan Funds - Direct	\$50,000	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase a fire truck for the city's fire department. The current fire truck needs replacement, can no longer be repaired, and is expected to last only a bit longer. In a fire emergency, the current vehicle in its existing state could affect emergency response times. This project will help provide appropriate support and service to the city's residents.
Georgia	Direct Loans (Community Facilities)	BLAKELY, CITY OF	Loan Funds - Direct	\$37,300	Southwest Georgia Regional Commission	This Rural Development investment will be utilized to purchase two fully appointed patrol vehicles for city law enforcement. The older model vehicles are no longer reliable for officers to use and maintenance cost are budget prohibitive. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993 (5068-75 Prison Population) and a Median Household Income (MHI) of \$22,154 based on the 2010 Census Data and 2006-2010 American Community Survey Data. Early County is considered to be a Tier 1 County by the Georgia Department of Community Affairs and a persistent poverty county. City of Blakely is located in a small rural community in Early County, Georgia with a population of 4,993 (5068-75 Prison Population) and a Median Household Income (MHI) of \$22,154 based on the 2010 Census Data and 2006-2010 American Community Survey Data. Early County is considered to be a Tier 1 County by the Georgia Department of Community Affairs and a persistent poverty county.

Georgia	Distance Learning and Telemedicine Grants	Johnson County Board Of Education	Grant Funds	\$589,179	<b>Emanuel County &amp; City of Twin City</b>	This Rural Development investment will be used to equip six hub/end-user sites throughout Johnson County, Georgia with advanced two-way interactive video conferencing technology. Georgia	Rural Business Development Grants (RBDG)	WIREGRASS GEORGIA TECHNICAL COLLEGE	Grant Funds	\$109,999	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase industrial systems training equipment to train students in the industrial machinery mechanics, machinery workers, and millworks field. There are about 56,300 job openings in this field projected each year. With the continuing adoption of automated manufacturing machinery, more maintenance workers will be needed. The funding of this project will train enough personnel to fill at least 85 positions at three companies in the Fitzgerald, Ben Hill County area in Industrial Systems Industries. Supplemental funds will be provided by Wiregrass as in-kind instructor salaries.
Georgia	Rural Business Development Grants (RBDG)	EAST BAKER HISTORIC21ST CENTURY COMMUN	Grant Funds	\$144,900	Southwest Georgia Regional Commission	This Rural Development investment will be used for roof and bathroom repairs at the East Baker Commercial Kitchen. The bathrooms will become ADA compliant. The ultimate goal of this project is to fully reopen the commercial kitchen to the community and area entrepreneurs. In order to successfully accomplish this goal, it is pertinent that the public restrooms are in good working order and ADA compliant. Roofing work on the remainder of the building will allow East Baker to effectively use the building to its greatest potential.
Georgia	Rural Business Development Grants (RBDG)	WIREGRASS GEORGIA TECHNICAL COLLEGE	Grant Funds	\$99,825	Ben Hill County & City of Fitzgerald	This Rural Development investment will be used to purchase a day-cab semi-truck to increase the number of certified commercial drivers license (CDL) truck drivers at Wiregrass Georgia Technical Colleges Ben Hill Campus. The applicant is contributing \$76,263 to the project.

Georgia	Value Added Producer Grants (VAPG)	PIPPIN ORCHARDS LLC	Grant Funds	\$250,000	Southwest Georgia Regional Commission	This Rural Development will be used by Pippin Orchards LLC as working capital to process whole in-shell pecans into shelled pecans. Pippin Orchards seeks grant funds for working capital to process and market shelled pecans. Pippin Orchards, LLC is applying as an independent producer. The farm is owned by Shena Pippin, a beginning farmer and a socially disadvantaged farmer. It is located in Dougherty County in rural Southwest Georgia. These funds will be used for toll processing. Through the project Pippin Orchards expects to reach at least three new customers in the form of large food retailers and receive a 20 percent increase in revenue over what it would have received from marketing raw in-shell pecans.
Georgia	Value Added Producer Grants (VAPG)	AMERICAN TURMERIC COMPANY INC.	Grant Funds	\$250,000	Southwest Georgia Regional Commission	This Rural Development investment will be used to infuse American Turmeric Company, Inc. with working capital to process the turmeric root into a line of Turmeric Skin Care Products branded d.SK Skin Care. The project is located in Boston, Thomas County, Georgia.

Kentucky	Business and Industry Loan Guarantees (B&I) (BP)	JACKSON PURCHASE DISTILLERY LLC	Loan Funds - Guaranteed	\$5,800,000	Fulton County	This Rural Development investment will be used to provide additional funding and expand existing operations through the construction of a new still, fermenter building, grain handling system and new rick house. The project will result in the creation of 25 jobs for this designated Persistent Poverty area.
Kentucky	Business and Industry Loan Guarantees (B&I) (BP)	JACKSON PURCHASE DISTILLERY LLC	Loan Funds - Guaranteed	\$15,856,596	Fulton County	This Rural Development investment will be used to provide additional funding and expand existing operations through the construction of a new still, fermenter building, grain handling system and new rick house. The project will result in the creation of 25 jobs for this designated Persistent Poverty area.
Kentucky	Business and Industry Loan Guarantees (B&I) (BP)	JACKSON PURCHASE DISTILLERY LLC	Loan Funds - Guaranteed	\$3,343,404	Fulton County	Detailed Project Description Not Available

Kentucky	Community Facilities Grants	HYDEN-LESLIE COUNTY WATER DISTRICT	Grant Funds	\$41,500	Kentucky Highlands	This Rural Development investment will be used to purchase two 2021 Dodge Ram 1500 trucks for the water district. These trucks will help with both preventative and emergency maintenance, for responding to waterline breaks and repairs, for maintenance on other equipment such as pump stations, and for daily operations to provide safe and dependable water service for a rural population in Leslie County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	HYDEN-LESLIE COUNTY WATER DISTRICT	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase a backhoe loader. The equipment will be used to address maintenance calls, both preventative and emergency, waterline breaks, repairs, and to install some water lines. This project will help ensure a safe and reliable supply of potable water for a rural population of 11,310 in Leslie County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	PERRY COUNTY FISCAL COURT	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase a 74-horsepower diesel OBrien Hydro-Jetting Sewer System for use by the Vicco Sewer System. This equipment will be used to blow out problematic, blocked sewer lines and for continued water and sewer maintenance and operations in order to provide safe and sanitary waste disposal services for a rural population in Perry County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	PARTNERSHIP HOUSING INC.	Grant Funds	\$112,000	Kentucky Highlands	This Rural Development investment will be used to repair and replace the heating, ventilation and air conditioning (HVAC) systems and install LED energy efficient commercial lighting in an office building. The building was purchased in Spring 2022 that had been vacant for approximately 15 years with no upkeep. This project will allow for continued housing and food assistance for a rural population in Owsley County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	WHITLEY CO. FISCAL COURT	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase three trucks for local law enforcement. These vehicles will help employees address emergencies and provide efficient and effective law enforcement and emergency response for Whitley County, one of Kentuckys rural areas and persistent poverty counties.
Kentucky	Community Facilities Grants	BREATHITT COUNTY FISCAL COURT	Grant Funds	\$33,500	Kentucky Highlands	This Rural Development investment will be used to purchase a rescue boat and swift water rescue equipment. This need comes in response to recent major flooding events and will be used to help reduce the number of injuries, and assist the rescue teams in reaching trapped individuals. The project will help prevent loss of life, thereby providing efficient and effective rescue services for the residents of Breathitt County, one of Kentuckys rural areas and persistent poverty counties.
Kentucky	Community Facilities Grants	LEE COUNTY FISCAL COURT	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase two 2022 Chevrolet Silverado 1500 vehicles, with lights, sirens, and radio equipment, for the law enforcement department. These vehicles will help the department provide efficient and effective emergency response and law enforcement for a rural population in Lee County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	MIDDLESBORO, CITY OF	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase an all-wheel drive vehicle and two pursuit all-wheel drive vehicles. These vehicles will help the city provide efficient and effective emergency response and law enforcement for the community and residents of rural Bell County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	HICKMAN COUNTY FISCAL COURT	Grant Funds	\$28,000	Fulton County	This Rural Development investment will be used to purchase three tornado sirens for the communities of Oakton, Beulah, and Bealerton. The sirens will provide severe weather warnings for a rural population in Hickman County, which has experienced four tornadoes in the past year.
Kentucky	Community Facilities Grants	CAWOOD WATER DISTRICT	Grant Funds	\$36,700	Kentucky Highlands	This Rural Development investment will be used to purchase an excavator for maintenance and emergency repairs of water lines, which helps ensure a safe and reliable supply of potable water for communities in rural Cawood and surrounding Harlan County, one of Kentuckys persistent poverty counties.

Kentucky	Community Facilities Grants	JACKSON, CITY OF	Grant Funds	\$35,300	Kentucky Highlands	This Rural Development investment will be used to purchase a truck to serve as a utility vehicle for the Jackson Water and Sewer Departments. The vehicle will be used to maintain water and sewer lines and appurtenances, thereby helping to provide safe and dependable water and sewer service for a rural population in Breathitt County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	JACKSON, CITY OF	Grant Funds	\$27,000	Kentucky Highlands	This Rural Development investment will be used to purchase equipment for the fire department including a computer for reports and training records, rope rescue equipment, and miscellaneous firefighting equipment. This investment will help ensure adequate fire and emergency response services for citizens in the city of Jackson and for surrounding communities in Breathitt County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	JACKSON, CITY OF	Grant Funds	\$17,400	Kentucky Highlands	This Rural Development investment will be used to purchase a 14-foot professional shallow water aluminum boat with a rescue pump jet and gear case to replace an aged aluminum, flat-bottomed boat without a motor. This project will help fire department personnel safely perform water rescues for citizens of Jackson and the surrounding communities in Breathitt County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	PINEVILLE, CITY OF	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to purchase two 2022 Chevy Tahoe vehicles for the citys law enforcement department, one for patrol and the other as a K-9 unit. These vehicles will help the department to continue providing effective and efficient emergency response and law enforcement for a rural population in Bell County, one of Kentuckys persistent poverty counties.
Kentucky	Community Facilities Grants	CITY OF FLEMING-NEON	Grant Funds	\$36,900	Kentucky Highlands	This Rural Development investment will be used to replace a utility vehicle for the citys utility department. The replacement need came from losing the prior vehicle in the historic 2022 flood in Eastern Kentucky.
Kentucky	Community Facilities Grants	BARBOURVILLE, CITY OF	Grant Funds	\$36,000	Kentucky Highlands	This Rural Development investment will be used to enable the city to continue maintaining roadways and facilities with a new street department vehicle. This investment will impact over 3,000 people.
Kentucky	Community Facilities Grants	JACKSON IND. SCHOOLS	Grant Funds	\$32,700	Kentucky Highlands	This Rural Development investment will be used to purchase a passenger van for the school to use across the district. This project will impact about 2,500 people.
Kentucky	Community Facilities Grants	WOLFE COUNTY SEARCH & RESCUE, INC.	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to upgrade technical gear, establish a command trailer to perform large-scale search and rescue operations, and purchase additional rescue equipment. This project will impact nearly 7,500 people in a persistent poverty area.
Kentucky	Community Facilities Grants	LEE COUNTY FISCAL COURT	Grant Funds	\$34,200	Kentucky Highlands	This Rural Development investment will be used to purchase a utility vehicle to assist the county jailer in day-to-day operations in Lee County, Kentucky. This project addresses a need in a distressed and persistent poverty county. It is projected that 8,000 people will benefit from this investment.
Kentucky	Community Facilities Grants	ROUSSEAU VOLUNTEER FIRE DEPARTMENT	Grant Funds	\$33,850	Kentucky Highlands	This Rural Development investment will be used to replace an inoperative command and rescue vehicle that was used to assist flood victims in Breathitt County, Kentucky. It is projected to benefit about 3,000 people in a distressed and persistent poverty area.
Kentucky	Community Facilities Grants	FULTON, CITY OF	Grant Funds	\$32,200	Fulton County	This Rural Development investment will be used to purchase and equip a vehicle for the citys law enforcement department. This investment will serve nearly 3,000 people.
Kentucky	Community Facilities Grants	MANCHESTER, CITY OF	Grant Funds	\$21,678	Kentucky Highlands	This Rural Development investment will be used to equip the city of Manchester with two mowers, which will allow the city to continue to maintain its streets and facilities. This project will impact roughly 1,300 people.
Kentucky	Community Facilities Grants	HICKMAN COUNTY FISCAL COURT	Grant Funds	\$21,100	Fulton County	This Rural Development investment will be used to purchase a law enforcement vehicle for the county. The project will serve about 5,000 people.
Kentucky	Community Facilities Grants	JACKSON, CITY OF	Grant Funds	\$50,000	Kentucky Highlands	This Rural Development investment will be used to replace two law enforcement vehicles in the city of Jackson that are past their useful life. This project will impact over 2,000 people.

Kentucky	Community Facilities Grants	OWSLEY COUNTY FISCAL COURT	Grant Funds	\$42,660	Kentucky Highlands	This Rural Development investment will be used to purchase a search and rescue vehicle to assist the law enforcement department. This project will impact about 5,000 people.
Kentucky	Community Facilities Grants	OWSLEY COUNTY FISCAL COURT	Grant Funds	\$32,200	Kentucky Highlands	This Rural Development investment will be used to purchase a multi-use vehicle to be used by all departments within the fiscal court. This project will impact about 5,000 people.
Kentucky	Community Facilities Grants	WOLFE COUNTY FISCAL COURT	Grant Funds	\$39,400	Kentucky Highlands	Detailed Project Description Not Available
Kentucky	Community Facilities Grants	HARLAN COUNTY BOARD OF EDUCATION	Grant Funds	\$40,500	Kentucky Highlands	Detailed Project Description Not Available
Kentucky	Community Facilities Grants	WATTS-CANEY VOLUNTEER FIRE DEPARTMENT, INC.	Grant Funds	\$29,546	Kentucky Highlands	Detailed Project Description Not Available
Kentucky	Community Facilities Grants	ARLINGTON, CITY OF	Grant Funds	\$21,700	Fulton County	Detailed Project Description Not Available
Kentucky	Delta Health Care Services Grant	PURCHASE ADD	Grant Funds	\$1,000,000	Fulton County	This Rural Development investment will be used to implement a dental health care program at local schools in Fulton County, Hickman County, Calloway County, and Lyon County, and it will be used to obtain an additional ambulance for Fulton Countys only emergency medical care provider. The project will result in creating four jobs, saving 32 jobs, and assisting five businesses and 2,925 individuals.
Kentucky	Direct Loans (Community Facilities)	FULTON, CITY OF	Loan Funds - Direct	\$391,000	Fulton County	Detailed Project Description Not Available
Kentucky	Emergency Health Care Grants (Community Facilities)	MEMORIAL HOSPITAL, INC.	Grant Funds	\$1,000,000	Kentucky Highlands	This Rural Development investment will be used for AdventHealth Manchester, a 49-bed acute care hospital in Manchester, Kentucky. These efforts will help address the effects of COVID-19 and allow the hospital to acquire the services of a pulmonologist. Equipment purchases will include a refrigerator to hold COVID-19 tests and vaccines, a system to reduce COVID-19 test result wait times, a lab testing system to handle high-volume testing, ventilators for additional patient support, a portable X-ray machine, ultrasound machines, telemetry systems for the Emergency Department, an echo cart with advanced technology, and a generator to support hospital operations. Since there is no pulmonologist on site, equipment purchases will include a pulmonary function test system to use with telehealth equipment for consultation with a pulmonologist in Somerset and a telemedicine cart to support pulmonology services. This project will help the hospital to expand the intensive-care unit, reduce infection rates, improve testing times, improve patient safety, reduce transmission risks for immunocompromised patients, and provide pulmonary services for residents in seven rural Appalachian counties in Eastern Kentucky.
Kentucky	Emergency Health Care Grants (Community Facilities)	GRACE COMMUNITY HEALTH CENTER, INC	Grant Funds	\$1,000,000	Kentucky Highlands	This Rural Development investment will be used to construct a medical clinic in Pineville, Bell County, Kentucky, to address COVID-19 testing, treatment, vaccines, as well as integrated medical, dental, and behavioral health services. The pandemic created a delay in health care, and there is currently a surge in cases. Delayed preventative health visits have resulted in an increase in uncontrolled diabetes, stress, anxiety, depression, suicide rates, and substance use disorders. Grace Community Health participates in the Health Resources and Services Administration vaccine distribution program that makes vaccines available to patients, and the new clinic pharmacy will offer monoclonal antibody treatment as supplies increase. Grace Community Health provides health care services to six southeastern Kentucky counties, and the new clinic, located in Pineville, will increase capacity in order to expand staff and services, add providers, provide integrated health and pharmacy services in one location, and meet the demands of a potential future pandemic, thereby reducing the opportunity for the spread of the virus and maintaining patient safety.

Kentucky	Emergency Health Care Grants (Community Facilities)	VOLUNTEERS OF AMERICA MID-STATES, INC.	Grant Funds	\$25,000	Kentucky Highlands	This Rural Development investment will be used to fund Volunteers of America (VOA) staff time dedicated to launching and administering a COVID-19 vaccine campaign in Clay County, Kentucky. VOA has an established presence in the county, operating an addiction recovery facility for pregnant and parenting women, a recovery community center, and a family recovery court program. Clay County, with a population of 21,370, continues to have a high COVID-19 infection rate, and VOAs "Take 1 For the Team" vaccination campaign has organized 27 creative and accessible vaccine clinics in this rural county. VOA staff meet regularly with community leaders to coordinate efforts to successfully vaccinate the population of Clay County through strong marketing campaigns, incentives, and education efforts.
Kentucky	Emergency Health Care Grants (Community Facilities)	KENTUCKY RIVER DISTRICT HEALTH DEPARTMENT	Grant Funds	\$475,000	Kentucky Highlands	This Rural Development investment will be used to construct a 2,300-square-foot addition to an existing building. The addition will accommodate 56 people and is designed as an open-space concept for various uses such as a conference area to host training and educational classes for health department staff and to serve as a local health emergency command center. The addition will be equipped with a small kitchenette, two Americans with Disability Act (ADA) compliant restrooms, and mechanical spaces. The existing portion of the building will be renovated to increase energy efficiency and upgraded to meet ADA compliance standards. The Kentucky River District Health Department office building serves as the administrative headquarters for seven regional health departments in Knott, Lee, Leslie, Letcher, Owsley, Perry, and Wolfe counties.
Kentucky	Emergency Health Care Grants (Community Facilities)	BAPTIST HEALTH CORBIN	Grant Funds	\$1,000,000	Kentucky Highlands	This Rural Development investment will be used to purchase equipment to address health care needs arising from the COVID-19 pandemic. Baptist Health Corbin is a 273-bed acute and skilled care hospital serving the counties of Bell, Clay, Harlan, Knox, Laurel, McCreary and Whitley in Kentucky and Campbell County in Tennessee. The equipment upgrades, including a pulmonary function test body box, nuclear camera, laryngoscope, defibrillators, and a centrifuge, will improve the emergency departments capacity to diagnose and treat residents in rural southeast Kentucky. The project will help the hospital meet future health care needs.
Kentucky	Fertilizer Product Expansion Program (FPEP)	BANDANA AG, INC.	Grant Funds	\$800,999	Fulton County	This Rural Development investment will be used to expand an existing dry fertilizer facility in Kevil, Kentucky. Amongst other activities, grant funds will be used to secure additional working capital inventory, offset design and engineering costs, and purchase/install equipment within the new facility. This project will create two additional positions. The expansion is expected to yield 17,000 tons of dry packaged fertilizer annually, which will be made available to more than 150 local producers.

The project will serve Breathitt, Letcher and Perry counties and result in one job being saved.
Mississippi	Business and Industry Loan Guarantees (B&I) (BP)	INDIANOLA PECAN HOUSE, INC	Loan Funds - Guaranteed	\$2,800,000	Washington County Economic Alliance	This Rural Development investment will be used to provide working capital and refinance debt. A permanent store in Indianola and two temporary seasonal stores located across Mississippi make up the companys retail portfolio, which contributes an average of \$2.0 million in sales annually. The Mississippi Delta region, and particularly Sunflower County, benefits from the companys ability to leverage local talent, with approximately 50 employees during the off-season increasing to over 100 during the peak season (September to December), which has a considerable economic impact on residents. With this loan, Indianola Pecan House, Inc will be able to obtain much-needed working capital.
Mississippi	Business and Industry Loan Guarantees (B&I) (BP)	ROSEDALE QALICB MANAGER, LLC.	Loan Funds - Guaranteed	\$5,000,000	Washington County Economic Alliance	This Rural Development investment will be used to guarantee a loan to Magnolia Bank to relend to Rosedale QALICB Manager, LLC. to assist in renovating four real estate properties in the City of Rosedale in Bolivar County, Mississippi to operate as a distillery, restaurant, event center, and retail space under Rosedale Distillery Company management. Bolivar county is a distressed community experiencing long-term population decline and an unemployment rate that exceeds the state by 19 percent. Rosedale QALICB anticipates creating 31 high paying jobs initially, with more to come as the business progresses.
Mississippi	Business and Industry Loan Guarantees (B&I) (BP)	SAYLOR WHEEL, LLC.	Loan Funds - Guaranteed	\$16,512,000	Washington County Economic Alliance	This Rural Development investment will be used to guarantee a loan to Guaranty Bank & Trust Company to Saylor Wheel LLC. This project will assist in purchasing real estate and renovating an existing facility in Greenwood, MS to serve as a high-speed trailer wheel assembly facility. Saylor Wheel anticipates on producing 20 high paying jobs initially with more to come as the business progresses.
Mississippi	Business and Industry Loan Guarantees (B&I) (BP)	COTTONSEED CO-OP CORPORATION	Loan Funds - Guaranteed	\$2,650,000	Tri-County North Delta	Detailed Project Description Not Available
Mississippi	Community Facilities Grants	DELTA CARE HOPE FOUNDATION	Grant Funds	\$46,509	Washington County Economic Alliance	This Rural Development investment will be used to help purchase equipment for Delta Care Hope Foundations new facility. This equipment will help ensure access to quality service and care, teach effective social and interpersonal skills, and offer supportive community services.

Mississippi	Community Facilities Grants	GREENWOOD LEFLORE CONSOLIDATED SCHOOL DISTRICT	Grant Funds	\$50,000	Washington County Economic Alliance	This Rural Development Investment will be used to help purchase two vehicles for the Greenwood Leflore Consolidated School District. The new vehicles will be used when assistance is needed for law enforcement related activities and ensure the school district is equipped with reliable vehicles to protect the campus.
Mississippi	Community Facilities Grants	GREENWOOD LEFLORE CONSOLIDATED SCHOOL DISTRICT	Grant Funds	\$50,000	Washington County Economic Alliance	This Rural Development Investment will be used to purchase several maintenance vehicles for the Greenwood Leflore Consolidated School District. Their existing trucks have high mileage and constantly need repairs. The new vehicles will allow the school district to have dependable transportation for the maintenance department staff to travel to different school locations and address issues in a more timely manner.
Mississippi	Community Facilities Grants	BDT HOUSING SERVICES ENTERPRISE	Grant Funds	\$2,250,000	Washington County Economic Alliance	This Rural Development investment will be used to purchase materials to rehabilitate the Isaiah Thornton (I.T.) Montgomery House in Mound Bayou, Mississippi. The home is in need of major repairs and restoration, and this project will help to preserve the historic I.T. Montgomery House.
Mississippi	Community Facilities Grants	YALOBUSHA COUNTY BOS	Grant Funds	\$15,800	Lake District Partnership	This Rural Development Investment will be use to purchase a John Deere FC15M Flex Wing Rotary Cutter for Yalobusha County 4.The current equipment has matured and is not dependable for day to day work. The new equipment will allow the county to provide maintenance in a timelier manner.
Mississippi	Community Facilities Grants	YALOBUSHA COUNTY BOS	Grant Funds	\$50,000	Lake District Partnership	This Rural Development Investment will be used to purchase a John Deere 331G Compact Track Loader and John Deere GR84B Rock/Brush Grapple for Yalobusha County 5. The current equipment has matured and is not dependable for day-to-day work. The new equipment will allow the county to provide maintenance in a timelier manner.
Mississippi	Community Facilities Grants	TUNICA COUNTY BOARD OF SUPERVISORS	Grant Funds	\$50,000	Tri-County North Delta	This Rural Development investment will be used to purchase three Dodge Ram 1500 SSV 4x4 Pickup Truck and one Ford 3/4/ Cargo Van For use by Tunica County, Mississippi. These vehicles will replace the existing fleet of old, high mileage, high maintenance cost vehicles.
Mississippi	Community Facilities Grants	QUITMAN COUNTY	Grant Funds	\$50,000	Tri-County North Delta	This Rural Development investment will be used to purchase three vehicles for use by the Quitman County Law Enforcement Department. Their current vehicles have aged and constantly need repairs. New vehicles are needed to ensure a fast response in protecting and serving the citizens.
Mississippi	Community Facilities Grants	MISSISSIPPI DELTA COMMUNITY COLLEGE	Grant Funds	\$2,250,000	Washington County Economic Alliance	Detailed Project Description Not Available
Mississippi	Community Facilities Grants	FANNIE LOU HAMER CANCER FOUNDATION	Grant Funds	\$2,250,000	Washington County Economic Alliance	Detailed Project Description Not Available
Mississippi	Delta Health Care Services Grant	AARON E.HENRY COM. HEALTH SERVICE CENTER	Grant Funds	\$999,438	Tri-County North Delta	This Rural Development investment will be used to bring much-needed services to six rural counties in the Mississippi Delta Region. This project will help to advance health equity, justice, diversity, inclusion while building the groundwork for stronger community health systems and addressing mental and physical health disparities; the project will provide training, referrals and support services.
Mississippi	Delta Health Care Services Grant	DELTA HEALTH ALLIANCE, INC.	Grant Funds	\$1,000,000	Washington County Economic Alliance	This Rural Development investment will be used to provide assistance to the Delta Home Visiting program to help bring much-needed services to minority, low-income families, pregnant women and children living in the rural Mississippi Delta Region. Delta Home Visiting program services include support to new and expectant parents by teaching basic caregiving skills, referrals to different social service and nutrition programs, training from a certified consultant, and family consults for a better home atmosphere.
Mississippi	Delta Health Care Services Grant	DELTA HEALTH ALLIANCE, INC.	Grant Funds	\$1,000,000	Washington County Economic Alliance	Detailed Project Description Not Available
Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$1,627,174	Tri-County North Delta	This Rural Development investment will be used to provide technical assistance for 252 counties/parishes in eight regions. Delta Regional Authority will bring rural community advancement programs to persistent poverty counties.

Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$1,400,678	Tri-County North Delta	This Rural Development investment will be used to provide technical assistance for 252 counties/parishes in eight regions. Delta Regional Authority will bring rural community advancement programs to persistent poverty counties to enhance healthcare delivery in the Delta Region including critical access hospitals, small rural hospitals, rural health clinics, and other rural organizations.
Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$1,500,000	Tri-County North Delta	This Rural Development investment will be used to support personnel and operation expenses to ensure the success and long-term sustainability of these initiatives serving predominantly rural and underserved communities operated by Delta Regional Authority located in Clarksdale, Mississippi.
Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$1,500,000	Tri-County North Delta	This Rural Development investment will be used to support personnel and operation expenses to ensure the success and long-term sustainability of these initiatives serving predominantly rural and underserved communities operated by Delta Regional Authority located in Clarksdale, Mississippi.
Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$1,585,000	Tri-County North Delta	Detailed Project Description Not Available
Mississippi	Delta Regional Authority (DRA)	DELTA REGIONAL AUTH	Grant Funds	\$315,000	Tri-County North Delta	Detailed Project Description Not Available
Mississippi	Direct Loan (Water and Waste)	South Lake Water Association, Inc.	Grant Funds	\$41,000	Tri-County North Delta	This Rural Development investment will be used to provide upgrades to the rural water system in Quitman and Panola County. The line is undersized and is experiencing low pressures and inadequate flow. Due to its location, the line is constantly being damaged by agricultural operations and depending on the time of year, the damaged line may go several days without being noticed. The new pipe will increase the pressure and water flow to the customers at the end of the current line. The installation of the new pipe will locate the distribution system to the edge of the agricultural field and remove it from the danger of being damaged from agricultural operations.
Mississippi	Direct Loan (Water and Waste)	South Lake Water Association, Inc.	Loan Funds - Direct	\$51,000	Tri-County North Delta	This Rural Development investment will be used to provide upgrades to the rural water system in Quitman and Panola County. The line is undersized and is experiencing low pressures and inadequate flow. Due to its location, the line is constantly being damaged by agricultural operations and depending on the time of year, the damaged line may go several days without being noticed. The new pipe will increase the pressure and water flow to the customers at the end of the current line. The installation of the new pipe will locate the distribution system to the edge of the agricultural field and remove it from the danger of being damaged from agricultural operations.
Mississippi	Distance Learning and Telemedicine Grants	Tunica County School District	Grant Funds	\$733,295	<b>Tri-County North Delta</b>	This Rural Development investment will be used to equip six hub/end-user sites throughout Tunica County, Mississippi with advanced equipment such as LED walls, audio speakers, microphones and web cameras. The project aims to add teleconferencing and telecounseling equipment that will support students and family support activities. Instructors, administrators and faculty located at six schools in Tunica County School District will enhance the learning experience by providing students with the necessary tools to engage fully in virtual and hybrid learning models, ensuring equal access to educational opportunities regardless of location. This project will benefit 1,896 students.

Mississippi	Emergency Health Care Grants (Community Facilities)	DELTA HEALTH ALLIANCE, INC.	Grant Funds	\$999,800	Washington County Economic Alliance	This Rural Development investment will be used to create a COVID-19 rapid testing, education, and training center at the Leland Medical Clinic (LMC) in Leland, Mississippi. LMC provides free vaccinations supported through other funding sources, but the cost of the rapid tests is cost-prohibitive to many low-income patients, particularly for those who require weekly testing for employment or educational purposes. Barriers also exist to educating our communities on the spread of COVID and the importance of vaccination: misinformation is widespread while the health literacy resources necessary to understand the virus and be motivated to receive the vaccine can be inaccessible for vulnerable community members. Creating this testing center at LMC provides a designated space for our efforts to increase access to testing and provide COVID education and outreach training.
Mississippi	Emergency Health Care Grants (Community Facilities)	DELTA HEALTH CENTER, INC.	Grant Funds	\$1,000,000	Washington County Economic Alliance	This Rural Development investment will be used to support the broadening of access to COVID-19 vaccines and telehealth care in the rural Mississippi Delta, which will address immediate and future healthcare needs exacerbated by the COVID-19 pandemic. The project will also help decrease opportunities for COVID-19 transmission by increasing vaccine promotion and distribution efforts and increasing telehealth capacity.
Mississippi	Emergency Health Care Grants (Community Facilities)	GREENWOOD LEFLORE HOSPITAL	Grant Funds	\$1,000,000	Washington County Economic Alliance	This Rural Development investment will be used to help offset the lost revenue that has severely impacted Greenwood Leflore Hospitals service delivery system.The hospital suffered critical loss of revenue due to the COVID-19 pandemic. This assistance will help the hospital continue in providing cost-effective medical services to Leflore County.
Mississippi	Emergency Health Care Grants (Community Facilities)	NORTH SUNFLOWER MEDICAL CENTER DISTRICT	Grant Funds	\$1,000,000	Washington County Economic Alliance	This Rural Development investment will be used to purchase a back-up generator to be used for an emergency if another pandemic should occur. In an effort to answer the immediate health care needs of their community and prepare for future pandemic events, a new generator is needed so the Medical Center can continue to provide COVID-19 vaccines and COVID-19 testing services in their clinic during power interruptions.
Mississippi	Emergency Health Care Grants (Community Facilities)	DELTA HEALTH ALLIANCE, INC.	Grant Funds	\$9,999,400	Washington County Economic Alliance	This Rural Development Investment will be used to construct a rural Post COVID-19 Care Center which will be connected to the existing Leland Medical Clinic structure on the west side and will be used as a Center for treatment of Post-COVID patients in need of rehabilitative care. This project will consist of 4,000 square feet of new construction. Also, the funds will be used to provide a regional consortium of community leaders and health care partners to plan, implement and evaluate post COVID care.
Mississippi	Housing Preservation Grants	Home Again Inc	Grant Funds	\$115,040	<b>Washington County Economic Alliance</b>	This Rural Development investment will be used to help 12 qualified very-low income and low-income homeowners make needed repairs or improvement to their existing home throughout Leflore and Sunflower counties in Mississippi.
Mississippi	Housing Preservation Grants	Sunflower County Board Of Supervisors	Grant Funds	\$115,040	<b>Washington County Economic Alliance</b>	This Rural Development investment will be used to help 12 qualified very-low income and low-income homeowners make needed repairs or improvement to their existing home throughout Sunflower County, Mississippi.
Mississippi	Multi-Family Housing Guaranteed Loans	SOUTHGATE REDEVELOPMENT, LP	Loan Funds - Guaranteed	\$7,015,313	Washington County Economic Alliance	This Rural Development investment will be used to assist in the rehabilitation ofSouthgate Redevelopment, a family multi-family housing complex in Indianola, Mississippi. The project will go through significant rehabilitation and improve the living conditions for all the current and future tenants. This project consists of 75 one-story single-family residences and one one-story community building containing a clubhouse, meeting room, business center and leasing office.

Mississippi	Rural Business Development Grants (RBDG)	GRENADA COUNTY BOARD OF SUPERVISORS	Grant Funds	\$29,967	Lake District Partnership	This Rural Development investment will be used to purchase and install restaurant equipment. These items will be leased to a small emerging restaurant business, Crystals, LLC., in Grenada County, Mississippi. With the help of this new equipment, a 13 year old business can resume servicing its customers and surrounding area. Adding in this equipment to their current operation will allow the company to hire 4 new employees and increase the ability to prepare and serve more meals.

Mississippi	Rural Business Development Grants (RBDG)	CITY OF WATER VALLEY	Grant Funds	\$48,969	Lake District Partnership	This Rural Development investment will be used to purchase coffee roasting and brewing equipment and lease it to the small emerging business BTC Old Fashioned Grocery in the city of Water Valley, Mississippi. The project will allow this growing business to expand its coffee component, bring the supply chain in-house, and expand staff. It will create two jobs and save three jobs.
Mississippi	Rural Business Development Grants (RBDG)	CITY OF WATER VALLEY	Grant Funds	\$46,712	Lake District Partnership	This Rural Development investment will be used to purchase and lease an electric warehouse forklift to the small, woman-owned business Delta Grind Stone Ground Products LLC in the city of Water Valley, Mississippi. The project will allow this 22-year-old food-manufacturing business to efficiently move products, packages, and supplies around the facility. It will create one job and save two jobs.
Mississippi	Rural Business Development Grants (RBDG)	GREATER GRENADA PARTNERSHIP	Grant Funds	\$90,000	Lake District Partnership	This Rural Development investment will be used to provide technical assistance to local companies and economic development entities. The project will help regional businesses involved in woody biomass, bulk transportation, logistics, and related services partner with green-technology companies producing bioenergy and biomass products.
Mississippi	Rural Business Development Grants (RBDG)	ECONOMIC DEV. AUTHORITY OF COAHOMA CO.	Grant Funds	\$263,118	Tri-County North Delta	Detailed Project Description Not Available
Mississippi	Rural Business Development Grants (RBDG)	Winrock International Institute For Agri	Grant Funds	\$99,822.00	—	This Rural Development investment will be used to provide technical assistance to entrepreneurs and small businesses across 10 persistent poverty Mississippi counties. The technical assistance will offer crucial support and personalized business assistance by improving access to business development resources, foster the growth of these businesses, leading to increased revenues, expanded production, and the establishment of more robust enterprises. Overall, the projects comprehensive approach supports job creation and stability by nurturing the growth of small businesses in the region.
Mississippi	Rural Business Development Grants (RBDG)	Communities Unlimited	Grant Funds	\$50,000.00	—	This Rural Development investment will be used to provide customized technical assistance and training that lead to the start-up and growth of rural businesses in 65 MS Strike Force Counties and 17 Non-Strike Force Counties in MS.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LOVELAND, INC.	Grant Funds	\$37,011	Tri-County North Delta	This Rural Development investment will be used to install energy efficiency improvements to Loveland Inc., a 14- bin grain storage drying operation located in Vance, Mississippi. The project will realize \$7,963.00 per year in savings, a 26.7 percent reduction from energy consumption of the 12-month period. Additionally, this project will save 34,133 kilowatt (kWh) hours of electricity and 2,322 gallons of propane, which is enough energy to power three homes.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MASSEY PLANTING COMPANY	Grant Funds	\$70,199	Tri-County North Delta	This Rural Development investment will be used to assist Massey Planting Company install a grain dryer. The project will realize \$10,441.57 per year in savings, a 64.07 percent reduction from energy consumption within a 12-month period prior to grant application. Additionally, this project will save 21,943 kilowatt (kwh) hours of electricity, which is enough energy to power two homes.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BRUTON FARMS PARTNERSHIP	Grant Funds	\$420,877	Washington County Economic Alliance	This Rural Development investment will be used to make energy efficiency improvements by installing new grain legs, motors and pumps to the grain handling system located in Hollandale, Mississippi. The project will reduce energy costs saving \$8,136 per year and 46,975 kilowatt hours of electricity.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	UNITED GROUP, LLC	Grant Funds	\$160,437	Lake District Partnership	This Rural Development investment will be used to make energy efficiency improvements by installing LED lights, updated HVAC system, insulation, cooling, food preparation appliances, replacing gas heating units with heat-pump electric units located at the Piggly Wiggly grocery store in Coffeerville, Mississippi. The project will reduce energy costs saving \$12,791 per year and save kilowatt hours of electricity.

Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BTC OLD FASHIONED GROCERY	Grant Funds	\$39,568	Lake District Partnership	This Rural Development investment will be used to install a roof-mounted photovoltaic solar system at the BTC Old Fashioned Grocery located in Water Valley, Mississippi. The project will generate 25,164 kilowatts hours of electricity, and generated power will be sold to the utility company.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CANNON CDJR, LLC	Grant Funds	\$100,376	Washington County Economic Alliance	Detailed Project Description Not Available
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SOLERO TECHNOLOGIES, LLC	Grant Funds	\$153,676	Lake District Partnership	This Rural Development investment will be used to install indoor and outdoor LED light fixtures in Water Valley, Mississippi. This project will reduce energy costs by 1,956,825 kilowatt hours (kWh) of electricity, saving \$135,486 per year.
Mississippi	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CANNON FORD LINCOLN, LLC	Grant Funds	\$332,237	Washington County Economic Alliance	Detailed Project Description Not Available

Nevada	Rural Business Development Grants (RBDG)	NYE COUNTY REGIONAL ECO DEV AUTH	Grant Funds	\$92,087	Southern Nevada	This Rural Development investment will be used to establish a revolving loan fund with Nye County Regional Economic Development Authority to assist startup businesses in Nye and Esmeralda counties. It is anticipated that these businesses will generate 105 jobs in three years.
Nevada	Rural Business Development Grants (RBDG)	MINERAL COUNTY CHAMBER OF COMMERCE	Grant Funds	\$99,000	Sierra Region	Detailed Project Description Not Available
Nevada	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	GOLCONDA BUTTE FARMS, INC.	Grant Funds	\$996,000	Nevada 95-80 Regional Development	This Rural Development investment will be used to install a photovoltaic solar system that will generate 3,753,036 kilowatt hours (kWh) a year and save \$324,146.00 per year in power bills for Golconda Butte Farms. Manufacturing electrical gear installed 36 solar arrays that work in tandem to produce power to offset consumption in dairy operations, crop irrigation, and other agricultural processes.
Nevada	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RAILROAD VALLEY FARMS LLC	Grant Funds	\$561,209	Southern Nevada	This Rural Development investment will be used to help Railroad Valley Farms to convert two diesel-powered irrigation wells to hybrid solar/diesel electric pumping stations as part of 854,126 kilowatt hour (kWh) photovoltaic solar irrigation phase II. It is estimated this change will reduce fuel consumption by up to 70 percent. The recipients farmland is completely off grid.
Nevada	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	VALLEY ELECTRIC ASSOCIATION, LLC	Grant Funds	\$495,000	Southern Nevada	Detailed Project Description Not Available

Nevada	Rural Energy for America Technical Assistance Grant Program	VALLEY ELECTRIC ASSOCIATION, LLC	Grant Funds	\$150,000	Southern Nevada	This Rural Development investment will be used to help Valley Electric Association, Inc (VEA) identify potential qualified applicants for REAP as well as promote the use of renewable energy technologies and USDA Rural Development funding opportunities. VEA serves many lower income or otherwise disadvantaged communities that have specific needs that would go unmet without VEA, due to its economic standing as well as its isolated location in Nevada. These include one of the last operating dairies in Nevada, located in the Amargosa Valley area, suffering from the economic impact of the COVID-19 Pandemic as well as alfalfa producers in the Fish Lake Valley area struggling with reduced water availability, with alfalfa production being vital to both the local and state economy. VEA will use these funds to work with businesses qualified to apply for REAP grants and loans. VEA would be enabled by these funds to support research of renewable technologies to solve unique community energy issues. These actions would encourage REAP applications as well as further renewable energy utilization in Nevada.

Nevada	Water and Waste Disposal Grants	Mineral County	Grant Funds	\$1,008,998	Sierra Region	This Rural Development investment will be used to provide additional financing for Mineral County to construct two water tanks with a 1.5 million-gallon capacity. This will replace the deficient water storage that is currently in place and does not meet the needs of the community. The new tanks will provide safe drinking water and meet the current community demands. Previous project funding includes \$3,013,000 in loan and \$522,000 in grant from USDA Rural Development.
New Mexico	Business and Industry Loan Guarantees (B&I) (BP)	JP SAGEBRUSH LLC	Loan Funds - Guaranteed	\$1,300,000	Northern New Mexico	This Rural Development investment will be used to refinance debt, and financing of fees to the owners of the historic Sagebrush Inn, in Taos, New Mexico. Known as, "The Inn" the historic hotel opened 91 years ago in 1931 and offered at that time 13 guestrooms that became known for its authentic Southwest dcor. Today, "The Inn" is still known for its dcor and now offers 156 guestrooms with wi-fi, swimming pool, spa tub, restaurant and laundry services. Over the years numerous celebrities have stayed at the Inn. Also, "The Inn" had several major movies shot in and around the property. Most notable were the movies Easy Rider and Twins. By refinancing the debt with a B&I guaranteed loan the hotel will continue in business and a 150 jobs will be saved.
New Mexico	Business and Industry Loan Guarantees (B&I) (BP)	LOUISIANA PEPPER EXCHANGE, LLC	Loan Funds - Guaranteed	\$14,220,000	Dona Ana County	This Rural Development investment will be used to provide long-term financing for the purchase of property to build and equip a manufacturing facility to supply pepper mash to various food manufacturers, restaurants, and retail stores. The borrower, Louisiana Pepper Exchange, LLC (LPE) is a North American pepper mash and puree supplier that currently sells product from its Louisiana facility. Pepper Mash is the primary ingredient in hot sauce but is also used to make other food such as condiments, cheese, bakery, and protein products. The new production facility will be located on a 10-acre greenfield site in the Ironhorse Industrial Park, in Santa Teresa, New Mexico. This site is in an ideal location because it will import the pepper mash from suppliers in Costa Rica, Colombia, Peru, and Mexico. Also, the location will allow LPE to better serve its customers in the Southwestern part of the United States through existing distribution contracts with various food distributors, restaurants, and retailers. The new site will increase manufacturing capacity and better supply the growing demand for their product. The project will create 15 jobs with an average annual wage of \$25 per hour.
New Mexico	Colonia Grant (RHS)	Name Withheld	Grant Funds	\$4,000	Dona Ana County	Detailed Project Description Not Available
New Mexico	Colonia Grant (WEP)	Anthony Water & Sanitation District	Grant Funds	\$5,541,000	Dona Ana County	This Rural Development investment will be used to provide additional funding for the expansion of the waste water treatment plant in Anthony, New Mexico. This project will build a second circular concentric package plant, which will allow the original to be taken offline for cleaning and renovation. This funding will be used to upgrade the facility and extend the useful life of the structure and also remedy an issue with discharging to the river. Currently this issue has exceeded the limits set by the Environmental Protection Agency and has the potential to cause a health and sanitary problem to the community. Anthony Water & Sanitation District is a designated Colonias county, serving a persistent impoverished population. This project and partnership will provide a needed improvement to the communitys sewer services.

New Mexico	Community Facilities Grants	SUNLAND PARK, CITY OF	Grant Funds	\$950,000	Dona Ana County	<p>This Rural Development investment will be used to pay for the feasibility, preliminary architecture report, and environmental reports in preparation for the construction of a Public Safety Complex in Sunland Park, New Mexico. The Public Safety Complex will correct a severely underserved area by placing the station near the center of the city. The new fire station will bring the area into compliance with National Fire Protection Associations recommendations of the 240-second travel time to its response district. When built the complex will house two front-line, first responding firefighting apparatus, including a Quint 3. A Quint 3 is a combination pumper or quint is a fire truck that serves the dual purpose of an engine and a ladder truck. "Quintuple" refers to the five functions that a quint provides - pump, water tank, fire hose, aerial device, and ground ladders. The new facility will house 12 permanently assigned personnel on a 24-hour rotating shifts. It will also house the police headquarters and a prisoner holding facility. New Mexico	Community Facilities Grants	ROCKY MOUNTAIN YOUTH CORPS	Grant Funds	\$112,980	Northern New Mexico	<p>This Rural Development investment will be used to construct and furnish a workforce development training facility at the Rocky Mountain Youth Corp (RMYC) located in Taos, New Mexico. The new facility will replace the current leased facility and provide an all-inclusive location for this entity since they own the land. This land has been used as RMYC ropes course and outdoor training center for 20 years. The new constructed facility interior spaces include four offices, a conference room, a training room, spaces for training and program operations, a kitchenette, storage space and a garage. The facility will include a classroom for RMYCs Training Department to offer workforce training and certifications to Corps members. The RMYC was founded in 1995 in response to an overwhelming need for positive solutions to the critical issues facing the Taos community youth and young adults. Through their program, RMYC fosters personal growth and leadership development, job skills, healthy decision making and community involvement among young people. The workforce training facility project will increase capacity for providing workforce development training to youth ages 14 - 25 who have limited access to the workforce and employment opportunities in the Taos area.</p>

New Mexico	Distance Learning and Telemedicine Grants	Ben Archer Health Center	Grant Funds	\$218,257	<b>Dona Ana County</b>	This Rural Development investment will be used to equip four hub sites and six end-user sites throughout Doña Ana, Luna and Sierra counties in southern New Mexico with computer hardware and software. Medical professionals at Ben Archer Health Center (BAHC) in Doña Ana County, New Mexico will deliver medical services in obstetrics and provide essential medical training to six locations benefiting 113,888 individuals.
New Mexico	Food Supply Chain Guaranteed Loan Program	BSREH LLC	Loan Funds - Guaranteed	\$23,220,087	Dona Ana County	This Rural Development investment will be used to help offset the costs of purchasing a new building. BSREH LLC is a holding company for the new Diamond Onions facility located in Santa Teresa, New Mexico. Diamond Onions processes whole peeled onions for customers throughout the United States. Their Dallas facility contains peeling machines and is operating at capacity. The new facility under the name Oro Onions LLC will allow for the additional peeling lines, storage, and logistical efficiencies as it will be located closer to many local growers. The new facility will allow Diamond Onions to take advantage of additional market opportunities and is projecting to create 32 new jobs.
New Mexico	Housing Preservation Grants	Tierra Del Sol Housing Corporation	Grant Funds	\$49,348	<b>Dona Ana County</b>	This Rural Development investment will be used to provide rehabilitation and repairs to five owner-occupied homes of low-income families in Dona Ana and Luna counties. Repairs may include but are not limited to Americans with Disabilities Act modifications, repair and replacement of roofs, electrical systems, sanitary water and waste water systems and water heaters.

New Mexico	Mutual Self-Help Housing Technical Assistance Grants	Tierra Del Sol Housing Corporation	Grant Funds	\$820,800	Dona Ana County	This Rural Development investment will be used to build homes with sweat equity to provide opportunities of affordable housing in the local rural area. Tierra del Sol Housing Corporation will facilitate the construction of 24 homes in rural <b>Dona Ana</b> and Otero counties in New Mexico.
New Mexico	Predevelopment Planning Grant (WEP)	Leasburg MDWCA	Grant Funds	\$29,292	Dona Ana County	This Rural Developmental investment will be used to help in the planning and development phase of a potential improvement project in Leasburg, New Mexico located in the south-central part of the state. This small system currently encompasses 23 miles of distribution piping. Funding will be utilized for the preliminary engineering report, to evaluate the current system needs as far as replacement and upgrades. As well as help to identify inefficiencies within the system that may be causing environmental issues or failures for the customers attached.

New Mexico	Predevelopment Planning Grant (WEP)	Questa, Village of	Grant Funds	\$60,000	Northern New Mexico	This Rural Development investment will be used to help in the planning and development of phases to improve the wastewater treatment plant for the village of Questa. Located in the mountains of north central New Mexico Questa is 156 miles from Albuquerque, New Mexico. The current wastewater system operates with a clarifier pond, and it serves 1735 customers.The funding being provided by USDA Rural Development will be used to develop a preliminary engineering report to evaluate the current system and develop an environmental report. The report is needed to identify any inconsistencies and determine how to improve the wastewater system, and to determine if additional customers can be added to the system. Its hoped this initial investment for the village of Questa will assist in attaining its community improvement plans goals.
New Mexico	Rural Business Development Grants (RBDG)	DEMING LUNA COUNTY ECONOMIC DEV., INC.	Grant Funds	\$70,000	Southwest New Mexico Council of Governments	This Rural Development investment will be used to assist Deming Luna Economic Development, a non profit organization whos mission is to build and maintain a flourishing community by growing from within. With their help they will coordinate with local business in the Deming area as well as Luna county to provide technical training services related but not limited to: marketing, finance, budgeting, expanding, accounting principles, market segmentation, and personal financing assistance. This has the potential to help up to 800 businesses over time.
New Mexico	Rural Business Development Grants (RBDG)	NATIONAL MAIN STREET CENTER INC	Grant Funds	\$22,284	Northern New Mexico	This Rural Development investment will be used to help National Mainstreet Center Inc. for research and development of a small business resiliency audit tool and resource pilot in Tucumcari, Lovington and Las Vegas, three rural Main Street communities in New Mexico. The project will benefit rural small business owners by helping them recognize the challenges they face, providing direct access to tools and resources to resolve those issues, and increase jobs in each of the targeted communities. The resources developed from this project will be implemented in many more rural Mainstreet communities throughout New Mexico.
New Mexico	Rural Business Development Grants (RBDG)	TOWN OF TAOS	Grant Funds	\$249,951	Northern New Mexico	This Rural Development investment is being used to help the Town of Taos purchase bottling and canning equipment to be leased to Rolling Still Bros LLC. This is a rural, woman-owned, small business in Taos New Mexico that manufactures hand-crafted spirits. The grant will help Rolling Still Bros meet its growing customer demand, and allow the business to expand nationally and enter the new ready to drink market. This equipment will save 14 jobs and create 14 new positions. The saving and creation of new jobs is extremely important because a 2019 data report from City-Data.com shows 27.3 percent of the 6,000 residents living in the Town of Taos are living in poverty. Read more: <a href="http://www.city-data.com/city/Taos-New-Mexico.html">http://www.city-data.com/city/Taos-New-Mexico.html</a>
New Mexico	Rural Business Development Grants (RBDG)	MAS COMUNIDAD	Grant Funds	\$101,603	Northern New Mexico	This Rural Development investment will be used to purchase equipment to assist three small, minority and women-owned businesses in Peasco, New Mexico. MAS Comunidad, a non-profit organization, will purchase required restaurant equipment to stay in compliance with Taos County Health Department. In addition, Mas Comunidad will purchase refrigeration units to upgrade the only existing grocery store in Taos, New Mexico.
New Mexico	Rural Business Development Grants (RBDG)	CRUCES CREATIVE	Grant Funds	\$204,590	Dona Ana County	This Rural Development investmentwill be used to purchase a industrial freeze dryer by non-profit, Cruces Creative. Once purchased, Cruces Creative will lease the industrial freeze dryer to Backyard Farms, a rural small business located south of Las Cruces in the town of Vado, New Mexico (Dona Ana County). The goal of the project is to address and improve the food access, distribution and production through the creation of a new value-chain market for freeze dried fruits and vegetables. The project will provide financial growth for small farmers by providing healthier and more nutritious food options and access to underserved and vulnerable populations in food deserts and create 32 jobs in Dona Ana County.

New Mexico	Rural Business Development Grants (RBDG)	MORA ECONOMIC DEVELOPMENT CORP	Grant Funds	\$77,256	Northern New Mexico	This Rural Development investment will be used to purchase equipment for several small businesses in Mora, New Mexico by the Mora County Economic Development Corporation (Mora EDC). Mora EDC will then lease the equipment such as welding gear for Diamond A Welding, embroidery equipment for MAD Embroidery, a refrigerator and freezer for Mora Valley Ranch Supply and a stove and HVAC units for Tiale Restaurant. By supporting these four businesses, the Mora EDC will save four jobs and create an additional twelve new positions in this small trauma stricken rural community in Northern New Mexico which is trying to recover economically from last years devastating forest fires.
New Mexico	Rural Business Development Grants (RBDG)	MAS COMUNIDAD	Grant Funds	\$97,754	Northern New Mexico	This Rural Development investment will be used to allow Mas Comunidad, a non-profit organization in Peasco, New Mexico purchase and then lease much needed equipment for four small businesses located in this small northern New Mexico community. By doing so Mas Comunidad is helping with expansion, growth, safety, and security for these businesses.The funds will be used to purchase; hay cutting, raking, and baling equipment for the Roybal Ranch.Refrigerators, freezers, food preparation tables, burners and ovens will be purchased for La Jicarita Harvest a roadside food vendor located on State Road 75.El Ya Merito a restaurant in Peasco will lease from Mas Comunidad; refrigerators, freezers, food preparation tables, burners, and ovens to help its operation.Travelers Service Station in Peasco as will lease a new tire changer, balancer, compressor, and upgrade doors and gates for the business.The equipment, safety upgrades and improved security measures will help save 9 jobs and create an additional eleven new positions in this persistent poverty, rural community.
New Mexico	Rural Business Development Grants (RBDG)	CRUCES CREATIVE	Grant Funds	\$99,999	Dona Ana County	This Rural Development investment will be used to purchase food manufacturing equipment including a walk-in freezer, bag labeling machine and a chip bagging machine by non-profit Cruces Creatives. Once purchased the equipment will be leased to Backyard Farms, a rural small business located in Vado, New Mexico in southern Dona Ana County. The goal of the project is to allow Backyard Farms to expand its freeze-drying business by improving production and distribution of fruits and vegetables. The expansion provides financial growth for small farmers as well as access to healthier and nutritious food for underserved and vulnerable populations in food deserts. 12 jobs will be created.

New Mexico	Rural Business Development Grants (RBDG)	TAOS, COUNTY OF	Grant Funds	\$199,000	Northern New Mexico	Detailed Project Description Not Available
New Mexico	Rural Business Development Grants (RBDG)	CRUCES CREATIVE	Grant Funds	\$99,999	Dona Ana County	Detailed Project Description Not Available
New Mexico	Rural Disaster Repair Grants (SFH)	Name Withheld	Grant Funds	\$39,221	Northern New Mexico	Detailed Project Description Not Available
New Mexico	Rural Energy for America Program Energy Audits and Renewable Energy Development Grants	REGENTS OF NEW MEXICO STATE UNIVERSITY	Grant Funds	\$100,000	Dona Ana County	This Rural Development investment will be used to conduct approximately 12 energy audits for rural small businesses and agricultural producers throughout the state of New Mexico. These audits will provide analysis to make energy-efficiency improvements to these operations and/or install renewable energy systems.

New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NEW MEXICO WINERIES, INC.	Grant Funds	\$99,791	Southwest New Mexico Council of Governments	This Rural Development investment will be used to assist New Mexico Wineries Inc. purchase and install a 204.47 kWh ground mounted solar array. New Mexico Wineries Inc. was established in 1981 and is headquartered in Deming, New Mexico. It owns several vineyards whose harvests produce grapes for their wine making operation. After the solar system is installed, it will generate more than 152.90 percent of the electricity that the business uses every year. The photovoltaic array will generate enough electricity to power 38 homes. This project falls under COVID-19 and Distressed Communities initiatives.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	REGENERATIVE RANCH, LLC	Grant Funds	\$540,095	Northern New Mexico	This Rural Development investment will be used to purchase and install a 179.52 kilowatt (kW) solar photovoltaic system. Regenerative Ranch LLC is in El Prado, in Taos County, New Mexico. After the solar system is installed, the business will see \$47,504 savings in their annual electric bill. It will generate 354,559 kilowatt hours (kWh) of electricity which is more than 100 percent of the electricity the business uses every year. The photovoltaic array will generate enough electricity to power 32 homes.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RECREATION WORKS, LLC	Grant Funds	\$8,066	Southwest New Mexico Council of Governments	This Rural Development investment will be used to for the purchase and installation of insulation for ceiling, walls, and garage. The construction includes 5/8 inch sheetrock to improve energy efficiency by Recreation Works an off-road dealership located in Bayard, Grant County, New Mexico. After the insulation and sheetrock are installed, the business will see \$1,652.19 savings in their annual electric bill. The project will save 48,136,686 Btu s of energy which is about 40 percent savings of the electricity the business uses every year.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LARRY BELL SCULPTURE, LLC	Grant Funds	\$154,127	Northern New Mexico	This Rural Development investment will be used to purchase and install a 65.12 kilowatt (kW) solar photovoltaic system. Larry Bell Sculptures is in Taos, New Mexico and is best known for the glass boxes and large-scaled illusionistic sculptures. After the solar system is installed, the business will see \$5,004 savings in their annual electric bill. It will generate 109,229 kilowatt hours (kWh) of electricity which is more than 152 percent of the electricity the business uses every year. The photovoltaic array will generate enough electricity to power 10 homes.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	TKL LLC DBA PECOS RIVER CABINS	Grant Funds	\$13,339	Northern New Mexico	This Rural Development investment is being made to TKL LLC dba Pecos River Cabins, for the purchase and installation of a 4.8 kilowatt (kW) and a 3.2 kW solar array. TKL LLC dba Pecos River Cabins, is located in Pecos, San Miguel County, New Mexico. After the solar systems are installed, the business will see \$1,282 savings in their annual electric bill. It will generate 14,356 kilowatt-hours of electricity which is more than 130 percent of the electricity the business uses every year. The photovoltaic array will generate enough electricity to power one home.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DEL VALLE PECANS, LLC	Grant Funds	\$8,940	Dona Ana County	This Rural Development investment is being used to assist Del Valle Pecans LLC to upgrade the loft exhaust fan and fluorescent lighting to LED lamps, replacing outdated chest freezers (x4) with new Energy Star rated models, and adding insulation to the packaging/storage warehouse. Del Valle Pecans LLC is a pecan farm located in Mesilla Park, New Mexico. After the energy efficiency improvements are installed, the business will see \$643 savings in their annual electric bill. It will save 4,612 kilowatt-hours (kWh) of electricity which is more than 71 percent of the electricity the business uses every year.

New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DONA ANA BIOGAS LLC	Grant Funds	\$1,000,000	Dona Ana County	This Rural Development investment is being used to assist Dona Ana Biofuel and Nutrient Recovery Facility (DABNRF) purchase and install a state-of-the-art waste to energy project anaerobic digestion system including tanks. Located outside of Mesquite, in southern New Mexico, this facility will take cow manure from 20,000 cows located on four dairy farms within a six-mile radius of the project site and convert the raw material into natural gas and solid fertilizer. This gas will be injected into the Kinder Morgan pipeline approximately 3.2 miles to the southwest of the DABNRF via a pipeline interconnection. The digestate liquids will be sent to an evaporation pond. Digestate solids will be windrowed and turned for four to six weeks and then sold in bulk. All four farms, Mountain View, Bright Star, Del Oro and Sunset Dairy, are owned by the DeRuyter family.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BRETT CHOMER, LLC	Grant Funds	\$23,913	Northern New Mexico	This Rural Development investment will be used to assist Brett Chomer LLC purchase and install a R-28 roof insulation system. Brett Chomer LLC is an art studio located in Cimarron, New Mexico. After the energy efficiency improvement is completed, the business will see \$173 savings in the annual electric bill. It will save 931 kilowatt hours (kWh) of electricity which is more than 38 percent of the electricity the business uses every year.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BRETT CHOMER, LLC	Grant Funds	\$29,505	Northern New Mexico	This Rural Development investment will be used to purchase and install a 13.32 kilowatt (kW) direct current (DC) photovoltaic (PV) system with a battery backup. Brett Chomer LLC is an art studio located in Cimarron, New Mexico. After the renewable energy system is installed, the business will see \$2,063 savings in their annual electric bill. It will save 18,760 kilowatt hours (kWh) of electricity which is more than 125 percent of the electricity the business uses every year. The energy efficiency improvement will generate enough electricity to power one home.
New Mexico	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	TAOS HOTEL ASSOCIATES, LLC	Grant Funds	\$31,642	Northern New Mexico	This Rural Development investment will be used to purchase and install a 15.2 kilowatt DC photovoltaic system. Taos Hotel Associates is a boutique hotel located in Taos, New Mexico. After the renewable energy system is installed, the business will see \$3,303 savings in their annual electric bill. It will save 27,526 kilowatt hours (kWh) of electricity which is more than 36 percent of the electricity the business uses every year. The energy efficiency improvement will generate enough electricity to power two homes.
New Mexico	Rural Energy for America Technical Assistance Grant Program	REGENTS OF NEW MEXICO STATE UNIVERSITY	Grant Funds	\$300,000	Dona Ana County	This Rural Development investment will be used throughout the state of New Mexico to provide technical assistance to 18 rural small businesses and agricultural producers. The technical assistance that Regents of New Mexico State University will provide will be energy assessments, audits, and technical reports; as well as establish a library of best practices and materials used to assist future NM REAP applicants. It will prioritize projects based on the REAP Technical Assistance Grant (TAG) program objectives, i.e., distressed or disadvantage communities, underutilized technologies, or grant requests of \$20,000 or less. The purpose of this funding program is to assist farmers, ranchers, and rural small businesses in making and submitting a complete REAP application. Regents of New Mexico State University is in Dona Ana County, NM which falls within an RPN Community.
New Mexico	Rural Energy for America Technical Assistance Grant Program	SUSTAINABLE ENGINEERING, LLC	Grant Funds	\$199,958	Dona Ana County	This Rural Development investment will be used throughout the state of New Mexico to provide technical assistance for 10 to 18 rural small businesses and agricultural producers applying to the Renewable Energy for America Program (REAP). The technical assistance will provide energy assessments, audits, and technical reports; as well as assist with preparing reports, planning, completion of environmental reports and REAP applications. It will prioritize projects based on the REAP Technical Assistance Grant (TAG) program objectives, i.e., Distressed or Disadvantage Communities, underutilized technologies, or grant requests of \$20,000 or less. The purpose of this funding program is to assist farmers, ranchers, and rural small businesses in making and submitting a complete REAP application. Sustainable Engineering, LLC is headquartered in Dona Ana County, NM a Rural Partners Network (RPN) community.

New Mexico	Rural Microentrepreneur Assistance Program	B:Side Fund	Grant Funds	\$100,000	—	This Rural Development investment will be used to provide technical assistance to microentrepreneurs located in rural areas in New Mexico. The delivery of technical assistance will be accomplished by teaming up with community partners to provide financial education and training.

New Mexico	Value Added Producer Grants (VAPG)	BACKYARD FARMS, LLC	Grant Funds	\$125,000	Dona Ana County	This Rural Development investment will be used to provide lyophilization processing technology for modification of locally grown fruits and vegetables into a freeze-dried value-added food product. The market expansion product is a ready-to-use cooking ingredient made of freeze-dried fruits and vegetables for meal preparations. The pantry packs will be ideal for large institutional cafeterias and culinary kitchens meal preparations containing long-term preservation ingredients that can be added directly to soups and stews or rehydrated to assist a healthy and nutritious diet.
New Mexico	Value Added Producer Grants (VAPG)	4-A PACKING, LLC.	Grant Funds	\$250,000	Dona Ana County	This Rural Development investment will be used to release new Hatch Chile Bacon product(s) for both restaurant and individual consumer markets. 4-A Packing will peel and roast the New Mexico sourced green chile and add it to pre-cured bacon to further enhance the companys current product and service line.
New Mexico	Value Added Producer Grants (VAPG)	4-A PACKING, LLC.	Grant Funds	\$250,000	Dona Ana County	This Rural Development investment will allow 4-A Packing the opportunity to grow and expand its market and distribution area. Located in is in Deming, Luna County New Mexico 4-A Packing will use the grant funding working to expand its processing of fresh chile into freeze dried green chile stew packs. By doing so, the business will be able to expand to new markets because it will be creating a longer shelf life, which will allow a more cost-effective distribution to a larger area. This project will create 4 new jobs and will increase this companys customer base.
New Mexico	Water and Waste Disposal Grants	Dona Ana Mutual Domestic Water Consumers Association	Grant Funds	\$500,000	Dona Ana County	This Rural Development investment will be used to supplement the original project funding of a loan of \$4,226,000.00 and a grant of \$6,829,965.00 made in 2019 to expand the Doa Ana Mutual Domestic Water Consumers Association (DAMDWCA) wastewater collection system. The expansion of the wastewater collection system will allow additional customers in a nearby subdivision to connect to the sewer system. At the same time the larger capacity of services for existing users will be expanded. Located in southern New Mexico the DAMDWCA has been a USDA Rural Development customer since the late 1970s and has continued to utilize funding for the ever-growing community that they serve.

North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	CAROLINA POULTRY POWER RG2 LLC	Loan Funds - Guaranteed	\$9,000,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase and install a poultry litter waste to energy biomass facility. Carolina Poultry RG2, LLC is a newly created entity for the purposes of generating steam for electricity generation in Wilson, NC. The system is estimated to produce 184,338,000 kWh per year, which is enough electricity to power 16,758 homes. The purpose of this funding program is to assist farmers, ranchers, and rural small businesses in developing renewable energy systems, and in making energy-efficiency improvements to their operations.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	LAKE GASTON PROPCO HOLDINGS, LLC	Loan Funds - Guaranteed	\$9,781,000	Halifax-Northampton	This Rural Development investment will be used to refinance existing loan debt. The two debt loans being covered under this loan helped with the construction, start-up, and building improvements. This project is to support Lake Gastons 42 unit assisted living facility located in Littleton, NC.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	HALIFAX PROPCO HOLDINGS, LLC	Loan Funds - Guaranteed	\$6,770,000	Halifax-Northampton	This Rural Development investment will be used to provide alternative financing to existing debt (currently held by BB&T (now "Truist Bank") and third party mezzanine debt held by Locust Point). The subject facility commenced operations in July of 2018. Total project costs are \$6,770,000 of which \$6,308,135 will refinance existing debt, \$149,385 in working capital, \$162,480 will be used to cover USDA Guaranty Fees, \$70,000 loan fee and approximately \$80,000 to cover closing costs/fees. Per USDA requirements, the borrower must demonstrate at least 1.1x DSCR historically when most of the loan proceeds are being used to refinance debt. The assisted living facility provides daily living and health care assistance in compliance with state licensure and Certificate of Need requirements in Scotland Neck, NC. The facility provides long term assisted living to middle-market seniors in the North Carolina region along with respite care for short term stays.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	LUMBERTON HOTELS 1 LLC	Loan Funds - Guaranteed	\$3,398,000	Robeson, Bladen, Columbus County	The Rural Development investment will be used to fund the acquisition of the four story 56-room, Country Inn & Suites franchise hotel in Lumberton, NC. Upon closing, the facility will undergo property improvement plan to comply with the franchisers requirement. This will allow the hotel to retain the country inn and suites flag on the new franchise agreement. The hotel includes several amenities: a pool, fitness center, business center, vending, and ice machines, and a complimentary breakfast.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	TARBORO PROPCO, LLC	Loan Funds - Guaranteed	\$7,216,553	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to refinance the acquisition and renovation debt for an assisted living facility in Tarboro, North Carolina. The Bridges of Hendricks Creek is a 73-bed facility operated by Tarboro Opco LLC, offering assisted living in memory care services. The facility provides 24/7 daily living assistance including medication management, transportation, and personal care. A portion of this investment, \$881,800, will go towards working capital. This working capital will cover salaries and payroll for staff, utilities, general property repairs, and operation cash to cover cash flow shortfall during stabilization post covid impacts.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	LUMBERTON HOTELS 2 LLC	Loan Funds - Guaranteed	\$4,656,000	Robeson, Bladen, Columbus County	The Rural Development investment will be used to provide long term financing for the purchase of the hotel and to pay the USDA guarantee fee and closing costs. Lumberton 2, LLC was form for the purpose of managing and operating Lumberton Comfort Inn and suites. The property is a five story 70 room limited-service hotel located in Lumberton, NC. The subject property is slated to undergo a property improvement plan upon closing to comply with the franchisers requirement. According to the appraisal, the renovations will include replacement of flooring in the public areas and new window treatments in the corridors in guest rooms.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	JOHNSTON PROPCO LLC	Loan Funds - Guaranteed	\$8,800,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide alternative financing for a Select Bank & Trust Company note and a Locus Point Mezzanine loan both of which are demand notes. The Select Bank loan was used to fund the construction of the property and Locust Point financing was to cover additional improvements and working capital for the operations of the facility. The Select Bank note was originally in the name of Smithfield Property Holdings, LLC and later assumed by Johnston Propco, LLC.

North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	NASHVILLE PROPCO, LLC	Loan Funds - Guaranteed	\$7,500,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to refinance the construction debt structure. The refinance of two notes will allow the borrower to place the demand notes on a fully amortized schedule resulting in improved cash flow. The Gardens of Nashville is a 62-bed living facility bought by Nashville Propco, LLC and they renovated significantly and reopened in 2022. The facility offers 24/7 daily living assistance including medical management, transportation, and personal care.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	CAROLINA STAR HOSPITALITY, LLC	Loan Funds - Guaranteed	\$13,085,930	Halifax-Northampton	This Rural Development investment will be used to provide funding to assist in the acquisition of the property and the construction of the facility. Carolina Star Hospitality LLC was formed in March 2021, for the purpose of acquiring property and construction of a 96 room Fairfield Inn by Marriott in Weldon, North Carolina. Travelers along this major interstate create high demand for hospitality and other commercial services in the Halifax County area.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	S8 HOSPITALITY, LLC	Loan Funds - Guaranteed	\$4,748,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to obtain an interim note (\$4,383,312) used to finance the purchase of a two-story, 80 room, Super 8 by Wyndham franchised hotel located in Smithfield, North Carolina. These funds will also be used to fund a PIP, working capital and pay a portion of the closing fees. The borrowers equity has been used to fund a portion of the cost to purchase the real estate. The current owners are not active in the day-to-day operations and are selling the property to focus on their primary career interest. The borrower anticipates an increase in occupancy with active management and marketing of the property in Smithfield.
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	FUTURE MEAT TECHNOLOGIES INC	Loan Funds - Guaranteed	\$25,000,000	Wilson, Edgecombe, Nash, and Johnston	Detailed Project Description Not Available
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	SMITHFIELD HOSPITALITY, LLC	Loan Funds - Guaranteed	\$6,392,000	Wilson, Edgecombe, Nash, and Johnston	Detailed Project Description Not Available
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	CRESWELL CHARTER BOARD INC.	Loan Funds - Guaranteed	\$1,000,000	Albemarle-Roanoke	Detailed Project Description Not Available
North Carolina	Business and Industry Loan Guarantees (B&I) (BP)	EAST POINT CONTRACTING, LLC	Loan Funds - Guaranteed	\$450,000	Albemarle-Roanoke	Detailed Project Description Not Available
North Carolina	Community Facilities Grants	OUR COMMUNITY HOSPITAL, INC.	Grant Funds	\$117,800	Halifax-Northampton	This Rural Development investment will be used to renovate Our Community Hospital, Inc. Our Community Hospital, Inc.,(dba Bryan Health and Rehab), is a 60-bed skilled nursing facility that also houses 20 assisted living beds. The facility offers short-term therapy services and long-term skilled assistance care. This project will include minor building renovations such as replacing ceiling tiles and installing efficient fluorescent lighting throughout the facility. The renovations will better serve the population by improving safety and energy efficiency, and by brightening spaces to create a more welcoming environment to benefit mood and mental health.
North Carolina	Community Facilities Grants	TOWN OF MIDDLESEX	Grant Funds	\$200,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase vehicles and equipment for the town of Middlesex. The proposed project includes the purchase of a law enforcement vehicle, public works truck, a backhoe, and a new gas generator. The town will soon add an additional officer to their staff; therefore, an additional vehicle is needed to provide the public safety services to the citizens of Middlesex. The towns public works department has an existing truck and backhoe that have exceeded their useful life. The generator will be used for the towns lift station. The proposed vehicles and equipment will assist the town to provide essential services to their citizens.

North Carolina	Community Facilities Grants	TOWN OF MIDDLESEX	Grant Funds	\$50,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase a law enforcement vehicle as well as a utility vehicle for the town of Middlesex. The town will soon be adding an additional law enforcement officer to its staff; therefore, an additional vehicle is needed to provide the necessary services to the citizens of the town. The project will include the purchase of a 2022 Ford Interceptor Utility with the needed upfit, as well as a 2022 John Deere Gator that will be used by the Law Enforcement and Public Works Department. The proposed project is an essential community facility that will provide law enforcement and emergency services for the rural residents of the town.
North Carolina	Community Facilities Grants	CHADBOURN, TOWN OF	Grant Funds	\$50,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase a new street sweeper vehicle for the town of Chadbourn. The towns public works department is responsible for maintenance and upkeep of the streets located within the town limits. The town currently owns a 1998 street sweeper that is out of service and unrepairable due to major mechanical and safety related issues. These repairs would require an extensive overhaul of the unit and due to the units age the repairs would drastically exceed its value. This essential project will include a vehicle, attorneys fees and closing cost fees associated with the transaction, and will provide needed services for the residents of rural Chadbourn.
North Carolina	Community Facilities Grants	CHADBOURN, TOWN OF	Grant Funds	\$25,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase two law enforcement patrol vehicles for Chadbourn. The vehicles will be fitted with new safety equipment to assist with patrol operations. This investment will help the town continue to provide services with dependable vehicles and will eliminate the ongoing and extensive repairs required for the aging vehicles. This essential project will include the vehicles, filing, title, and closing cost fees associated with the transaction. It will provide public safety and lifesaving services for the residents of the rural town of Chadbourn.
North Carolina	Community Facilities Grants	WHITEHOUSE VOL FIRE DEPT	Grant Funds	\$30,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase fire equipment for the Whitehouse Volunteer Fire Department. The departments current fire and safety equipment is old and needs replacement as their technology is outdated, thus making it unreliable for use. The proposed project will consist of jaws of life tools, hoses, safety equipment tools, turnout gear and truck equipment. The equipment to be purchased will allow the department to meet the standards issued by the state for firefighter safety and will also improve rescue services rendered to the citizens in the area. The project is an essential community facility that will provide essential rescue and emergency lifesaving services primarily for rural residents of the service area.
North Carolina	Community Facilities Grants	SHARPSBURG, TOWN OF	Grant Funds	\$50,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase public works vehicles for the town of Sharpsburg. The towns current trucks have exceptionally high mileage and have reached the end of their useful life, requiring the usage of significant funds for ongoing maintenance and repairs. The purchase of these vehicles will allow Sharpsburg to continue to provide services to the citizens, while also saving on extensive repairs that are being completed on the aging vehicles currently utilized by the town. The project will include a 2023 Ford F-150 crew cab truck and a 2023 Ford F-250 crew cab truck, as well as title, tax, tags, and other applicable attorney fees. The purchase of the new vehicles will allow the department to continue to provide public works services to the rural residents for the town of Sharpsburg.

North Carolina	Community Facilities Grants	SHARPSBURG, TOWN OF	Grant Funds	\$4,800	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase public works vehicles for the town of Sharpsburg. The towns current trucks have exceptionally high mileage and have reached the end of their useful life, requiring the usage of significant funds for ongoing maintenance and repairs. The purchase of these vehicles will allow the town to continue to provide services to the citizens, while also saving on extensive repairs that are being completed on the aging vehicles currently utilized by the town. The project will include a new 2023 Ford F-150 crew cab truck and a new 2023 Ford F-250 crew cab truck, as well as titles, taxes, tags, and attorney fees. This project was previously obligated in January 2023, however additional funds are needed due to increased vehicles costs and DMV fees. The purchase of the new vehicles will allow the department to continue to provide public safety services to the rural residents of the town of Sharpsburg.
North Carolina	Community Facilities Grants	SHARPSBURG, TOWN OF	Grant Funds	\$50,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase law enforcement vehicles for the town of Sharpsburg. The purchase of these vehicles will allow Sharpsburg to continue to provide services to the citizens, while also saving on extensive repairs that are being completed on the aging vehicles currently utilized by the town. The project will include the purchase of two 2023 Dodge Durango vehicles, which will be fully upfitted for the departments needs, as well as title, tax, tags, and other applicable attorney fees. The purchase of the vehicles will allow the department to continue to provide public safety services primarily to rural residents for the town of Sharpsburg. public safety services primarily to rural residents for the town of Sharpsburg.
North Carolina	Community Facilities Grants	NASHVILLE, TOWN OF	Grant Funds	\$1,338,750	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to construct a fire station for the Town of Nashville. The towns current station is shared by both fire and police and lack of adequate space is limiting both departments. The town is experiencing significant growth with many new residential subdivisions as well as ongoing commercial development. A subsequent fire station is needed to accommodate Nashvilles growing needs. The new facility will consist of approximately 9,500 square feet and will be constructed on a 4.5-acre site on the east side of town, providing expanded services to citizens, businesses, and surrounding communities. The construction of the new facility will greatly improve response times to the growing areas of Nashville.
North Carolina	Community Facilities Grants	SPEED VOLUNTEER FIRE DEPARTMENT, INC.	Grant Funds	\$100,000	Wilson, Edgecombe, Nash, and Johnston	The Rural Development investment will be used to purchase a fire truck for the Speed Volunteer Fire Department, Inc. The proposed project will consist of a custom-built fire engine to replace the current 24-year-old engine that is currently utilized as first out on a call. Due to the aging vehicle, the department has incurred excessive repairs costs and may face a reduction in their Insurance Services Office (ISO) rating if the engine is not replaced soon. The proposed project will include costs for vehicle taxes, tags, titles, and legal fees associated with the loan closing. The purchase of a new truck will allow the department to better assist the department in providing essential fire protection and emergency services for rural residents in the service area.
North Carolina	Community Facilities Grants	WILLIAMS TOWNSHIP COMMUNITY VFD	Grant Funds	\$30,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase a brush truck and equipment for the Williams Township Community Fire Department. The departments brush truck, as well as some of their fire equipment, are outdated and in need of replacement, which will improve their emergency response capabilities. The proposed project will include the purchase of a Chevrolet Silverado Brush truck, a breathing air compressor, air fill station, lights, sirens, and cascade air bottles. All other applicable costs for title, taxes, tag, and legal expenses will also be included. The purchase of this new truck and equipment will allow the department to better assist by providing essential fire protection and emergency services for the rural residents of the Williams Township.

North Carolina	Community Facilities Grants	DUNN, CITY OF	Grant Funds	\$50,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase law enforcement vehicles for the city of Dunn. The citys current vehicles have exceptionally high mileage and have reached the end of their useful life, requiring the usage of significant funds for ongoing maintenance and repairs. The citys law enforcement uses the vehicles for patrol and general service operations. The proposed purchase will include four Dodge Charger Pursuit vehicles and one 2022 Ford F150 Pursuit truck, along with vehicle taxes, tags, titles, and legal fees associated with the closing transaction. The vehicles will be customized and equipped with lights, siren, radios, radar, and appropriate markings. The purchase of the new vehicles will allow the department to continue to provide public safety services for the rural residents of Dunn.
North Carolina	Community Facilities Grants	ROPER FIRE DEPARTMENT, INC.	Grant Funds	\$50,000	Albemarle-Roanoke	This Rural Development investment will be used to renovate Roper Fire Departments fire station and site. Roper Fire Department serves the Lees Mill Township of Washington County and is need of upgrades to their facility. The station was built in 1987 and needs upgrades necessary for the department to continue serving the community. The proposed project will consist of replacing siding, installing new doors, upgrading interior finishes, improvements to the kitchen and installing American Disabilities Act accessible restrooms. The project will also include upgrading the parking lot for improved service, visibility, safety, and reduced maintenance. The proposed improvements to the facility will allow continued fire protection and emergency services for rural residents of the Lees Mill Township.
North Carolina	Community Facilities Grants	WHITEHOUSE VOL FIRE DEPT	Grant Funds	\$30,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase pagers and turn out gear for the Whitehouse Volunteer Fire Department. The departments current fire and safety equipment is old and needs replacement as their technology is outdated, thus making it unreliable for use. The proposed project will consist of full sets of turnout gear to include coats, vests, pants, boots, hoses, safety equipment tools, and truck equipment. The equipment to be purchased will allow the department to meet the standards issued by the state for firefighter safety and will also improve rescue services rendered to the citizens in the area. The purchase of the new equipment will provide essential rescue and emergency lifesaving services primarily for rural residents of the service area.
North Carolina	Community Facilities Grants	RICH SQUARE FIRE AND RESCUE, INC.	Grant Funds	\$50,000	Halifax-Northampton	Detailed Project Description Not Available
North Carolina	Community Facilities Grants	NORTHAMPTON COUNTY	Grant Funds	\$5,000,000	Halifax-Northampton	This Rural Development investment will be used to construct a courthouse annexation for Northampton County. The current administrative offices utilized to provide services to the county residents does not support the design criteria for a modern office space due to the age of the facility. The proposed project includes the construction of a 15,194 square feet facility, adjacent to the new courthouse which is currently under construction. The new facility will conveniently relocate the services provided by the county manager, tax office, register of deeds, finance office, human resources department and information technology in one location. The construction of the proposed project will assist in providing the necessary services to the citizens and businesses for Northampton County.

North Carolina	Direct Loan (Water and Waste)	Benson, Town of	Loan Funds - Direct	\$2,165,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide funding assistance for waste water system improvements for the town of Benson. The proposed waste water improvements consist of the decommissioning of two sewer pump stations, upgrading one sewer pump station, replacing a sewer force main and the construction of a new pump station with associated force main, the construction of a new gravity sewer system to convey flow from the decommissioned pump stations and provide wastewater service for anticipated future growth in the Mingo Sewer Basin. The proposed project improvements will increase capacity and correct deficiencies to serve the Towns existing residential and commercial sewer users.
North Carolina	Direct Loan (Water and Waste)	Benson, Town of	Grant Funds	\$998,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide funding assistance for waste water system improvements for the town of Benson. The proposed waste water improvements consist of the decommissioning of two sewer pump stations, upgrading one sewer pump station, replacing a sewer force main and the construction of a new pump station with associated force main, the construction of a new gravity sewer system to convey flow from the decommissioned pump stations and provide wastewater service for anticipated future growth in the Mingo Sewer Basin. The proposed project improvements will increase capacity and correct deficiencies to serve the Towns existing residential and commercial sewer users.
North Carolina	Direct Loan (Water and Waste)	Town of Middlesex	Loan Funds - Direct	\$314,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide funding assistance for rehabilitation on the sewer collection system for the town of Middlesex. The project will consist of relining and rehabilitation of 140 sewer manholes out of the towns current 255 manholes, cleaning and video inspecting approximately 16,000 linear feet 8-inch gravity sewer mains to identify sewer lines experiencing inflow and infiltration (I&I), relining with cured in place piping and rehabbing of the wet well, pumps and valve equipment at 11 lift stations. The town will provide sewer service to 499 existing customers consisting of 420 residential users as well as 79 commercial users. The proposed project was originally formally bid on May 3, 2023, in two separate contracts with Step Construction, Inc of La Grange, NC, and H.G. Reynolds Construction, Inc of Henderson, NC. The current construction bidding environment has proven to be volatile, with increased delays in material deliveries and higher project costs and requiring this subsequent funding for the project. The proposed project will eliminate a health and sanitary condition as well as reduce the inflow and infiltration issues and to eliminate citizens from remaining exposed to the sanitary sewer overflow conditions.
North Carolina	Direct Loan (Water and Waste)	Town of Middlesex	Grant Funds	\$941,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide funding assistance for rehabilitation on the sewer collection system for the town of Middlesex. North Carolina	Direct Loans (Community Facilities)	TOWN OF MIDDLESEX	Loan Funds - Direct	\$16,700	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase a law enforcement vehicle as well as a utility vehicle for the town of Middlesex. The town will soon be adding an additional law enforcement officer to its staff; therefore, an additional vehicle is needed to provide the necessary services to the citizens of the town. The project will include the purchase of a 2022 Ford Interceptor Utility with the needed upfit, as well as a 2022 John Deere Gator that will be used by the Law Enforcement and Public Works Department. The proposed project is an essential community facility that will provide law enforcement and emergency services for the rural residents of the town.
North Carolina	Direct Loans (Community Facilities)	CHADBOURN, TOWN OF	Loan Funds - Direct	\$240,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase a new street sweeper vehicle for the town of Chadbourn. The towns public works department is responsible for maintenance and upkeep of the streets located within the town limits. The town currently owns a 1998 street sweeper that is out of service and unrepairable due to major mechanical and safety related issues. These repairs would require an extensive overhaul of the unit and due to the units age the repairs would drastically exceed its value. This essential project will include a vehicle, attorneys fees and closing cost fees associated with the transaction, and will provide needed services for the residents of rural Chadbourn.
North Carolina	Direct Loans (Community Facilities)	CHADBOURN, TOWN OF	Loan Funds - Direct	\$70,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase two law enforcement patrol vehicles for Chadbourn. The vehicles will be fitted with new safety equipment to assist with patrol operations. This investment will help the town continue to provide services with dependable vehicles and will eliminate the ongoing and extensive repairs required for the aging vehicles. This essential project will include the vehicles, filing, title, and closing cost fees associated with the transaction. It will provide public safety and lifesaving services for the residents of the rural town of Chadbourn.
North Carolina	Direct Loans (Community Facilities)	SHARPSBURG, TOWN OF	Loan Funds - Direct	\$62,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase law enforcement vehicles for the town of Sharpsburg. The purchase of these vehicles will allow Sharpsburg to continue to provide services to the citizens, while also saving on extensive repairs that are being completed on the aging vehicles currently utilized by the town. The project will include the purchase of two 2023 Dodge Durango vehicles, which will be fully upfitted for the departments needs, as well as title, tax, tags, and other applicable attorney fees. The purchase of the vehicles will allow the department to continue to provide public safety services primarily to rural residents for the town of Sharpsburg. public safety services primarily to rural residents for the town of Sharpsburg.
North Carolina	Direct Loans (Community Facilities)	SHARPSBURG, TOWN OF	Loan Funds - Direct	\$56,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase public works vehicles for the town of Sharpsburg. The towns current trucks have exceptionally high mileage and have reached the end of their useful life, requiring the usage of significant funds for ongoing maintenance and repairs. The purchase of these vehicles will allow Sharpsburg to continue to provide services to the citizens, while also saving on extensive repairs that are being completed on the aging vehicles currently utilized by the town. The project will include a 2023 Ford F-150 crew cab truck and a 2023 Ford F-250 crew cab truck, as well as title, tax, tags, and other applicable attorney fees. The purchase of the new vehicles will allow the department to continue to provide public works services to the rural residents for the town of Sharpsburg.

North Carolina	Direct Loans (Community Facilities)	SPEED VOLUNTEER FIRE DEPARTMENT, INC.	Loan Funds - Direct	\$456,000	Wilson, Edgecombe, Nash, and Johnston	The Rural Development investment will be used to purchase a fire truck for the Speed Volunteer Fire Department, Inc. The proposed project will consist of a custom-built fire engine to replace the current 24-year-old engine that is currently utilized as first out on a call. Due to the aging vehicle, the department has incurred excessive repairs costs and may face a reduction in their Insurance Services Office (ISO) rating if the engine is not replaced soon. The proposed project will include costs for vehicle taxes, tags, titles, and legal fees associated with the loan closing. The purchase of a new truck will allow the department to better assist the department in providing essential fire protection and emergency services for rural residents in the service area.
North Carolina	Direct Loans (Community Facilities)	MEN AND WOMEN UNITED FOR YOUTH AND FAMILIES, COMMUNITY DEVELOPMENT CORPORATION	Loan Funds - Direct	\$300,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase an existing facility for the Men and Women United for Youth and Families, Inc. This organization offers programs for job and workforce training, peer-to-peer leadership opportunities, and a community food hub, and these services are available to all age groups and citizens in the service area and surrounding rural communities. Currently, the organization occupies the second story of an office building that does not provide adequate space for the services being offered. The proposed project will consist of a 2,700 square foot office building on a one-acre site and will serve as its home office for administrative staff and strategic programming. The proposed facility will allow the department to continue its mission and provide essential services to families in need. The construction of the existing facility will meet the current and future needs for the rural residents of Columbus County.
North Carolina	Direct Loans (Community Facilities)	WILLIAMS TOWNSHIP COMMUNITY VFD	Loan Funds - Direct	\$70,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase a brush truck and equipment for the Williams Township Community Fire Department. The departments brush truck, as well as some of their fire equipment, are outdated and in need of replacement, which will improve their emergency response capabilities. The proposed project will include the purchase of a Chevrolet Silverado Brush truck, a breathing air compressor, air fill station, lights, sirens, and cascade air bottles. All other applicable costs for title, taxes, tag, and legal expenses will also be included. The purchase of this new truck and equipment will allow the department to better assist by providing essential fire protection and emergency services for the rural residents of the Williams Township.
North Carolina	Direct Loans (Community Facilities)	DUNN, CITY OF	Loan Funds - Direct	\$125,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase law enforcement vehicles for the city of Dunn. The citys current vehicles have exceptionally high mileage and have reached the end of their useful life, requiring the usage of significant funds for ongoing maintenance and repairs. The citys law enforcement uses the vehicles for patrol and general service operations. The proposed purchase will include four Dodge Charger Pursuit vehicles and one 2022 Ford F150 Pursuit truck, along with vehicle taxes, tags, titles, and legal fees associated with the closing transaction. The vehicles will be customized and equipped with lights, siren, radios, radar, and appropriate markings. The purchase of the new vehicles will allow the department to continue to provide public safety services for the rural residents of Dunn.
North Carolina	Direct Loans (Community Facilities)	ROPER FIRE DEPARTMENT, INC.	Loan Funds - Direct	\$287,000	Albemarle-Roanoke	This Rural Development investment will be used to renovate Roper Fire Departments fire station and site. Metcon Inc. is the largest minority contractors in the Carolinas. Metcon has a total of 102 current employees and has completed over 800 projects with a focus on K-12 21st century learning environments. Loan funds will assist in the expansion of office space and working capital to purchase equipment for additional hires. Metcon estimates 21 FTEs will be created as a result of the project.
North Carolina	Rural Economic Development Loan and Grant (REDLG)	RANDOLPH EMC	Grant Funds	\$300,000	Glow House Society	Detailed Project Description Not Available
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CAROLINA POULTRY POWER RG2 LLC	Grant Funds	\$250,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase and install a poultry litter waste to energy biomass facility. Carolina Poultry RG2 LLC is a newly created entity for the purposes of generating steam for electricity generation in Wilson, North Carolina. The system is estimated to produce 184,338,000 kilowatt hours (kWh) per year, which is enough electricity to power 16,758 homes.

North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CAROLINA POULTRY POWER RG2 LLC	Loan Funds - Guaranteed	\$25,000,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase and install a poultry litter waste to energy biomass facility. Carolina Poultry RG2 LLC is a newly created entity for the purposes of generating steam for electricity generation in Wilson, North Carolina. The system is estimated to produce 184,338,000 kilowatt hours (kWh) per year, which is enough electricity to power 16,758 homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BECKWITH SOLAR, LLC	Loan Funds - Guaranteed	\$5,500,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase and install a 6.56 MW solar system. Beckwith Solar LLC is a new entity created for the purposes of generating electricity in Tabor City, North Carolina. The system is estimated to produce 12,096,000 kWh in its first year, which is enough electricity to power 1,102 homes. The purpose of this funding program is to assist farmers, ranchers, and rural small businesses in developing renewable energy systems, and in making energy-efficiency improvements to their operations.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ARTHUR SOLAR 2, LLC	Loan Funds - Guaranteed	\$5,700,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase and install a 6.50 mega-watt solar system. Arthur Solar 2 LLC is a newly created entity for the purposes of generating electricity in Tabor City. The system is estimated to produce 12. million kWh in its first year, which is enough electricity to power 1,115 homes. The purpose of this funding program is to assist farmers, ranchers, and rural small businesses in developing renewable energy systems, and in making energy-efficiency improvements to their operations.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	T & H FARMS, LLC	Grant Funds	\$782,584	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase and install an 889.3 kilowatt (kW) solar array. T&H Farms LLC is a poultry farming operation that expects the proposed system to replace 1,105,702 kilowatt hours (kWh) (79 percent) per year. This project will save enough electricity to power 101 homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MARK GODWIN	Grant Funds	\$94,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to purchase and install a 99 kilowatt (kW) solar array. Mark Godwin, owner of a poultry farming operation, projects the system will produce will replace 145,179 kilowatt hours (kWh) (68 percent) per year. This project will save enough electricity to power 13 homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MURDOCK WEBBING COMPANY INCORPORATED	Grant Funds	\$682,771	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to help offset the costs for the purchase and installation of a 507.4 kilowatt (kW) solar system. The new solar system is projected to produce 744,291 kilowatt hours (kWh) of electricity per year, 65 percent of the electricity use for the business operation. Murdock Webbing Company Inc is a textile manufacturer of camouflage materials, military fabrics, pet restraints, fall restraints, industrial grade tie-downs, and slings. The company has been a contractor to the US Military since 1940, with a history dating back 1936.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HUBBLE SOLAR, LLC	Loan Funds - Guaranteed	\$2,380,000	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase and install a 2.8 MW solar system. Hubble Solar, LLC is a newly created entity for the purposes of generating electricity in Whitesville, NC. The system is estimated to produce 4,844,800 kWh in year one, which is enough electricity to power 440 homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BARNESTEED FAMILY, LLC	Grant Funds	\$26,400	Robeson, Bladen, Columbus County	This Rural Development investment will be used to purchase and install a 22.8 kW solar array on the business operation of Barnesteed Family LLC. This project will generate 31,045 kWh per year and realize \$2,484 of saving per year.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	W & S FARM LLC	Grant Funds	\$17,000	Glow House Society	Detailed Project Description Not Available

North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BRYSON FARMS	Grant Funds	\$94,300	Glow House Society	This Rural Development investment will be used to assist Bryson Farms make energy-efficiency improvements to their poultry farm operations. Project funds will be used to improve heating, insulation, and ventilation. This project will save the farm \$11,359 per year and will reduce electricity by 53,638 kilowatt hours (kWh) per year and reduce propane by 4,260 gallons, which is enough electricity to power four homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	C ROBERTS FARMS LLC	Grant Funds	\$251,321	Robeson, Bladen, Columbus County	This Rural Development investment will be used to improve C. Roberts Farms LLCs poultry farm operations. Project funds will be used to purchase and install personnel doors, lights, ceiling insulation, controllers, cool cells, service doors, fans, tunnel doors, vent doors, and improve heaters and wall curtains. This project will save the farm \$9,679 per year and will save 72,385 kilowatt hours (kWh) per year, which is enough electricity to power six homes.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	FIRST WAVE INNOVATIONS, INC	Grant Funds	\$457,220	Wilson, Edgecombe, Nash, and Johnston	Detailed Project Description Not Available
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SMITH, JAMES RANDALL	Grant Funds	\$75,912	Glow House Society	This Rural Development investment will be used to purchase and install insulation, replace service doors, install attic vents and improve heaters at the James R. Smith poultry farm operation. This project will save the farm \$10,483 per year and will reduce energy use by 14,356 kilowatt hours (kWh) per year, which is enough electricity to power one home.
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	T & H FARMS, LLC	Grant Funds	\$892,100	Robeson, Bladen, Columbus County	Detailed Project Description Not Available
North Carolina	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HENRY LOCKLEAR & SONS FARMS INC.	Grant Funds	\$79,267	Robeson, Bladen, Columbus County	Detailed Project Description Not Available
North Carolina	Rural Innovation Stronger Economy (RISE) Grants	CITY OF WILSON	Grant Funds	\$749,463	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to build a smart agriculture laboratory facility that leverages the existing broadband municipal fiber network. This facility will have state of the art sensor, communications and data analytics technologies that support innovation and entrepreneurship. This lab comprises smart greenhouse/glasshouse, smart field/farm and smart farmer s market components.
North Carolina	SEARCH - Special Evaluation Assistance for Rural Communities and Households Grant (WEP)	Princeton, Town of	Grant Funds	\$30,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to finance sewer systems improvements of the Wastewater Treatment Plant (WWTP) for the town of Princeton. The funds for the proposed project will be used for an engineering analysis and preparation of a Preliminary Engineering Report, to assess the WWTP and determine alternatives to address current needs to include capacity, and a required Environmental Assessment.The project will increase capacity in the sewer system that would reduce the potential of sewer overflows and to expand the existing WWTP to meet current and long-term needs of the town. The proposed project will eliminate a health and sanitary condition as well as reduce the inflow and infiltration issues and to eliminate citizens from remaining exposed to the sanitary sewer overflow conditions.

North Carolina	SEARCH - Special Evaluation Assistance for Rural Communities and Households Grant (WEP)	County of Halifax	Grant Funds	\$149,520	Halifax-Northampton	This Rural Development investment will be used to pay costs related to the preparation of a Preliminary Engineering Report and Environmental Assessment to examine alternatives for providing sewer service for the Meadows Sewer District located in the Hollister Community (Census Tract 9308) of the Haliwa-Saponi tribe within Halifax County. This grant is for a project which is part of the "Closing Americas Wastewater Gap" national pilot initiative between the U. S. Department of Agriculture Rural Development (USDA-RD) and U. S. Environmental Protection Agency (USEPA). USDA-RD and USEPA, in collaboration with participating states, tribes, and local communities, are partnering together to implement the Closing Americas Wastewater Access Gap Community Initiative by providing targeted technical assistance resources to the 11 participating areas to support identifying and pursuing federal funding opportunities for sewer service in the proposed service area. The funding will provide an assessment of systems that will deliver collection and treatment improvements for the Meadows Sewer District.

North Carolina	Value Added Producer Grants (VAPG)	SOUTHEASTERN GROWERS ASSOCIATION, INC.	Grant Funds	\$250,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to enter new retail markets requiring a local food designation. This is a new emerging market for Southeastern Growers Association Inc. (SGA). SGA is comprised of four independent family farms that produce a variety of fresh fruits that are sold locally. Grant funds will also be used to purchase new marketing packaging material necessary for market entry. This will include website updates, digital media, and launch expenses with introducing the new products to purchase agent and buyers.
North Carolina	Water and Waste Disposal Grants	Edgecombe Water and Sewer District No. 6	Grant Funds	\$2,327,000	Wilson, Edgecombe, Nash, and Johnston	This Rural Development investment will be used to provide additional financing for improvements to the Edgecombe Water and Sewer District (WSD) Number 6system in the town of Princeville, North Carolina. The project will create a water-system interconnection to Edgecombe WSD Number 2. It will install 1,845 linear feet of the force main and a meter vault; rehabilitate eight pump stations with SCADA; rehabilitate or replace 44 manholes; install 7,530 linear feet of 8- and 12 -inch sanitary sewer line; and replace 12,295 linear feet of 8 , 10-, and 12-inch cured-in-place piping (CIPP) line. The project also will do 18-point repairs; abandon or remove 100 linear feet of gravity-sewer, force-main, and four manholes; and remove and replace sidewalks, curbs and gutters, valley gutters, asphalt pavements, and driveways. The district provides service to 535 residential and 15 commercial water customers plus to 515 residential and 15 commercial sewer customers.

North Carolina	Water and Waste Disposal Grants	Princeton, Town of	Grant Funds	\$1,703,000	Wilson, Edgecombe, Nash, and Johnston	Detailed Project Description Not Available
Puerto Rico	Community Facilities Grants	FUNDACION BUCARABON INC. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$56,774	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$7,000	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$22,927	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$7,897	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.

Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$200,000	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$497,000	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$3,000	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Community Water Assistance Grant	PR Aqueduct & Sewer Authority	Grant Funds	\$22,000	Central Mountain Region	This Rural Development investment will be used to repair damages caused by Hurricane Fiona. On September 18, 2022, Hurricane Fiona hit Puerto Rico as a category one (1) hurricane. Sustained winds and torrential rainfall caused widespread devastation damaging powerlines. Floods and loss of electrical power caused the shutdown of most of the islands potable water and wastewater systems posing an immediate threat to the environment, public health, and safety. Many of our infrastructure was affected, including water and wastewater plants, pumps station, wells, properties, and buildings.
Puerto Rico	Emergency Health Care Grants (Community Facilities)	VILLALBA, MUNICIPALITY OF	Grant Funds	\$123,700	Central Mountain Region	This Rural Development investment will be used to meet the demands arising from the COVID-19 pandemic that have overwhelmed the Municipality of San Villalbas medical emergency services. The Municipality requires equipment to respond to medical emergencies, including an ambulance. This project will help procure an ambulance to serve the rural population of the Municipality of San Villalba. The eligibility criteria is met considering that all of the Municipalitys wards are below 20,000 residents and have a Median household income below the \$27,750 poverty line. The equipment to be acquired will be located and dispatched from the Emergency Management Center at Villalba Arriba ward, a location that is under the 5,000-resident threshold.
Puerto Rico	Emergency Health Care Grants (Community Facilities)	COSSAO, CORPORACION DE SERVICIOS DE SALUD PRIMARIA Y DESARROLLO SOCIOECONOMICO EL OTOAO	Grant Funds	\$208,872	Central Mountain Region	This Rural Development investment will be used to hire a physician and a graduate nurse to administer COVID-19 test and vaccines and provide general health services for the rural residents of Utuado, Jayuya and Ciales. The funds will serve staff with expenses and improve access to health care in these impoverished rural communities.The Municipality of Utuado and remote wards of the municipalities of Jayuya and Ciales are impoverished areas that lack sufficient access to essential medical services and to COVID-19 countermeasures during the ongoing pandemic.

Puerto Rico	Emergency Health Care Grants (Community Facilities)	CEIBA MUNICIPALITY OF	Grant Funds	\$448,800	Eastern Region	This Rural Development investment will be used to deal with the health damages caused by the COVID-19 pandemic and to increase medical surge capacity in rural areas, especially for low and moderate income who dont have access to quality health services. In order to do this, Municipality of Ceiba will acquire the following health care equipment, which is constantly requested by our residents: A bariatric ambulance which is a modified vehicle to carry the severely obese people, with a stretcher and a Skid Plate lifting gear, designed to carry weights between 771 pounds to 992 pound, as well as a trailer, fully transformed into a mobile medical unit to provide health services in the different communities. A F250 4x4 Crew Cab Pick-up, STX Work Truck will also be purchased to move the mobile medical unit through the communities.
Puerto Rico	Fertilizer Product Expansion Program (FPEP)	PAN AMERICAN GRAIN COMPANY INC	Grant Funds	\$3,840,000	Central Mountain Region	This Rural Development investment will be used to help offset the costs associated with repairing damage done to the plant by Hurricane Maria and followed by an earthquake. The grant will be used to clean and reopen a portion of the plant that was closed and to purchase and install new equipment. The improvements will not only restore Pan American Grain Company production to previous production capacity but also increase production. Pan American Grain Company has operated in Puerto Rico for 16 years. By increasing production, they hope to improve food supply chain in Puerto Rico.
Puerto Rico	Housing Preservation Grants	Municipio De Vega Baja	Grant Funds	\$30,665	<b>Eastern Region</b>	This Rural Development investment will be used to repair/improve four rural properties to very low and low-income families. This project will impact families that do not have the resources to improve their own properties. Also, these funds will eliminate the overcrowding issues on these housing units. Materials are purchased in local hardware stores, which benefits the local economy.

Puerto Rico	Water and Waste Disposal Grants	Acueducto Rural Tabor Inc	Grant Funds	\$57,000	Central Mountain Region	This Rural Development investment will be used to purchase a generator. This project will provide the community with two stationary diesel generators that will ensure the residents have potable water and provide back-up energy when needed. It will also ensure that the system has access to a continuous source of safe and reliable water, maintaining adequate quantities of water that meets the standards set by the Safe Drinking Water Act.
Puerto Rico	Water and Waste Disposal Grants	Acueducto Saltos Pellejas Inc.	Grant Funds	\$28,000	Central Mountain Region	This Rural Development investment will be used to purchase a power generator. As a preventive measure, the community is in need of a replacement of the current overused power generator to guarantee water access if loss of power in case of another emergency. Power lines in Puerto Rico are still very vulnerable and power outages are very common specially in rural areas. The aqueduct system needs a reliable 30 kilowatt (kW) power generator with an automatic transfer switch.
Puerto Rico	Water and Waste Disposal Grants	Adjuntas Las Cruces, Inc	Grant Funds	\$18,949	Central Mountain Region	This Rural Development investment will be used to help a rural community purchase and install an emergency power generator with an automatic transfer switch that will ensure that their drinking water system can operate in the absence of electric power. After Hurricane Mara made landfall in September 2017, the community could not operate its sytem for nine months due to the collapse of Puerto Ricos electric power grid. The project will empower the community to deliver reliable drinking water services to its residents in the event of natural disasters.
Puerto Rico	Water and Waste Disposal Grants	Jayuya Municipality of	Grant Funds	\$29,608,000	Central Mountain Region	This Rural Development investment will be used provide assistance to the solid waste landfill. The Jayuya Municipal Landfill is located off PR-144, Collores Ward, The Municipality has owned and operated the facility since 1976. The Landfill currently receives an average of 911.5 tons per month of solid waste and 10,938 tons of solid waste a year from the Municipality. The Landfill receives primarily solid waste from household and commercial sectors, construction and demolition debris, yard waste, scrap automobiles, and white goods. Currently, the municipal solid waste system, including the landfill, employs 13 individuals and receives an annual budget of \$1,143,034.00 and represents 16.3% of the municipal budget. The Municipality generates approximately 48,851 tons tons of non-hazardous solid waste every year. From these, an estimate of 45,483 tons are disposed at the landfill and some 3,368 tons are recovered and diverted for reuse and/or recycling. As a result, approximately 6.9 percent rate of recovery and diversion for all waste generated in Jayuya. Hurricane Mara produced tremendous amounts of waste in the period spanning September 2017 to June 2018, and abruptly reduced the landfills lifespan by over two years (26 months). The storm dumped approximately 22,308 tons of waste in a short time span between November 2017 and January 2019. Consequently, the existing cell will reach its operational capacity within the next two to three years.
Puerto Rico	Water and Waste Disposal Grants	Comunidad Sabana Inc.	Grant Funds	\$20,875	Central Mountain Region	This Rural Development investment will be used to purchase a backup 20 kW power generator. The community received a 40 kW power generator that gives backup energy to most of the connections. The other segment of connections, joined through an inline water pump at the water-tank reservoirs elevation, does not receive backup energy during power outages. This segment needs a generator for emergency backup power. Comunidad Sabana Inc. has 165 connections for approximately 445 residents.

Puerto Rico	Water and Waste Disposal Grants	Comunidad Taita, Incorporado	Grant Funds	\$30,000	Central Mountain Region	This USDA Rural Development investment of \$30,000.00 will help a rural community purchase and install an emergency power generator with an automatic transfer switch that will ensure that their drinking water system can operate in the absence of electric power. After Hurricane Mara made landfall in September 2017, the community could not operate its system due to the collapse of Puerto Rico's electric power grid. The project will empower the community to deliver reliable drinking water services to its residents in the event of natural disasters.
Puerto Rico	Water and Waste Disposal Grants	Comunidad Cerro Gordo Sector El Parque Inc	Grant Funds	\$32,960	Central Mountain Region	This Rural Development investment will be used to assist with Hurricane Maria relief. After the passing of Hurricane Maria the community spent four months without power and utilized for extended periods of time their 40kW emergency power generator until the electrical grid was restored partially. Since then the community has been repairing their power generator but excessive use during the emergency and constant power outages throughout the island left the community with a malfunctioning alternative power source. Currently the power lines in PR are still very vulnerable after the passing of category five Hurricane Maria leaving the island with constant power outages with strong climates and malfunctions of the power grid.
Puerto Rico	Water and Waste Disposal Grants	Acueducto Rural Palmarito Cintron Inc.	Grant Funds	\$226,000	Central Mountain Region	This Rural Development investment will be used to acquire a 30 thousand volt amp electrical generator. After the passing of Hurricane Maria, the Island of Puerto Rico was left with a completely demolished power grid. In some areas, it took over a year to reestablish electric power and water. These funds will assist in the mitigation measure to ensure the ability to provide safe drinking water to Acueducto Rural Palmarito Cintron Inc.'s community members in the event of any future power outages.
Tennessee	Community Facilities Grants	SOUTH FULTON	Grant Funds	\$50,000	Fulton County	This Rural Development investment will be used to purchase fire department safety equipment for the town of South Fulton, Tennessee Fire Department. This equipment will allow department personnel to have adequate breathing apparatuses and radios when responding to an emergency call. This equipment will directly improve public safety and fire protection. This project will benefit the 2,400 residents of the town.
Tennessee	Direct Loan (Water and Waste)	City of South Fulton	Loan Funds - Direct	\$225,000	Fulton County	This Rural Development investment will be used to complete wastewater system improvements for the city of South Fulton, Tennessee. The wastewater treatment plant rehabilitation will improve the sludge digestion and will ultimately benefit the more than 2,000 customers in South Fulton.
Tennessee	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$276,509	Fulton County	Detailed Project Description Not Available
Tennessee	Multi-Family Housing Rental Assistance	Name Withheld	Grant Funds	\$319,651	Fulton County	Detailed Project Description Not Available
Tennessee	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MCCONNELL, JOHN	Grant Funds	\$108,252	Fulton County	This Rural Development investment will be used to provide funding to John McConnell to replace an existing grain dryer with a more energy efficient model. John McConnell, an agricultural producer and farmer, is expected to save \$11,299 per year. The project will save 194,475 kilowatt hours (kW) per year, which is enough energy to power 16 homes.

West Virginia	Business and Industry Loan Guarantees (B&I) (BP)	OAK HILLS PROPERTIES LLC	Loan Funds - Guaranteed	\$3,450,000	Southern West Virginia	This Rural Development investment will be used by Oak Hills Properties, LLC., to purchase the Comfort Inn located in Oak Hill. The borrower, Oak Hills Properties, will manage the 67-room facility. The borrower created two jobs and saved 15 jobs with the purchase. The facility will provide access to travelers in a region that has a growing tourism industry.
West Virginia	Business and Industry Loan Guarantees (B&I) (BP)	GAINWELL ENGINEERING, LLC	Loan Funds - Guaranteed	\$5,000,000	Southern West Virginia	This Rural Development investment will purchase equipment and make updates to the facility for operations in Hico, WV. A \$1 million borrower contribution is included in the project. The borrower is a new business entity in the state and is continuing operations of a former equipment supplier. The business will be creating 18 jobs and saving 22.
West Virginia	Business and Industry Loan Guarantees (B&I) (BP)	LACO DEVELOPMENT LLC	Loan Funds - Guaranteed	\$620,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Community Facilities Grants	BURNSVILLE, TOWN	Grant Funds	\$19,000	West Virginia Pioneer	This Rural Development investment will be used to purchase a 2021 Toyota Daihatsu Hijet HD mini dump truck. The existing mini dump truck is aged, rusting, and having mechanical issues. Having a mini dump truck is vital to the needs of the town.
West Virginia	Community Facilities Grants	MINNIE HAMILTON HEALTH CARE CENTER	Grant Funds	\$99,100	West Virginia Pioneer	This Rural Development investment will be used to assist Minnie Hamilton Health Care Center with the first phase of construction of their rural health clinic. This phase will include installation of new water and sewer lines. The current water and septic systems are failing. This has resulted in the closure of various parts of the facility and thus a lack of health care services. Minnie Hamilton Health Care Center is a 60-year-old hospital structure that has had multiple issues over the past few years. Improvements are planned for completion in four phases.
West Virginia	Community Facilities Grants	MINNIE HAMILTON HEALTH CARE CENTER	Grant Funds	\$50,000	West Virginia Pioneer	This Rural Development investment will be used to assist Minnie Hamilton Health Care Center with the first phase of construction of their rural health clinic. This phase will include installation of new water and sewer lines. The current water and septic systems are failing. This has resulted in the closure of various parts of the facility and thus a lack of health care services. Minnie Hamilton Health Care Center is a 60-year-old hospital structure that has had multiple issues over the past few years. Improvements are planned for completion in four phases.
West Virginia	Community Facilities Grants	MINNIE HAMILTON HEALTH CARE CENTER	Grant Funds	\$310,900	West Virginia Pioneer	This Rural Development investment will be used to assist with the first phase of construction of Minnie Hamilton Health Care Center. Phase one will add new water and sewer lines. Minnie Hamilton Health Care Center is a 60-year-old hospital structure that has had multiple issues over the past few years. The current water and septic systems are failing. This has resulted in the closure of various parts of the facility and thus a lack of health care services. This rural health clinic serves a population of nearly 8,000 people.
West Virginia	Community Facilities Grants	PRINCETON, CITY OF	Grant Funds	\$28,100	Southern West Virginia	This Rural Development investment will be used to purchase a 2021 Ram 2500 crew cab 4x4 heavy duty, all-purpose pickup truck. The truck will allow the fire department to pull the all-purpose hazmat trailer. The city of Princetons Fire Hazmat Department serves over three square miles of streets and neighborhoods as well as the immediate area outside of the city. There is a mutual aid agreement with the volunteer fire departments, which helps approximately 12,000 additional citizens.

West Virginia	Community Facilities Grants	PRINCETON, CITY OF	Grant Funds	\$42,700	Southern West Virginia	This Rural Development investment will be used to purchase two 2022 Dodge Durango Pursuit all wheel drive vehicles with custom upgrades. The Princeton Law Enforcement Department has a staff of 21 officers that are full time employees as well as four K-9 units that respond to emergency calls throughout the city, many times in very dangerous circumstances. Overall, the city has 68 employees along with department heads and administrators. The Princeton Law Enforcement Department has staff on duty seven days a week, 24 hours a day to help ensure the safety of the citizens of Princeton.
West Virginia	Community Facilities Grants	CALHOUN COUNTY COMMISSION	Grant Funds	\$26,400	West Virginia Pioneer	This Rural Development investment will be used to purchase a law enforcement vehicle and equipment for the Calhoun County Sheriffs Department. The Calhoun County Commission will provide the required matching funds to purchase the vehicle and needed equipment. They plan to purchase a 2022 utility all-wheel-drive vehicle which will be a first responder unit for law enforcement activities throughout Calhoun County. This new vehicle will replace one of the high mileage vehicles in their fleet. The department must have reliable vehicles in order to respond immediately to emergency calls.
West Virginia	Community Facilities Grants	SMITHERS, CITY OF	Grant Funds	\$34,500	Southern West Virginia	This Rural Development investment will be used to purchase a four-wheel drive law enforcement vehicle with all the necessary equipment. Smithers has three equipped cars utilized by a 24/7 staff. The officers patrol the city of Smithers as well as three miles of Route 60 going through and beyond town. The officers also provide backup support for the city of Montgomery and the Fayette County Sheriffs Department. This vehicle will replace an aging vehicle in their fleet with more than 200,000 miles and needs repairs that would cost more than the vehicles value. This project will provide a safe vehicle for the officers that support the community.
West Virginia	Community Facilities Grants	GLENVILLE, CITY OF	Grant Funds	\$20,600	West Virginia Pioneer	This Rural Development investment will be used to purchase a Ford emergency response vehicle and equipment to outfit the vehicle. The city of Glenvilles Law Enforcement Department currently employs three full time officers and has a fleet of two cruisers. The department provides public safety and law enforcement assistance approximately 24 hours per day and having reliable equipment is critical. The department serves approximately 1,900 residents within their corporate limits, but also responds to emergency calls to assist the Gilmer County Law Enforcements office and the West Virginia State Law Enforcement outside the city of Glenville. This outside area includes one Federal Correctional Facility which houses approximately 1,600 inmates, Gilmer County Schools, Glenville State College, and the Department of Homeland Security Correctional Officer Academy for the State of West Virginia. In order to efficiently respond to emergency calls in the protection of lives and property of the citizens within the community, a third outfitted cruiser is essential to accommodate the effectiveness of the departments operations.
West Virginia	Community Facilities Grants	SMITHERS, CITY OF	Grant Funds	\$17,200	Southern West Virginia	This Rural Development investment will be used to assist with the purchase of a commercial tractor/mower vehicle for the citys street department. The vehicle will have multiple capabilities including mower, front loader, and backhoe attachments. The vehicle is needed to maintain the citys green spaces and for moving and clearing rocks, mud, and debris from public areas. The city does not currently have a commercial tractor for mowing and relies on two small riding mowers and multiple push mowers.
West Virginia	Community Facilities Grants	ALDERSON, TOWN	Grant Funds	\$50,000	Southern West Virginia	This Rural Development investment will be used to partially finance a cargo vehicle (dump truck) to perform tasks assigned to the municipal street department as well as the towns water and sewer utilities. The truck is necessary to continue providing essential services for these departments since the current vehicle has reached the end of its service life.

West Virginia	Community Facilities Grants	CLAY COUNTY COMMISSION	Grant Funds	\$50,000	West Virginia Pioneer	This Rural Development investment will be used to purchase an ambulance and vehicle for the Clay County Sheriffs Department. The Sheriffs Department and the County Ambulance Service provide service to approximately 8,000 residents, covering a territory of 346 square miles. The Clay County Ambulance Service is currently the only provider in the county and is in need of an additional vehicle to respond to emergencies in a timely manner. The Clay County Sheriffs Department currently operates a very high mileage vehicle that is frequently in need of repairs. Also, many county residents live on secondary roads that are very difficult to access without a four-wheel drive vehicle.
West Virginia	Community Facilities Grants	CLAY COUNTY COMMISSION	Grant Funds	\$10,000	West Virginia Pioneer	This Rural Development investment will purchase an ambulance and vehicle for the Clay County Sheriffs Department. The Sheriffs Department and the County Ambulance Service provide service to approximately 8,000 residents, covering a territory of 346 square miles. The Ambulance Service is currently the only provider in Clay County and is in need of an additional vehicle to respond to emergencies in a timely manner. The Sheriffs Department currently operates a very high mileage vehicle that is frequently in need of repairs. Also, many county residents live on secondary roads that are very difficult to access without a four-wheel drive vehicle.
West Virginia	Community Facilities Grants	SEED SOWER, INC.	Grant Funds	\$50,000	Southern West Virginia	This Rural Development investment will be used to purchase a multi-passenger vehicle to transport clients to and from appointments. Seed Sower Inc. operates a substance abuse treatment center that serves the city of Montgomery in Fayette County, West Virginia. Fayette County is in the Southern West Virgnaia Community Network which is part of the Rural Partners Network.
West Virginia	Community Facilities Grants	SOUTHERN APPALACHIAN LABOR SCHOOL FOUNDATION, INC.	Grant Funds	\$79,200	Southern West Virginia	This Rural Development investment will be used to assist the Southern Appalachian Labor School (SALS) with the repair of the roofs for two of its community center facilities. The organization owns and operates two 911/Red Cross Emergency Shelters located at the Historic Oak Hill School and Beards Fork School. Both facilities house a USDA food pantry along with other community programs. Both facilities are in need of roof repairs and these g rant funds will be used to fulfill this need.
West Virginia	Community Facilities Grants	SOUTHERN APPALACHIAN LABOR SCHOOL FOUNDATION, INC.	Grant Funds	\$24,720	Southern West Virginia	This Rural Development investment will be used to assist the Southern Appalachian Labor School with the repair of the roofs for two of its community center facilities. The organization owns and operates two 911/Red Cross Emergency Shelters located at the Historic Oak Hill School and Beards Fork School. Both facilities house a USDA food pantry along with other community programs. In a subsequent phase of this project, the organization also plans to install solar panels on both buildings to help with high energy costs. The repairs to the two roofs are the first phase.
West Virginia	Community Facilities Grants	GLENVILLE, CITY OF	Grant Funds	\$26,900	West Virginia Pioneer	This Rural Development investment will purchase a law enforcement cruiser for the city of Glenville to expand its fleet of vehicles to accommodate three full-time officers. The department provides public safety and law enforcement assistance 24 hours per day. Having dependable lifesaving equipment is critical for the department to serve the city of 1,900 residents at a moments notice. Police cruisers are essential to the effectiveness of the departments operations in the community. This additional funding will complete the project.
West Virginia	Community Facilities Grants	PRINCETON, CITY OF	Grant Funds	\$2,200,000	Southern West Virginia	Detailed Project Description Not Available

West Virginia	Community Facilities Grants	WAYNE COUNTY BUILDING COMMISSION	Grant Funds	\$1,087,000	Southern West Virginia	This Rural Development investment will be used to enlarge and renovate the third-floor courtroom of the Wayne County Courthouse. Wayne County Building Commission will also renovate offices and connected areas that are used with the courtroom. These improvements will include security and handicap accessibility.
West Virginia	Community Facilities Grants	MCDOWELL COUNTY COMMISSION	Grant Funds	\$50,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Community Facilities Grants	SOUTHERN WEST VIRGINIA COMMUNITY AND TECHNICAL COLLEGE	Grant Funds	\$1,275,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Community Facilities Grants	MARSHALL UNIVERSITY RESEARCH CORPORATION	Grant Funds	\$905,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Community Facilities Grants	BECKLEY BUILDING COMMISSION	Grant Funds	\$139,000	Southern West Virginia	This Rural Development investment will be used to purchase public works equipment for the city of Beckley. The city will purchase a bulldozer, excavator, and snowplow. This equipment will help they citys public works employees to provide needed services for the citizens of Beckley.
West Virginia	Direct Loan (Water and Waste)	Williamson, City of	Loan Funds - Direct	\$4,953,000	Southern West Virginia	This Rural Development investment will be used to construct various upgrades to the City of Williamsons water treatment, storage, and distribution systems. The project will install new high service pumps and filter media at the treatment system. The project will construct approximately 15,100 feet of 24-inch and smaller diameter water mains, a 500-gallons-per-minute booster pump station, and four new water storage tanks of varying capacity. In addition, the project will rehabilitate a 300,000-gallon water storage tank and install numerous pressure-reducing stations and back-up generators for the treatment plant and booster pump station.
West Virginia	Direct Loan (Water and Waste)	Red Sulphur Public Service District	Loan Funds - Direct	\$3,803,000	Southern West Virginia	This Rural Development investment will extend the Red Sulphur Public Service Districts (PSD) waterline to over 80 new customers on Adair, Little Rich Creek, and Pinhook Roads. These areas have population densities to progress a water line extension project that would bring new residential customers to the PSD and provide safe drinking water to citizens within the proposed project.
West Virginia	Direct Loan (Water and Waste)	Red Sulphur Public Service District	Grant Funds	\$996,000	Southern West Virginia	This Rural Development investment will extend the Red Sulphur Public Service Districts (PSD) waterline to over 80 new customers on Adair, Little Rich Creek, and Pinhook Roads. These areas have population densities to progress a water line extension project that would bring new residential customers to the PSD and provide safe drinking water to citizens within the proposed project.

West Virginia	Direct Loans (Community Facilities)	PRINCETON BUILDING COMMISSION	Loan Funds - Direct	\$1,134,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Direct Loans (Community Facilities)	HOSPITAL DEVELOPMENT CO	Loan Funds - Direct	\$3,000,000	West Virginia Pioneer	This Rural Development investment will be used by Hospital Development Company (doing business as Roane General Hospital) to remodel and update the inpatient floor of the hospital. Issues with the heating, ventilation, and air conditioning (HVAC) system were discovered during COVID because the air flow was unable to be contained to each room with the current HVAC. The hospital created homemade negative air flow rooms for those with COVID to keep the contaminated air to each room. These funds will be used to update the HVAC for the whole floor so that those with infectious diseases can have the airflow contained per room. Other minor updates will also be done on the inpatient floor while they are working on updating the duct work.
West Virginia and Ohio	Distance Learning and Telemedicine Grants	Wirt County Health Services Association	Grant Funds	\$484,101	<b>West Virginia Pioneer</b>	This Rural Development investment will be used to equip four hub sites, seven hub/end-user sites and five end-user sites throughout Jackson, Wirt and Wood counties in west-central West Virginia and Meigs County in eastern Ohio. Medical professionals at Wirt County Health Services Association Inc. dba Coplin Health Systems in Wirt County, West Virginia will deliver telehealth services, including primary care, substance and opioid use disorder treatment, mental health treatment and preventative care, improving the health and well-being of 17,960 individuals.
West Virginia	Distance Learning and Telemedicine Grants	Westbrook Health Services, Inc.	Grant Funds	\$175,428	<b>West Virginia Pioneer</b>	This Rural Development investment will be used to equip one hub site, six hub/end-user sites and 10 end-user sites throughout Wood, Pleasants, Ritchie, Jackson, Roane and <b>Calhoun</b> counties in northern West Virginia with video conferencing equipment to provide telehealth services. Medical professionals at Westbrook Health Services Inc. sites in Wood, Roane, Jackson, Pleasants and Ritchie counties in West Virginia will deliver mental health care including substance and opioid use disorder treatment to 17 locations benefiting 2,554 rural individuals.

West Virginia	Emergency Health Care Grants (Community Facilities)	MINNIE HAMILTON HEALTH CARE CENTER	Grant Funds	\$1,000,000	West Virginia Pioneer	This Rural Development investment will be used to support phase 2 construction of the Minnie Hamilton Health Care Center. This phase will include construction of two floors, a new lab, a kitchen/cafeteria, a lobby, and a heliport in the parking lot. Minnie Hamilton Health Care Center is a 60-year-old hospital structure that has had multiple issues over the past few years. Improvements are planned for completion in four phases. Phase 2 will provide additional space for better functionality and necessary health services for nearly 8,000 people in the area.
West Virginia	Emergency Health Care Grants (Community Facilities)	ROANE CO. FAMILY HEALTHCARE, INC	Grant Funds	\$874,000	West Virginia Pioneer	This Rural Development investment will be used to construct an entryway to Roane County Family Health (RCFH) centers building which will allow the center to separate incoming and outgoing traffic. This project will help better control COVID-19 and other highly contagious diseases. The center is also proposing making the entryway handicap accessible and adding elevators. Currently, RCFH has one entryway door which requires those going in and out to enter and exit through the same door, potentially meeting each other in this confined space. The front entryway is also not handicap accessible.
West Virginia	Emergency Health Care Grants (Community Facilities)	HOSPITAL DEVELOPMENT CO	Grant Funds	\$1,000,000	West Virginia Pioneer	This Rural Development investment will be to update the heating, ventilation and air condition (HVAC) system on its inpatient floor. The current system is from 1970 and does not have a negative air exchange which would allow the air to consistently be drawn out of an infected area and not re-circulated to the rest of the non-infected spaces. By updating this HVAC system to include the negative air exchange on the inpatient floor, the patients hospitalized with infectious diseases would be able to stay on the correct floor without potentially infecting other patients. The hospital is currently using the original air mechanical system from 1970 on the inpatient floor. COVID-19 highlighted the issue of air quality and how air exchange can be an effective infection control tool.
West Virginia	Funds Administered by WEP for Partner Programs	Bradshaw, Town of	Grant Funds	\$1,000,000	Southern West Virginia	This Rural Development investment will be used to convert the Town of Bradshaws waste water system to a traditional gravity system. This project will consolidate the majority of the customers onto centralized pumping stations for system efficiency and energy savings. The existing multiple high maintenance, high energy consumption grinder pumps and vacuum stations will be removed. The system is a hybrid compilation of multiple technologies that suffers from high energy consumption, regular component malfunctions, infiltration, and excessive staff time requirements. The system was completed in the mid-1990s, and both the lines and the plant have exceeded their useful life expectancy.

West Virginia	Rural Disaster Repair Grants (SFH)	Name Withheld	Grant Funds	\$25,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WEATHERFORD III, SMILEY WILLIAM	Grant Funds	\$6,796	West Virginia Pioneer	This Rural Development investment will be used to help Smiley Weatherford, a family owned livestock and vegetable farm,purchase and install a 8.6-kW solar array. This project will save \$1,153 per year and replace 9,297 kWh (40%) annually for the business operation, which is enough electricity to power a portion of a home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SOUKUP, MARK	Grant Funds	\$7,399	Southern West Virginia	This Rural Development investment will be used to assist Mark Soukup, who owns and operates a small furniture-making business. Project funds will be used to purchase and install a 11-kW solar array. This project will realize \$1,179 per year in savings and will replace 11,824 kWh (100 percent) per year for a small manufacturing facility, which is enough electricity to power the majority of one home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RICHARDS, DONNA	Grant Funds	\$11,040	West Virginia Pioneer	This Rural Development investment will be used to assist Donna Richards crop and horse farm in Calhoun County. Project funds will be used to purchase and install a 16-kW solar array. This project will realize \$1,646 per year in savings and will replace 16,502 kWh (100 percent) per year, which is enough electricity to power one home.

West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LAISHLEY FAMILY TRUST	Grant Funds	\$15,473	Southern West Virginia	This Rural Development investment will be used to assist Laishley Family Trust, a family owned small business that focuses on herb and water products. Project funds will be used to purchase and install a 16-kW solar array. This project will realize \$2,058 per year in savings and will replace 17,582 kWh (100 percent) per year for a greenhouse and toolshed, which is enough electricity to power one home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	FORMULA MOTOR CAR, INC	Grant Funds	\$199,200	Southern West Virginia	This Rural Development investment will be used to purchase and install a 211 kilowatt (kW) solar array for Formula Motor Car Inc., which runs Thornhill Toyota in Logan County. This project will realize \$17,275 per year in savings and will replace 246,785 kilowatt hours (kWh) per year, which is enough to power 23 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SOLAR HOLLER POWER PLANT COMPANY LLC	Grant Funds	\$250,000	Southern West Virginia	This Rural Development investment willpurchase and install a 701 kilowatt (kW) solar array for Solar Holler Power Plant Company LLC, which operates a solar electric power generation facility in Cabell County. This project will produce 814,678 kilowatt hours (kWh) per year, which is enough electricity to power 76 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SOLAR ENERGY SOLUTIONS, LLC	Grant Funds	\$200,000	West Virginia Pioneer	This Rural Development investment will be used to purchase and install a 300 kilowatt (kW) solar array in Braxton County for Solar Energy Solutions, a West Virginia solar developer. This project will realize \$42,210 per year in savings and will replace 270,000 kilowatt hours (kWh) (58 percent) per year, which is enough electricity to power a 22 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	PANUCCI ORTHODONTICS, PLLC	Grant Funds	\$39,821	Southern West Virginia	This Rural Development investment will be used to purchase and install a 42 kilowatt (kW) solar array for Panucci Orthodontics PLLC, which runs its Farming Smiles office in Monroe County, West Virginia. This project annually will save \$4,771 and replace 52,378 kilowatt hours (kWh) (94 percent), enough energy to power four homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BELLE VUE DAIRY LLC	Grant Funds	\$19,921	Southern West Virginia	This Rural Development investment will be used to purchase and install a 19.71-kilowatt (kW) solar array. Belle Vue Dairy LLC, located in Monroe County, has been producing dairy cattle and milk for eight years.This project will realize \$5,502 per year in savings and will generate 23,553 kilowatt hours (kWh) per year (47 percent of energy being replaced), which is enough electricity to power two homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WOOTEN MACHINE CO, INC	Grant Funds	\$24,238	Southern West Virginia	This Rural Development investment will be used to purchase and install energy-efficient LED lighting at Wooten Machine, a full-service machine shop in Cabell County which manufactures mining equipment parts for the coal and industrial minerals industry. This project is expected to save the owner \$41,589 per year and 670,747 kilowatt hours (kWh) per year, which is enough energy to power 55 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WACO FOODS, LLC	Grant Funds	\$156,449	West Virginia Pioneer	This Rural Development investment will be used to assist a rural small business in making energy-efficient improvements in central West Virginia. Waco Foods LLC is a family-owned grocery store in Glenville. Project funds will be used to upgrade the stores refrigeration system and related components. This project will realize \$34,270 a year in savings and will reduce energy consumption by 50% or 503,670 kWh annually.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MONONGAHELA RIVER SOLAR LLC	Grant Funds	\$29,167	Southern West Virginia	This Rural Development investment will be used to purchase and install a 47 kilowatt (kW) solar array. Monongahela River Solar LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 57,225 kilowatt hours (kWh) annually, which is enough electricity to power six homes.

West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BONAZZO AND SUESLI REAL ESTATE LLC	Grant Funds	\$18,615	West Virginia Pioneer	Detailed Project Description Not Available
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WAMPUS BEAST SOLAR LLC	Grant Funds	\$175,584	Southern West Virginia	This Rural Development investment will be used to purchase and install a 283 kilowatt (kW) solar array. Wampus Beast Solar LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 349,263 kilowatt hours (kWh) annually, which is enough electricity to power 35 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BENNADY LLC	Grant Funds	\$19,879	Southern West Virginia	This Rural Development investment will assist in the purchase and installation of a 13.4-kW solar array. Bennadys is a family-owned restaurant located in McDowell County. This project will realize \$827 per year in savings and will generate 13,776 kWh per year (99% of energy being replaced), which is enough electricity to power one home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BLACKWATER RIVER SOLAR LLC	Grant Funds	\$115,456	Southern West Virginia	This Rural Development investment will be used to purchase and install a 180 kilowatt kW) solar array. Blackwater River Solar LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 216,263 kilowatt hours (kWh) annually, which is enough electricity to power 21 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HUMMINGBIRD LANE LLC	Grant Funds	\$27,530	Southern West Virginia	This Rural Development investment will be used to purchase and install a 22.5-kW solar array at Hummingbird Lane LLC, a bed and breakfast in Beckley. This project will replace \$2,600 and generate 13,541 kWh annually, which is enough electricity to power one home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	GRAFTON MONSTER LLC	Grant Funds	\$103,984	Southern West Virginia	This Rural Development investment will be used to purchase and install a 162.5 kilowatt (kW) solar array. Grafton Monster LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 195,296 kilowatt hours (kWh) annually, which is enough electricity to power 19 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BURGOO SOLAR LLC	Grant Funds	\$193,049	Southern West Virginia	This Rural Development investment will be used to purchase and install a 311 kilowatt (kW) solar array. Burgoo Solar LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 357,580 kilowatt hours (kWh) annually, which is enough electricity to power 35 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NW ACQUISITION LLC	Grant Funds	\$468,786	Southern West Virginia	This Rural Development investment will be used to support a small-business in southern West Virginia. NW Acquisition LLC is a ski resort in Raleigh County. Project funds will be used to upgrade the interior lighting, rooftop gas heaters, exterior lighting, snow making machines and walk-in freezers. This project will realize \$216,206 a year in savings and will reduce energy consumption by 41 percent or 1,158,397 kWh annually.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DEBRA KILCOLLIN DBA KILCOLLIN RENTAL	Grant Funds	\$20,805	Southern West Virginia	This Rural Development investment will be used to used to purchase and install a 18.2 kilowatt (kW) solar array. Debra Kilcollins owns vacation rentals located in Monroe County. This project will generate 20,994 kilowatt hours (kWh) per year (104 percent of energy being replaced), which is enough electricity to power one home.

West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	OLD AS THE HILLS ANTIQUES/J. MARK INC	Grant Funds	\$47,747	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RAVENMOCKER SOLAR LLC	Grant Funds	\$123,228	Southern West Virginia	This Rural Development investment will be used to purchase and install a 193 kilowatt (kW) solar array. Ravenmocker Solar LLC is a solar company in Cabell County. Project funds will be used for the This project will generate 236,253 kilowatt hours (kWh) annually, which is enough electricity to power 23 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MORRIS PLANTS AND GREENHOUSE	Grant Funds	\$16,260	Southern West Virginia	This Rural Development investment will be used to purchase and install a 10.5-kW solar array for Morris Plants and Greenhouses, a family-owned business in Fayette County. This project will replace \$1,894 and generate 10,817 kWh annually, which is enough electricity to power one home.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LAUREL CREEK HARDWOODS, INC.	Grant Funds	\$29,931	West Virginia Pioneer	Detailed Project Description Not Available
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MUD RIVER SOLAR LLC	Grant Funds	\$165,385	Southern West Virginia	This Rural Development investment will be used to purchase and install a 267 kilowatt (kW) solar array. Mud River Solar is a solar company in Cabell County. Project funds will be used for the This project will generate 313,557 kilowatt hours (kWh) annually, which is enough electricity to power 31 homes.
West Virginia	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ELKHORN INN & THEATRE, LLC	Grant Funds	\$66,000	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Rural Energy for America Technical Assistance Grant Program	GREATER WILLIAMSON COMMUNITY DEV CORPORA	Grant Funds	\$125,099	Southern West Virginia	This Rural Development investment will be used to provide technical assistance to small businesses in West Virginia. The Greater Williamson Community Development Corporation, based in Williamson, will provide 30 small businesses technical assistance services. Their effort will include developing energy assessments and supporting small businesses in applying for future REAP Grant funding.
West Virginia	Rural Microentrepreneur Assistance Program	Woodlands Community Lenders, Inc.	Grant Funds	\$46,576.00	<b>West Virginia Pioneer</b>	This Rural Development investment will be used to provide technical assistance to small businesses. Woodlands Community Lenders Inc. is a non-profit lending institution in the Potomac Highlands region of the state. The funds will be used to provide technical support to small businesses in Barbour, Randolph, Tucker, Grant, Preston, Upshur, Pocahontas, Pendleton, and <b>Webster</b> counties.
West Virginia	SEARCH - Special Evaluation Assistance for Rural Communities and Households Grant (WEP)	Crab Orchard-MacArthur PSD	Grant Funds	\$75,000	Southern West Virginia	This Rural Development investment will be used to prepare a preliminary engineering report (PER) and environmental report (ER) for the Crab Orchard-MacArthur Public Service District to provide public sewer service alternatives in and near the cities of Rhodell and Amigo in Raleigh County, West Virginia. The project is part of the USDA and EPA national initiative Closing the Wastewater Gap.
West Virginia	SEARCH - Special Evaluation Assistance for Rural Communities and Households Grant (WEP)	McDowell County Public Service District	Grant Funds	\$75,000	Southern West Virginia	This Rural Development investment will be used to prepare a preliminary engineering report (PER) and environmental report (ER) for the McDowell County Public Service District to provide public sewer service alternatives in and near the cities Keystone and Northfork, West Virginia. The project is part of the USDA and EPA national initiative Closing the Wastewater Gap.

West Virginia	Single-Family Housing Direct Loans	Name Withheld	Loan Funds - Direct	\$187,630	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Value Added Producer Grants (VAPG)	APPALACHIAN BOTANICAL COMPANY, LLC	Grant Funds	\$224,975	Southern West Virginia	This Rural Development investment will be used to engage a digital marketing agency, outside sales support and purchase production supplies to create lavender value-added products.
West Virginia	Value Added Producer Grants (VAPG)	SUNSET-BERRY FARM AND PRODUCE	Grant Funds	\$49,999	Southern West Virginia	Detailed Project Description Not Available
West Virginia	Water and Waste Disposal Grants	Lavalette Public Service District	Grant Funds	\$616,000	Southern West Virginia	This Rural Development investment will be used to upgrade the German Ridge and Dickson areas of the Northern Distribution System to an eight-inch waterline to better serve the systems customers with fire flow, reduced water loss, and reduced operation and maintenance costs associated with leak repairs. The project will also install Supervisory Control and Data Acquisition (SCADA) additions, automatic flushing equipment, tank cleaning, and installation of tank mixers. The mapping of the entire Northern Distribution System will provide additional security and reduce the time associated with locating problems within the distribution system. These additional funds will complete this project.
West Virginia	Water and Waste Disposal Grants	Bradshaw, Town of	Grant Funds	\$1,000,000	Southern West Virginia	This Rural Development investment will be used to convert the Town of Bradshaws waste water system to a traditional gravity system. This project will consolidate the majority of the customers onto centralized pumping stations for system efficiency and energy savings. The existing multiple high maintenance, high energy consumption grinder pumps and vacuum stations will be removed. The system is a hybrid compilation of multiple technologies that suffers from high energy consumption, regular component malfunctions, infiltration, and excessive staff time requirements. The system was completed in the mid-1990s, and both the lines and the plant have exceeded their useful life expectancy.
West Virginia	Water and Waste Disposal Grants	Red Sulphur Public Service District	Grant Funds	\$334,000	Southern West Virginia	Detailed Project Description Not Available
Wisconsin	Biofuel Producer Program	ACE ETHANOL, LLC	Grant Funds	\$14,966,669	Northwestern Wisconsin	This Rural Development investment will be used to help biofuel producers recover from unexpected market losses suffered as a result of COVID-19. Ace Ethanol, LLCis receiving financial assistance for twofacilities that produce ethanol . The facilities are located in Wisconsin.
Wisconsin	Biofuel Producer Program	ACE ETHANOL, LLC	Grant Funds	\$1,857,654	Northwestern Wisconsin	This Rural Development investment will be used to provide additional financing to biofuel producers to recover from unexpected market losses resulting from the COVID-19 pandemic. Ace Ethanol LLC is receiving additional funding for two ethanol-production facilities in Wisconsin.
Wisconsin	Business and Industry Loan Guarantees (B&I) (BP)	TRES COMAS LLC	Loan Funds - Guaranteed	\$2,480,000	Adams County Visionary	This Rural Development investment will be used to purchase and improve the Camp Lake Mason Campground in Briggsville, Wisconsin. This project will create three new jobs, and one job will be saved because of this investment.

Wisconsin	Community Facilities Grants	AUGUSTA, CITY OF	Grant Funds	\$24,500	Northwestern Wisconsin	This Rural Development investment will be used to purchase a law enforcement vehicle for the Augusta law enforcement department. The Augusta Department has three patrol vehicles, one being obligated to their K9 handler, and another to the school resource officer. The third patrol vehicle is left for general patrol and law enforcement services, which results in an inability to properly respond to all calls. Additionally, if the primary vehicle becomes mechanically disabled it would leave the area vulnerable to no law enforcement response. This project will benefit the residents of Augusta and the surrounding area including the town of Bridge Creek by ensuring the department has ample means to respond and serve the community quickly and efficiently.
Wisconsin	Community Facilities Grants	LAONA RESCUE UNIT INC	Grant Funds	\$2,093,000	Forest County	This Rural Development investment will be used to design and construct a new emergency management system (EMS) station. The EMS building located in Laona, Wisconsin failed to pass inspection. The building owners determined building improvements are not financially feasible, which resulted in an eviction from the building. This left 911 ambulance services to area townships and the Forest County Potawatomi reservation including the hotel and casino, unmaintainable. The funds will be used to consolidate two current stations into one new central location to supply 911 services to the townships of Blackwell, Caswell, Carter, Laona, Ross and Wabeno, and the Forest County Potawatomi Reservation. This new facility will be capable of housing six ambulances, will include a classroom training space, walk-in triage room, dayroom kitchen and an operations emergency command center.
Wisconsin	Community Facilities Grants	ADAMS COUNTY FIRE DISTRICT	Grant Funds	\$34,000	Adams County Visionary	This Rural Development investment will be used to purchase and install a backup generator operated by by the Adams County Fire District (ACFD) for the fire station, located in the Adams, Wisconsin. The ACFD is a volunteer fire department, and the current fire station was built approximately five years ago. At the time of construction, the original plan was to include a backup generator. Due to an increase in construction costs, the generator was not able to be included in the original build. Consequently, the fire station presently does not have a backup generator. Without backup power, the ACFD is vulnerable to power outages. If a power outage were to occur during a very cold period, the firefighting equipment could experience serious damage. The county is at risk of having limited fire coverage in the event of severe storms if the power were to go out.
Wisconsin	Direct Loan (Water and Waste)	Mondovi, City of	Loan Funds - Direct	\$1,158,000	Northwestern Wisconsin	This Rural Development investment will be used to provide additional financing due to increased construction costs and supply chain issues on the following project funded in FY19: Expansion of water mains to a proposed industrial park in the city of Mondovi. The new industrial park will include space for a Wastewater Treatment Plant (WWTP) that is being funded thru a FY 19 Rural Development sewer loan/grant. The current site of the WWTP is close to residential buildings, located in a 100-year flood plain, and is surrounded by wetlands preventing possible expansion. The water extension will provide service to the industrial park, including the new WWTP and 17 additional residential homes.

Wisconsin	Direct Loan (Water and Waste)	Bloomer, City of	Loan Funds - Direct	\$629,000	Northwestern Wisconsin	This Rural Development investment will be used to provide additional financing for upgrades to water and sewer systems of the city of Bloomer, Wisconsin. The Wisconsin Department of Natural Resources notified the city that the water distribution system exceeded lead limits. The city must remove all lead service lines and lead-jointed water main pipes. The sanitary sewer mains in the project area are near the end of their useful life and have root intrusions and broken clay-tile pipes. If left unrepaired, these will cause increased infiltration and inflow at the Wastewater Treatment Plant and increase the risk for customer back-ups. This water and sewer upgrade project will include full reconstruction of approximately five miles of city streets including replacement of about 20,000 feet of lead-jointed water main and will address failing sanitary sewer collection system components. The removal of all lead components from the water system will reduce the lead levels currently present in the drinking water and return levels in the citys drinking water to an acceptable level. The replacement of wastewater collection pipes will remove numerous sags, breaks and intrusions to maintain an operational system for many years.
Wisconsin	Direct Loan (Water and Waste)	Thorp, City of	Grant Funds	\$2,019,000	Northwestern Wisconsin	This Rural Development investment will be used by the city of Thorp to make upgrades to the waste water treatment plant (WWTP). The plant is over 35 years old and in need of upgrades due to growth in the community along with not being able to accept more wastewater without biological overloading and larger flows than the original design. The WWTP has been meeting effluent limits but has been turning away interested industries due to lack of capacity. The lagoons and the holding pond need to be dredged, they have synthetic liners that are ripped and require replacement, and there is also a need for new aeration equipment. This project will include upgrades to the aeration and lining of the lagoons and pond, a new main WWTP, and a new main lift station facility.
Wisconsin	Direct Loan (Water and Waste)	Thorp, City of	Loan Funds - Direct	\$6,500,000	Northwestern Wisconsin	This Rural Development investment will be used by the city of Thorp to make upgrades to the waste water treatment plant (WWTP). The plant is over 35 years old and in need of upgrades due to growth in the community along with not being able to accept more wastewater without biological overloading and larger flows than the original design. The WWTP has been meeting effluent limits but has been turning away interested industries due to lack of capacity. The lagoons and the holding pond need to be dredged, they have synthetic liners that are ripped and require replacement, and there is also a need for new aeration equipment. This project will include upgrades to the aeration and lining of the lagoons and pond, a new main WWTP, and a new main lift station facility.
Wisconsin	Direct Loan (Water and Waste)	Prentice, Vlg of	Loan Funds - Direct	\$2,337,000	Northern Wisconsin	This Rural Development investment will be used to construct a new Waste Water Treatment Facility (WWTF) in the Village of Prentice. Recent evaluations and planning documents for the facility identified numerous equipment, structural, process, control, and electrical deficiencies. The facility was constructed in 1978 and underwent minor upgrades in 1997 and 2008, which included the addition of a sludge storage tank and fine screening. Influent pumps installed in 2012 are the most recent equipment replacement. The equipment and structures have been well maintained, but most are over 40 years old now, well beyond the normal useful equipment life of 15 to 25 years. Due to the extent of the deficiencies and the facilitys age, estimated costs, and operational costs, the village plans to construct a new WWTF at a different location on the same site. The process will be the same activated sludge package plant process as the previous which minimizes costs, operator training, and footprint, while still meeting the Villages needs.

Wisconsin	Direct Loan (Water and Waste)	Prentice, Vlg of	Grant Funds	\$5,422,000	Northern Wisconsin	This Rural Development investment will be used to construct a new Waste Water Treatment Facility (WWTF) in the Village of Prentice. Recent evaluations and planning documents for the facility identified numerous equipment, structural, process, control, and electrical deficiencies. The facility was constructed in 1978 and underwent minor upgrades in 1997 and 2008, which included the addition of a sludge storage tank and fine screening. Influent pumps installed in 2012 are the most recent equipment replacement. The equipment and structures have been well maintained, but most are over 40 years old now, well beyond the normal useful equipment life of 15 to 25 years. The process will be the same activated sludge package plant process as the previous which minimizes costs, operator training, and footprint, while still meeting the Villages needs.
Wisconsin	Direct Loan (Water and Waste)	Bloomer, City of	Grant Funds	\$443,000	Northwestern Wisconsin	This Rural Development investment will be used to provide additional financing due to increased project bid costs on the following project funded in FY21: Upgrades to the City of Bloomer water and sewer systems. The WDNR notified the city that the water distribution system exceeded lead limits and the city is required to remove all lead service lines and lead-jointed water main pipe. The sanitary sewer mains in the project area are nearing the end of their useful life, have clay tile pipes that are broken, and have root intrusions. These issues if left unattended will cause increased I/I at the WWTP and increase the risk for customer back-ups. This water and sewer upgrade project will include full reconstruction of approximately five miles of city streets including replacement of about 20,000 feet of lead-jointed water main and will address failing sanitary sewer collection system components. The removal of all lead components from the water system will reduce the lead levels currently present in the drinking water and return lead levels in the citys drinking water to an acceptable level. The replacement of wastewater collection pipes will remove numerous sags, breaks and intrusions so that the system can operate for many years to come.
Wisconsin	Direct Loan (Water and Waste)	Bloomer, City of	Loan Funds - Direct	\$406,000	Northwestern Wisconsin	This Rural Development investment will be used to provide additional financing due to increased project bid costs on the following project funded in FY21: Upgrades to the City of Bloomer water and sewer systems. The WDNR notified the city that the water distribution system exceeded lead limits and the city is required to remove all lead service lines and lead-jointed water main pipe. The sanitary sewer mains in the project area are nearing the end of their useful life, have clay tile pipes that are broken, and have root intrusions. These issues if left unattended will cause increased I/I at the WWTP and increase the risk for customer back-ups. This project will include upgrades to the aeration and lining of the lagoons and pond, a new main WWTP, and a new main lift station facility.
Wisconsin	Direct Loan (Water and Waste)	Wheeler, Village of	Grant Funds	\$884,000	Northwestern Wisconsin	This Rural Development investment will be used to upgrade the village of Wheelers water system. Funding will help to rehabilitate the existing well to include automation, remote monitoring and backup power. Additionally, a new well will be constructed to provide a valuable redundancy to the water source.
Wisconsin	Direct Loan (Water and Waste)	Wheeler, Village of	Loan Funds - Direct	\$648,000	Northwestern Wisconsin	This Rural Development investment will be used to upgrade the village of Wheelers water system. Funding will help to rehabilitate the existing well to include automation, remote monitoring and backup power. Additionally, a new well will be constructed to provide a valuable redundancy to the water source.
Wisconsin	Direct Loan (Water and Waste)	Wheeler, Village of	Loan Funds - Direct	\$741,000	Northwestern Wisconsin	This Rural Development investment will be used to help the village of Wheeler upgrade the village's sanitary sewer system. The current lift station suffers frequent failures due to aging equipment and unreliable redundancy or back-up power, minimal flow control and no storage. This project will replace the outdated lift station with current technology and equipment, streamlining functionality and reducing the risk of failures. These improvements will optimize the treatment process, resulting in more effective removal of pollutants and ensuring compliance with regulatory standards.
Wisconsin	Direct Loan (Water and Waste)	Wheeler, Village of	Grant Funds	\$1,265,000	Northwestern Wisconsin	This Rural Development investment will be used to help the village of Wheeler upgrade the village's sanitary sewer system. The current lift station suffers frequent failures due to aging equipment and unreliable redundancy or back-up power, minimal flow control and no storage. This project will replace the outdated lift station with current technology and equipment, streamlining functionality and reducing the risk of failures. These improvements will optimize the treatment process, resulting in more effective removal of pollutants and ensuring compliance with regulatory standards.

Wisconsin	Direct Loans (Community Facilities)	BRICK MINISTRIES, INC. THE	Loan Funds - Direct	\$375,000	Northern Wisconsin	This Rural Development investment will be used to remodel and renovate the BRICK Ministries Inc. food distribution and warehouse facility and lobby area. The improvements will be done in order to rebuild in a more pandemic safe structure to better serve those who benefit from its services in a way that is more sustainable in a pandemic, and to be a more environmentally friendly and safe for continued social distancing and pandemic safe service. The renovation includes a reconfiguration of the floor plan for better flow and efficiencies and to bring the building up to code for a public building and meet Americans with Disabilities Act (ADA) requirements.
West Virginia and Virginia	Electric Infrastructure Loan and Loan Guarantee Program	Craig-Botetourt Electric Coop	Loan Funds	\$10,289,000	<b>Southern West Virginia</b>	This Rural Development investment will be used to connect 341 consumers, and build and improve 68 miles of line. This loan includes \$5,130,092 in smart grid technologies including 74.10 miles of backbone fiber. Craig-Botetourt Electric Coop is headquartered in New Castle, Virginia, and provides service to about 7,400 consumers and 1,311 miles of line in parts of six counties in western Virginia and one county in West Virginia.
Wisconsin	Emergency Health Care Grants (Community Facilities)	BRICK MINISTRIES, INC. THE	Grant Funds	\$154,500	Northern Wisconsin	This Rural Development investment will be used to renovate the current food distribution and warehouse facility and lobby area. The improvements will be done in order to rebuild in a more pandemic safe structure to better serve those who benefit from The BRICK Ministries Inc. services in a way that is more sustainable in a pandemic, and to be a more environmentally friendly and safe for continued social distancing and pandemic safe service. The renovation includes a reconfiguration of the floor plan for better flow and efficiencies, and to bring the building up to code for a public building and meet American Disabilities Act requirements.
Wisconsin	Emergency Health Care Grants (Community Facilities)	AUGUSTA AREA HOME, INC.	Grant Funds	\$346,151	Northwestern Wisconsin	This Rural Development investment will be used to recoup lost revenue in 2020 by Augusta Area Home Inc. As a direct result of the COVID-19 pandemic, the facility had to limit occupancy due to social distancing restrictions and incurred additional expenses due to purchasing personal protective equipment (PPE) and higher staffing costs. Funds will allow the facility to continue to operate efficiently while addressing continuing raised expenses associated with the COVID-19 pandemic.
Wisconsin	Emergency Health Care Grants (Community Facilities)	CENTRAL WI COMMUNITY ACTION COUNCIL, INC	Grant Funds	\$126,084	Adams County Visionary	This Rural Development investment will be used to expand the existing Adams Food Pantry space located in Friendship, Adams County. This Central Wisconsin Community Action Council project will include internal renovations to increase the floor space and storage capacity from 850 to 2,100 square feet in order to accommodate the expanding needs of the local area due to the COVID-19 pandemic.
Wisconsin	Fertilizer Product Expansion Program (FPEP)	BLACK'S VALLEY AG SUPPLY INC.	Grant Funds	\$4,919,743	Northwestern Wisconsin	This Rural Development investment will be used to help offset the costs associated with construction of a new dry fertilizer production and storage facility. Blacks Valley Ag Supply Inc. is an independent agriculture fertilizer production plant in Durand, Wisconsin. When the new facility is operational Blacks Valley expects to help increase fertilizer production by 33 percent per year.
Wisconsin	Food Supply Chain Guaranteed Loan Program	TOP TIER INGREDIENTS LLC	Loan Funds - Guaranteed	\$7,000,000	Adams County Visionary	This Rural Development investment will be used to help support Top Tier Ingredients to finance a new potato dehydration facility in Hancock, Wisconsin. The facility will produce potato flake and potato flour ingredients used for the baking and snack food industry. Once operational, the business will have the capacity to process 20-22 million pounds of flakes annually.
Wisconsin	Food Supply Chain Guaranteed Loan Program	TOP TIER INGREDIENTS LLC	Loan Funds - Guaranteed	\$7,000,000	Adams County Visionary	This Rural Development investment will be used to help support Top Tier Ingredients to finance a new potato dehydration facility in Hancock, Wisconsin. The facility will produce potato flake and potato flour ingredients used for the baking and snack food industry. Once operational, the business will have the capacity to process 20-22 million pounds of flakes annually.

Wisconsin	Food Supply Chain Guaranteed Loan Program	TOP TIER INGREDIENTS LLC	Loan Funds - Guaranteed	\$7,000,000	Adams County Visionary	This Rural Development investment will be used to help support Top Tier Ingredients to finance a new potato dehydration facility in Hancock, Wisconsin. The facility will produce potato flake and potato flour ingredients used for the baking and snack food industry. Once operational, the business will have the capacity to process 20-22 million pounds of flakes annually.
Wisconsin	Intermediary Relending Program (IRP)	WOODLAND FINANCIAL PARTNERS INC	Loan Funds - Direct	\$887,973	Greater Menominee	This Rural Development investment will be used to establish a revolving loan fund and provide technical assistance to small businesses within the eleven tribes throughout Wisconsin.
Wisconsin	Meat and Poultry Processing Expansion Program	LAUTSBAUGH PROPERTIES LLC	Grant Funds	\$1,599,925	Northwestern Wisconsin	This Rural Development investment will be used to offset the costs associated with expanding the Crescent Meat LLC facility in Cadott, Wisconsin. The 19,400 square foot expansion project will allow Crescent Meats to increase production, add skilled jobs, improve food safety, and streamline processes by adding additional office, dock and storage space. Crescent Meats processes cattle, hogs, lambs and non-amenable species to producers across the nation. They produce cuts of meat, ground meat, and value-added products including summer sausage, sticks, jerky, brats, hot dogs and patties. This expansion project will add an additional 35 jobs.

Wisconsin	Rural Business Development Grants (RBDG)	ASHLAND AREA DEV. CORP.	Grant Funds	\$88,000	Northern Wisconsin	This Rural Development investment will be used to complete needed repairs and upgrades to the business incubator serving Ashland County, Wisconsin. Upgrades will allow easier access for handicapped individuals and will ensure the long-term viability of the incubator. The project will serve 18 businesses and will help create 19 new jobs.
Wisconsin	Rural Business Development Grants (RBDG)	CHIPPEWA COUNTY ECONOMIC DEVELOPMENT COR	Grant Funds	\$54,800	Northwestern Wisconsin	This Rural Development investment will be used to provide technical assistance to small businesses in Chippewa County. Assistance involves rating feedstock and infrastructure to determine bio-economy development risks, issuing a risk rating, and marketing the area for biomass plant development based on the risk rating. This project will assist more than three area businesses.

Wisconsin	Rural Business Development Grants (RBDG)	BAD RIVER BAND OF LAKE SUPERIOR CHIPPEWA	Grant Funds	\$99,443	Northern Wisconsin	This Rural Development investment will be used to provide technical assistance through business planning, networking, and other needed resources to Bad River Tribal members and other area businesses. The project will focus on the Tribes Sustainable Business Program and its emerging and established small-business owners. It will help at least three businesses and create six jobs.
Wisconsin	Rural Business Development Grants (RBDG)	WEST CENTRAL WISCONSIN REGIONAL PLANNING	Grant Funds	\$70,650	Northwestern Wisconsin	This Rural Development investment will be used to develop a regional outdoor recreation plan for the Northwestern Wisconsin Community Rural Partners Network. The area served includes an eight county region of Wisconsin.
Wisconsin	Rural Business Economic Grant	WOODLAND FINANCIAL PARTNERS INC	Grant Funds	\$53,235	Greater Menominee	This Rural Development investment will be used to provide technical assistance to all eleven Native American tribes in Wisconsin. The applicant will help rebuild Tribal economies by educating and assistance to struggling businesses through the Native Entrepreneurs Clean Energy Strategies. Assistance will target those businesses who strive to pivot operations toward clean energy products, accounting practices and efficient management principles.
Wisconsin	Rural Decentralized Water Systems Grant	Newcap, Inc.	Grant Funds	\$323,263	<b>Greater Menominee</b>	This Rural Development investment will be used to enable the grantee to establish a revolving loan program for homeowners in Florence, <b>Forest</b> , Langlade, Marinette, <b>Menominee</b> , Oconto, Oneida, Shawano, and Vilas Counties in Wisconsin, including six tribal nations.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WEDGES CREEK LLC	Grant Funds	\$11,140	Northwestern Wisconsin	This Rural Development investment will be used to help Wedges Creek LLC install a 18 kilowatt (kW) solar electric system. Wedges Creek LLC is a campground in Greenwood, Wisconsin. The new system is expected to save the company \$1,723 in electrical costs per year. It will replace 25,343 kilowatt hours (kWh) (70 percent of the companys energy use) per year, which is enough energy to power two homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HERDER'S FARM LLC	Grant Funds	\$10,533	Adams County Visionary	This Rural Development investment will be used to help Herders Farm LLC, a cattle and fish production farm, install a 23-kilowatt (kW) solar PV array. This project is expected to save \$5,277 per year. It will replace 23,607 kilowatt hours (kWh) (100 per of their energy use) per year, which is enough to power two homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NICOLET HARDWOODS CORPORATION	Grant Funds	\$278,956	Forest County	This Rural Development investment will be used to help Nicolet Hardwoods Corporation install a high efficiency wood boiler which uses wood waste as fuel. Nicolet Hardwoods Corporation is a timber products producer in Laona, Wisconsin. This project is expected to save \$265,502 per year and will generate the equivalent of 23,611,395 kilowatt hours (kWh) per year, which is enough to power 2,178 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	GRESHIK FARMS LLC	Grant Funds	\$13,899	Northwestern Wisconsin	This Rural Development investment will be used to install a 30.7 kilowatt (kW) ground mount solar photovoltaic array. Greshik Farms LLC is a corn farming operation in Cochrane, Wisconsin. This project is expected to save \$4,459 per year. It will replace 38,653 kilowatt hours (kWh) (119 percent of the farms energy use) per year, which is enough energy to power three homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SIPPL, JOHN	Grant Funds	\$6,000	Northwestern Wisconsin	This Rural Development investment will be used to help John Sippl, a cattle farming operation in Menomonie, Wisconsin, install a 9.6-kW(kilowatt) ground mount solar PV array. This project is expected to save \$927 year. It will replace 7,730 kilowatt hours (kWh), which is 100 percent of the companys energy use, per year.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DUELLY'S AUTO SALES LLC	Grant Funds	\$22,024	Northwestern Wisconsin	This Rural Development investment will be used to install a small solar electric array.Duellys Auto Sales LLCis a rural small business in Fountain City, Wisconsin. This project is expected to save \$3,378 per year. It will replace 34,539 kilowatt-hours (kWh) (100 percent of the businesss energy use) per year, which is enough energy to power three homes.

Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	SCHMITT FAMILY INC	Grant Funds	\$152,975	Northwestern Wisconsin	This Rural Development investment will be used to install a grain drying system.Schmitt Family Inc. is an oilseed and grain farming operation in Fountain City, Wisconsin, This project is expected to save \$17,153 per year. It will replace 234,367 kilowatt hours (kWh) (34 percent of the companys energy use) per year, which is enough energy to power 21 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ZWIEFELHOFER, MICHAEL	Grant Funds	\$23,075	Northwestern Wisconsin	This Rural Development investment will be used to install a 32 kilowatt roof mount solar photovoltaic array. Michael Zwiefelhofer is a grain and livestock farmer.This project is expected to save \$3,818 year. It will replace 33,791 kilowatt hours (kWh) (100 percent of the farms electricity use) per year, which is enough electricity to power three homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	KAISER, PATRICK	Grant Funds	\$46,771	Northwestern Wisconsin	This Rural Development investment will be used to help Patrick Kaiser install a more energy efficient grain dryer. The farming operation is based in Loyal, Wisconsin and this project is expected to save \$968 per year. It will save 11,825 kilowatt hours (kWh) (40 percent of the farms energy use) per year, which is enough energy to power one home.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WILHELM, AARON	Grant Funds	\$9,841	Northwestern Wisconsin	This Rural Development investment will be used to help Aaron Wilhelm, a small business owner in Fall Creek, Wisconsin, install a roof mounted solar electric array. This project is expected to save \$1,387 per year and will replace 11,007 kilowatt hours (100 percent of the businesses energy use) per year.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WALL, STEVE	Grant Funds	\$124,635	Northwestern Wisconsin	This Rural Development investment will be used to help Steven Wall install a more energy efficient grain dryer. The farming operation is based in Bloomer, Wisconsin and this project is expected to save \$14,748 per year. It will save 284,133 kilowatt hours (kWh) (53 percent of the farms energy use) per year, which is enough energy to power 26 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NELSON, MICHAEL	Grant Funds	\$160,607	Northwestern Wisconsin	This Rural Development investment will be used to install a more energy efficient grain dryer. Michael Nelson has a farming operation based in New Auburn, Wisconsin. This project is expected to save \$16,257 per year. It will save 241,616 kilowatt hours (kWh) (42 percent of the farms energy use) per year, which is enough energy to power 22 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NIELSEN, JOSHUA H	Grant Funds	\$265,419	Northwestern Wisconsin	This Rural Development investment will be used to install a more energy efficient grain dryer.Joshua Nielsen has afarming operation based in Granton, Wisconsin. This project is expected to save \$17,220 per year. It will save 673,634 kilowatt hours (kWh) (47 percent of the farms energy use) per year, which is enough energy to power 60 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	CALLA VILLE DAIRY, LLC	Grant Funds	\$43,430	Northwestern Wisconsin	This Rural Development investment will be used to help Calla Ville Dairy LLC install a small solar electric array. This farming operation is based in Augusta, Wisconsin and the project is expected to save \$7,338 per year. It will replace 63,265 kilowatt hours (kWh) (42 percent of the farms energy use) per year, which is enough to power five homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ABBYFORD LLC	Grant Funds	\$21,362	Northwestern Wisconsin	This Rural Development investment will be used to help Abbyford LLC purchase and install a more energy-efficient heating system. Abbyford LLC is a car dealership in Abbotsford, Wisconsin. The new system is expected to save the company \$1,901 per year in energy costs.

Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RELLA'S WAY CENTURY FARM LP	Grant Funds	\$97,500	Northwestern Wisconsin	This Rural Development investment will be used to help Rellas Way Century Farm LP install an energy efficient grain dryer in Granton, Wisconsin. This project is expected to save the farm nearly \$7,500 per year in electrical costs and replace nearly 515,400 kilowatt hours (kWh) per year, which is enough energy to power 49 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	PRESTIGE RURALWIDE LLC	Grant Funds	\$28,042	Northwestern Wisconsin	This Rural Development investment will be used to install a small solar electric array for a machine shop, Prestige Ruralwide LLC in Fountain City. This project is expected to save the business \$230 per year in electrical costs.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LAMBERT, ROBERT	Grant Funds	\$34,160	Northwestern Wisconsin	Detailed Project Description Not Available
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	LOOS, RICHARD S	Grant Funds	\$17,801	Northwestern Wisconsin	This Rural Development investment will be used to help farmer Richard Loos install a small solar electric array in Loyal, Wisconsin. This project is expected to save the farm \$722 in electrical costs per year. It will replace 23,036 kilowatt hours (kWh) (100 percent of the companys energy use) per year, which is enough energy to power two homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RED PINE FARMS	Grant Funds	\$112,618	Northwestern Wisconsin	This Rural Development investment will be used to help Red Pine Farms, a corn and soybean farming operation in Menomonie, Wisconsin, install a more energy-efficient grain dryer. This project is expected to save \$15,562 per year.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	PETERSON, KORY DBA WEST CREEK EVENT CENT	Grant Funds	\$15,656	Northwestern Wisconsin	Detailed Project Description Not Available
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BERGER, VICKI	Grant Funds	\$14,716	Northwestern Wisconsin	This Rural Development investment will be used to help Vicki Berger install a small solar electric array. This rural small business operates in Strum, Wisconsin and the project is expected to save the company \$1,426 per year in electrical costs. It will replace 24,646 kilowatt hours (kWh) (100 percent of the businessss energy use) per year, which is enough energy to power two homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BLAHA FARMS LLC	Grant Funds	\$105,000	Northwestern Wisconsin	This Rural Development investment will be used to help grain operation Blaha Farms LLC install a new grain drying system in New Auburn. This project is expected to save the farm \$18,000 in electrical costs per year and replace 268,000 kilowatt hours (kWh) (40 percent of the farms energy use for grain drying) per year, which is enough energy to power 24 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ASSOCIATED MILK PRODUCERS, INC	Grant Funds	\$500,000	Northwestern Wisconsin	This Rural Development investment will be used to help Associated Milk Producers Inc. install more efficient steam boilers. This rural small business operates in Jim Falls, Wisconsin and the project is expected to save \$146,508 per year. It will save 9,052,798 kilowatt-hours (kWh) (Nine percent of the businessss energy use) per year, which is enough energy to power 835 homes.

Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	PETERSON, KORY DBA WEST CREEK EVENT CENT	Grant Funds	\$17,131	Northwestern Wisconsin	This Rural Development investment will be used to help Kory Peterson, dba West Creek Event Center, install a solar electric array. The rural small business operates in Eau Claire, Wisconsin and this project is expected to save \$1,116 per year. It will replace 9,300 kilowatt hours (kWh) (100 percent of the business energy use) per year, which is enough to power one home.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HESTEKIN, DEAN	Grant Funds	\$17,393	Northwestern Wisconsin	Detailed Project Description Not Available
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	EAU CLAIRE SAWYER & LUMBER COMPANY	Grant Funds	\$57,129	Northwestern Wisconsin	This Rural Development investment will be used to help Eau Claire Sawyer & Lumber Company purchase and install a small solar electric array in Eau Claire, Wisconsin. This project is expected to save the business \$2,400 per year in electrical costs.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HILGER FARMS INC	Grant Funds	\$181,527	Northwestern Wisconsin	This Rural Development investment will be used to help Hilger Farms Inc. install a more energy efficient grain dryer. The farming operation is based in Bloomer, Wisconsin and this project is expected to save \$8,987 per year. It will save 143,469 kilowatt hours (kWh) (50 percent of the farms energy use) per year, which is enough energy to power 13 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ANTILLA, DEAN	Grant Funds	\$9,059	Northwestern Wisconsin	Detailed Project Description Not Available
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	WISCONSIN TRUSS INC	Grant Funds	\$132,770	Northwestern Wisconsin	This Rural Development investment will be used to help Wisconsin Truss Inc. install a solar electric array. This rural small business operates in Cornell, Wisconsin and the project is expected to save \$14,328 per year. It will replace 179,556 kilowatt-hours (kWh) (100 percent of the business energy use) per year, which is enough energy to power 16 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	DUNN ENERGY COOP	Grant Funds	\$7,225	Northwestern Wisconsin	This Rural Development investment will be used to help electric service provider Dunn Energy Cooperative purchase and install energy-efficient LED lights to replace existing fluorescent lights in Menomonie, Wisconsin. This project is expected to save the cooperative \$1,600 per year.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BADGER HOLSTEINS OF UNITY LLC	Grant Funds	\$1,000,000	Northwestern Wisconsin	This Rural Development investment will be used to help Badger Holsteins of Unity LLC install a solar electric array in Unity. This project is expected to save the business \$177,600 in electrical costs per year and replace 2.4 million kilowatt hours (70 percent of the business energy use) per year, which is enough energy to power 216 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BAUER, DAVID E	Grant Funds	\$46,937	Northwestern Wisconsin	This Rural Development investment will be used to help David Bauer install a small solar electric array. This farming operation is based in Durand, Wisconsin and the project is expected to save \$5,669 per year. It will replace 46,528 kilowatt hours (kWh) (100 percent of the farms energy use) per year, which is enough energy to power four homes.

Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BISCHEL, JARROD	Grant Funds	\$24,481	Northwestern Wisconsin	This Rural Development investment will be used to help Jarrod Bischel, an agricultural producer in Bloomer, Wisconsin, install a small solar electric array. This project is expected to save \$2,438 per year. It will replace 23,441 kilowatt hours (kWh) (100 percent of the companys energy use) per year, which is enough energy to power two homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NORTHWOODS DENTISTRY SC	Grant Funds	\$28,101	Northern Wisconsin	This Rural Development investment will be used to help Northwoods Dentistry install a solar electric array in Phillips, Wisconsin. This project is expected to save the business more than \$5,000 per year in electrical costs and replace 35,000 kilowatt hours (kWh) (87 percent of the business energy use) per year, which is enough to power three homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	BLACK'S VALLEY AG SUPPLY INC.	Grant Funds	\$51,855	Northwestern Wisconsin	Detailed Project Description Not Available
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HANSON, PETER	Grant Funds	\$339,701	Northwestern Wisconsin	This Rural Development investment will be used to help farmer Peter Hanson install an energy efficient grain dryer in Bloomer, Wisconsin. This project is expected to save the farm \$13,000 in electrical costs per year and save 196,222 kilowatt hours (kWh) (48 percent of the farms energy use) per year, which is enough energy to power 18 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	MISTY SPRINGS FARMS LLC	Grant Funds	\$67,412	Northwestern Wisconsin	This Rural Development investment will be used to help Misty Springs Farms LLC, an agricultural producer in Independence, Wisconsin, install a solar electric system. This project is expected to save \$6,351 per year. It will replace 52,928 kilowatt hours (kWh) (11 percent of the companys energy use) per year, which is enough energy to power five homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	POESCHEL HIDDEN VALLEY LLC	Grant Funds	\$97,350	Northwestern Wisconsin	This Rural Development investment will be used to help Poeschel Hidden Valley LLC purchase and install a more energy-efficient grain dryer. Poeschel Hidden Valley LLC is an agricultural producer in Durand, Wisconsin. The new system is expected to save the company \$5,422 per year in electrical costs.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ACCENT FINISHING, LLC	Grant Funds	\$41,727	Northwestern Wisconsin	This Rural Development investment will be used to help Accent Finishing LLC, a painting operation in Eau Claire, Wisconsin, install a small solar electric array. This project is expected to save \$6,445 per year. It will replace 53,706 kilowatt hours (kWh) (97 percent of the companys energy use) per year, which is enough energy to power five homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ROTERING RIDGE FARMS LLC	Grant Funds	\$55,374	Northwestern Wisconsin	This Rural Development investment will be used to help dairy cattle and grain farm Rotering Ridge Farms LLC install a new grain drying system in Arcadia, Wisconsin. This project is expected to save the farm \$6,800 in electrical costs per year and replace 83,500 kilowatt hours (60 percent of the farms energy use for grain drying) per year, which is enough energy to power seven homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	VERITY FARM, LLC	Grant Funds	\$12,989	Northwestern Wisconsin	Detailed Project Description Not Available

Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	ANIBAS, DONALD	Grant Funds	\$142,350	Northwestern Wisconsin	This Rural Development investment will be used to help Donald Anibas, an ag producer in Arkansaw, Wisconsin, install a roof mount solar electric array. This project is expected to save \$11,686 per year. It will replace 146,080 kilowatt hours (kWh) (100 percent of the companys energy use) per year, which is enough energy to power 13 homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	FANETTI FARMS LLC	Grant Funds	\$60,525	Northwestern Wisconsin	This Rural Development investment will be used to help dairy and grain farm Fanetti Farms LLC install a grain drying system in Bloomer, Wisconsin. This project is expected to save the farm \$5,900 in electrical costs per year and replace 85,900 kilowatt hours (kWh) (46 percent of the companys energy use) per year, which is enough energy to power seven homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	HOME AGAIN ADULT FAMILY HOME INC	Grant Funds	\$15,310	Northwestern Wisconsin	This Rural Development investment will be used to help adult care facility Home Again Adult Family Home Inc. install a roof mount solar electric array in New Auburn, Wisconsin. This project is expected to save the business \$1,419 in electrical costs per year and replace 12,667 kilowatt hours (kWh) (40 percent of the companys energy use) per year, which is enough energy to power one home.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	RUNDQUIST, JAMES R	Grant Funds	\$53,860	Northwestern Wisconsin	This Rural Development investment will be used to help cattle farmer James Rundquist install a 41 kilowatt (kW) roof mount solar array in Stockholm, Wisconsin. This project is expected to save the farm \$4,481 in electrical costs per year. It will replace 56,258 kilowatt hours (kWh) (114 percent of the companys energy use) per year, which is enough energy to power five homes.
Wisconsin	Rural Energy for America Program Renewable Energy Systems and Energy Efficiency Improvement Loans and Grants	NORBY, ALAN	Grant Funds	\$28,911	Northwestern Wisconsin	This Rural Development investment will be used to install a small solar electric array for agricultural producer Alan Norby in Mondovi, Wisconsin. This project is expected to save the producer \$2,700 in energy costs per year and replace 31,000 kilowatt hours (kWh) of electricity (100 percent of the producers energy use) per year, which is enough energy to power two homes.

Wisconsin	Tribal College Grants (Community Facilities)	MENOMINEE NATION, COLLEGE OF	Grant Funds	\$344,895	Greater Menominee	This Rural Development investment will be used to make facility improvements and Fleet Enhancements at the College of Menominee Nation Keshena campus. Improvements to Glenn Miller Hall include a structural inspection and any repairs needed for safety and aesthetics, and installation of new flooring to also address safety concerns. The College Fleet of vehicles supports maintenance, staff, faculty, and student transportation and work needs. The college plans to add two work trucks with attachments that can be used for plowing and other maintenance, and a 7-passenger vehicle to transport staff, students, and faculty to places within and outside Menominee College campus to provide programming that the college delivers in nearby areas within Menominee County.
Wisconsin	Tribal College Grants (Community Facilities)	MENOMINEE NATION, COLLEGE OF	Grant Funds	\$352,000	Greater Menominee	This Rural Development investment will be used to improve the atrium area and restrooms for College of the Menominee Nation. Improvements to the atrium entrance will include new designs to the doorway entrance, flooring, and lighting. This will enhance the safety and security of the students, employees, and visitors to the campus. The restrooms have not been updated since this building was built, which was over thirty years ago. The restroom upgrade will include replacement of the stalls, toilets, and vanities as these are an essential part of the building to be used by students and faculty.
Wisconsin	Tribal College Grants (Community Facilities)	MENOMINEE NATION, COLLEGE OF	Grant Funds	\$278,216	Greater Menominee	This Rural Development investment will be used to purchase a UTV, signage, classroom and office furniture through the College of Menominee Nation. A UTV will allow staff better navigation of the campus areas that a regular vehicle cannot access. The signage, which will be placed on exterior buildings, will help guide students, staff and guests to the appropriate buildings. The original signs were made of wood and have been difficult to maintain. The signs will be replaced with a sustainable material that will be easier to maintain, have a longer lifespan while creating an aesthetically pleasing visual aid. Classroom and office furniture will be updated to suit the needs of the modernized classroom and office renovations.
Wisconsin	Value Added Producer Grants (VAPG)	SCHULTZ, HALY	Grant Funds	\$49,999	Northwestern Wisconsin	This Rural Development investment will be used to provide working capital to Haly Schultz, an independent rancher in Neillsville, Wisconsin. The project aims to process cattle into packaged meat as well as market and distribute the final product. The customer base is estimated to increase by 145 customers, resulting in a revenue increase of approximately \$26,000.
